After the Grip Sick, Lifeless, Dull Healthy, Happy, Lively

This Decided Change Brought About by Taking Hood's Sarsaparilla.

"C. I. Hood & Co., Lowell, Mass.: 'Gentlemen—I wish to certify to the following facts: My little girl, Lilla May Guthrie, had a severe attack of the grip, and got somewhat better, but she did not seem to get right well. She lingered along from day to day, poor, weak and languid. We consulted a leading physician, and he said it was the drops of the grip still about her. We gave the medicine he ordered, but she seemed to get no benefit.

More and More Delicate. She could scarcely eat anything, and what little she did take seemed to do her no good. Her flesh was soft and not healthy, and she was stupid and dull with no ambition. We were very much concerned about her. No medicine seemed to have any effect until about two months ago, when I commenced to give her Hood's Sarsaparilla. She had not taken half a bottle before she began to eat heartily, and we could see a decided change in her. Today she is in the full enjoyment of

Perfect Health. Her flesh is solid, her appetite good and cheeks rosy, her sleep sound and refreshing, and her spirits high. She is full of life, and as mischievous as she can be. All this improvement was brought about by taking Hood's Sarsaparilla. My wife joins with me in recommending this medicine as the best in the world for building up the system."

"N. B. Be sure to get Hood's Sarsaparilla. Hood's Pills cure all liver ills, constipation, biliousness, jaundice, sick headache, indigestion.
