

GENERAL NEWS OF INDUSTRIES

L. Lowrie Bell, who has just received the second assistant postmaster generalship under Mr. Bissell, will, as soon as he is released, accept the position of general traffic manager of the Jersey Central railroad, at a salary exceeding \$5,000 a year.

The capacity of all the anthracite collieries has been estimated for the year 1894 at 232,747 tons per day of ten hours each. The output for 1893 was the largest in the history of the anthracite coal trade, being 48,039,567 long tons.

In the opinion of the Stockholder the traffic experiment which Cox Bros. & Co. are now making by running their own cars over the Lehigh Valley to tide water will be watched with keen interest by the trade generally.

The June circular prices for anthracite coal to the line and city trade, just issued by the Reading Coal and Iron company, shows an advance in the prices of hard white ash coal of 5 cents per ton for broken, egg and stove, while chestnut is 2 cents unchanged.

The Consolidated Steel and Wire company, of Allentown, formerly the Iowa Barbed Wire works, recently gave a large order for steel billets to the Bethlehem Iron company.

This is the sensible manner in which the Wilkes-Barre Times disposes of a silly rumor: "A report is current, though the origin is rather ambiguous, that a delegation from the striking soft coal miners is en route to Lehigh Valley with the object of inducing a sympathy strike among their anthracite brothers."

Now that the new Wilkes-Barre and Eastern railroad, or "Panther Creek route" as the newspapers persist in calling it, is open to passenger traffic, it may be no uninteresting note that by this road Wilkes-Barre is at the same distance from New York city as Scranton is by the Delaware, Lackawanna and Western.

MINOR INDUSTRIAL NOTES: The South Sugar Lumber colliery is expected to resume full time this week.

The Hollywood colliery of Calvin Parden & Co. is working full time, eleven hours per day.

The ordinance department of the Bethlehem Iron company will endeavor to use hard coal instead of the bituminous coal, the want of which is keeping the works in the lull.

The Harwood colliery is now working eleven hours. On Saturday 720 cars of coal were run through the breaker, which is considered the largest hoisting ever done in that region.

H. C. Davis has been appointed district freight agent of the Lehigh Valley road, in charge of all local and through freight business out of Rochester.

Conductor Miller, who runs on the Valley of the Harco Lake branch, recollects that on June 14, 1877, a frost fell which destroyed vegetation and fruit very extensively, particularly in the Lackawanna valley.

The coal and coke tonnage of the Pennsylvania railroad, eastern lines, for the year thus far has been 5,709,235 tons, compared with 4,973,734 tons in the corresponding period of 1893, a decrease of 3,221,498 tons, of which 3,570,625 tons were coal, a decrease of 1,881,935 tons, and 1,132,611 tons coke, a decrease of 1,135,543 tons.

Dyspepsia and Indigestion: In their worst forms are cured by the use of P. P. P. If you are debilitated and run down, or if you need a tonic to regain flesh and lost appetite, strength and vigor, take P. P. P. and you will be strong and healthy.

Some remarkable cures of deafness are recorded of Dr. Thomas' Electric Oil. Never fails to cure earaches.

FINANCIAL AND COMMERCIAL.

Stocks and Bonds: New York, June 5.—The opening of the stock market began with the decline of Sugar, which closed yesterday at 10 1/2, started off 1 1/2 per cent. higher. This was the keynote of the day, the Industrials jumping to the front while the railroad stocks were to occupy a subsidiary position throughout.

The following composite table shows the day's fluctuations in active stocks as supplied by the Wall Street Journal and other sources, 12 1/2 Wyoming avenue.

LETTERS FROM THE PEOPLE

Under this heading short letters of interest will be published when accompanied, for publication, by the writer's name. The Editor will not be held responsible for opinions here expressed.

CORRECTION AND EXPLANATION.

Editor of the Tribune: In your report of the meeting of the Pastors' Union, the following sentence occurs: "Among the features of the meeting was a paper read by Rev. James McCleod, D. D., pastor of the First Presbyterian church, in which druggists are most severely arraigned."

Instead of arraigning the druggists as a class, I did precisely the opposite. I defended them. It appears that in one or two instances druggists have carelessly and conspicuously expressed their determination to violate the law.

Let me say, in reply to the letter of Messrs. McCarrah & Thomas, that as far as I know, there is not the least disposition on the part of the Pastors' Union, or on the part of the friends of the Lord's day, to close the drug stores on Sunday.

Webster more before rushing into print. He even goes so far as to say there are no such definitions in Webster, and that Webster does not use such naughty words.

Allow me to assure Mr. Davy and the readers of the Tribune that the definitions of civil and religious liberty which I quoted from Webster and which were correctly printed in THE TRIBUNE of the 31st ult., were copied verbatim of literature from Webster's unabridged which I have, which was published in 1850, and which the publishers claim is a reprint of Webster's original. If Mr. Davy doubts this he can check Webster's unabridged which I have, which was published in 1850, and which the publishers claim is a reprint of Webster's original.
