To the people of Forest City—A desire to call attention to the fact that next Sunday, May 6, the eminent evangelist, Mrs. Grace Weiser Davis, will begin a series of special meetings, to be held every evening for several weeks in the Methodist church. We have not asked other churches to unite in this movement, because there is no church large enough to accommodate two or three congregations at one time; yet since it is very likely that all cannot attend the same evening, at the same time we desire to extend a very cordial invitation to the pastors and people of the other churches to come in to these meetings. We invite Baptists, Presbyterians, Congregationalists, Catholics and Episcopalians, and those of no church at all. We want all to feel at home and we trust our town will be greatly benefited and the cause of religion advanced by reason of these revival efforts. We ask the prayers and sympathy of all praying people and urge you to come and bring your friends. Sincerely, J. C. HOGAN, Pastor Methodist Church.

What Causes Pimples? Clogging of the pores or mouths of the sebaceous glands with scales or oily matter. The plug of sebum in the center of the pimple is called a blackhead, gray, or comedo. Nature will not allow the clogging of the pores to continue long, hence, inflammation, pain, swelling and redness, later pus or matter forms, breaks or it opens, the plug comes out and the pore is once more free. There are thousands of these pores in the face alone, any one of which is liable to become clogged by neglect or disease.

What Cures Pimples? The only reliable preventive and cure, when not due to a constitutional humor, is CUTICURA SOAP. It contains a mild proportion of CUTICURA, the great Skin Cure, which enables it to dissolve the sebaceous or oily matter as it forms at the mouth of the pore. It stimulates the sluggish glands and takes to healthy activity, removes inflammation, soothes and heals irritated and roughened surfaces and restores the skin to its original purity. This is the secret of its wonderful success. For bad complexion, red, rough hands and shapeless nails, dry, thin and falling hair, scaly and irritated scalp and simple toilet beautifiers it is wonderful. It is purifying, softening and beautifying to a degree hitherto unknown among remedies for the skin and complexion. Sale greater than the combined sales of all other skin and complexion soaps. Sold throughout the world. PETER DUDS AND GREN. CO., Sole Proprietors, Boston.

HOOD'S Sarsaparilla CURES and have the rib taken out, claiming that I had bone disease, as much as four pieces of bone had been discharged from the same. Before giving myself up to the doctors I decided to give Hood's Sarsaparilla a trial, although I had but little faith that it would do me any good. I used it strictly according to directions, and before I had used three bottles I began to feel a change, and by the time I had used the fourth bottle the sore on my side had healed. It is now nearly three months since the eruption closed and I have not the least fear of it ever bothering me again. Hood's Sarsaparilla is certainly a gem among medicines. It has cured me and it will cure others. W. H. HOFFNER, Albira, Pa.

After Typhoid Fever A Running Abscess Discharges Pieces of Bone. Afflicted With Typhoid Fever, and an abscess formed on my right side above the fourth rib. The strange part about this was the fact that it did not open for six months after it appeared, although it pained me continually. After it broke it became a running sore and I was compelled to wear a bandage all the time. The doctors told me that the only way it could be cured was to have an operation performed and have the rib taken out, claiming that I had bone disease, as much as four pieces of bone had been discharged from the same. Before giving myself up to the doctors I decided to give Hood's Sarsaparilla a trial, although I had but little faith that it would do me any good.
