GLINTS FROM THE DIAMOND.

Marr Phillips, late of the Troy club, will play at short field for Buffalo and perhaps captain the team. The Young Men's Christian Association Ball team defeated the Actives yesterday afternoon by the score of 30 to 11. Pitches Brown, Hazleton's young left handed phenom, has deserted the Baltimore team. He wants more salary. Jim Devlin, who has been holding out all season for more money, has finally attached his signature to a Troy contract. The Little Pointers Hard to Peel' defeated the Little Tycoons yesterday afternoon on the Penn. Avenue grounds, by a score of 7 to 6. Providence is a hard place for umpires. Gaffney got his skill crushed there Friday, and yesterday Tim was knocked unconscious by a foul hit. The Union Base Ball club of Danmore challenges any other club under the age of 16 years of age to a game of base ball. Chris Vickery, captain. The base ball committee of the University of Pennsylvania announces that a game has been arranged with Princeton, to be played in this city on June 12. Perry Warden, the old St. Louis player, now with Minneapolis, will likely be expelled from the Western league. Some days ago he assaulted the official scorer at Grand Rapids. Dwyer, right fielder of the Hazleton club, while running from second to third base, slid and ruptured a blood vessel in the knee cap. He will be unable to play for two weeks. In the same game Catcher Moore sprained an ankle. The game between the St. Thomas college and High School clubs, which was to have been played yesterday afternoon, had to be postponed until this afternoon on account of the inability of the High School club to be on the grounds at the appointed time. William Zecher, the old pail player, was to have managed the new club at Lancaster, and he will now organize a semi-professional team, which will be backed by prominent business men. Lancaster is now in line for a State league franchise and will be awarded one if a vacancy occurs—Allentown Chronicle. Scranton is trying hard for the tail end of the State league and is successful by being a point removed up to date. Wilkes-Barre Leader. The editors of the Leader should take a month or two of and

VERY FAST LIVING

Busy People Who Are Killing Themselves by Inches.

DR. EDSON'S WARNING

It is Slow Suicide—He Explains Why So Many People Break Down in the Prime of Life Through Fast Living. There is Only One Way to Escape the Consequences.

Thousands of people are guilty of fast living, but do not know it. They are shortening their lives by laying up a train of ills for the future without being aware of the evils they are bringing upon themselves. They are in the midst of grave dangers, unconscious and unwarned!

This may seem incredible, but it is nevertheless a fact. It is a strong assertion, but it is supported by no less an authority than Dr. Cyrus Edson, of the New York Board of Health, and one of the leading physicians of America.

In a recent news paper article, which has created a widespread sensation, Dr. Edson sounds a timely note of warning, which he supports by the following: "Few understand the high pressure of life in New York City. They do not even realize that they themselves are living too fast; that they are daily treating themselves to abnormal excesses in the way of intellectual effort and intellectual pleasures, which damage and destroy mind and body. If the average New Yorker is asked why he never sleeps until he is exhausted, he makes it a necessity, why he drinks stimulants in the morning to drive away the pains in his head and to beget an appetite for breakfast, why he boils down his lunch as if he were filling his traveling bag in a hurry to catch a train, why he drinks stimulants again at night to drive away nervousness and recurring thoughts of his day's work, which pass before his mind with agonizing realism, he will reply in effect: 'It is the spirit of the age. I am going no faster than my competitors. I must do it in order to be in the race.' It is not one thing alone, however, it is not the simple fact of eating on a fast, but the quality which constitutes what I term fast living. But all of our surroundings, our pleasures and pastimes partake of the same high pitch.

"What is the outcome? To supply his rapidly exhausted system the hard-working New Yorker is compelled to consume large quantities of rich food, and to stimulate himself with alcoholic beverages. He starts upon his career with a robust digestion, not easily deranged, and his career ends in premature death, which too often owes its origin to the flagrant abuse of that digestion. The constant presence in the stomach of undigested food is an irritant. The food ferments and putrefies, and the products of its decay in the stomach act as it does outside of the stomach, in poisonous poisons, which increase the irritation in the gastric membranes and are also absorbed to an extent by the system, giving rise to well-marked symptoms of ptomaine poisoning. The excitement of work increases this irritation, and the whole system suffers for want of nourishment. The undigested food lies in it, a fermenting, poisonous mass, sending its deadly excretions into every part of the body, until there is a physical breakdown. Nature does not neglect her warnings, for people who suffer from indigestion are always complaining of headaches, furred tongue, constipation, gaseous belching, burning at the pit of the stomach or other distressing symptoms of dyspepsia.

Cure the indigestion, prevent its distressing effects, and you gain the key to permanent health and strength. Remedies for dyspepsia by the hundred have been introduced from time to time, but few of them are of any value. It is a fact, however, that the use of Paskola is based on this great natural law, and in this lies the secret of its wonderful success in overcoming the defects of digestion. Paskola is a food, not a drug. It is pleasant to the taste and agreeable to the most sensitive stomach. Instead of nauseating, it is taken with constant relief. But what makes Paskola such a wonderful 'appetizer' is the fact that it aids the stomach to digest all other food. As soon as it is swallowed it is absorbed into the system, and thus leaves the stomach perfectly empty. It enters at once into the worn out tissue of the body, weak from lack of nourishment, and produces a re-vitalizing effect possible by no other means. The reason so many dyspeptics have no appetite is that their stomachs are constantly full of imperfectly digested food, which causes bloating, belching gas and constipation. Paskola puts an end to all this and speedily restores healthy action. It brings back the healthy appetite and will make even a constipated healthy and strong.

If you are suffering from the effects of rapid city life, are worn out, dyspeptic, emaciated, try Paskola and regain your lost health. If you are dragging out a miserable existence, simply because your body is poorly nourished, if strength and energy have alike departed, try Paskola and get well. Paskola is kept by every reputable druggist, and a pamphlet fully describing its wonderful effect will be sent on application to the Pre-Digested Food Company, 39 Reade St., New York.

GOSSIP FOR CYCLERS.

Zimmerman is taking good care of himself on the other side of the water, and in track work easily holds Wheeler and the other American riders.

The Metropolitan and New Jersey Association of Cycling clubs have decided to offer a banner in addition to the regular cup for the Pennsylvania club, which has the most number of riders to compete the century run to Asbury Park on June 23.

The Lancaster Wheelmen's association has decided to hold a tournament in the latter part of August or early in September. Efforts will be made to secure a state championship race, and a Lancaster county championship race will also be run. The contest shall be open to all amateur wheelmen of the state.

The events of the thirteenth annual race meet of the Kings County wheelmen to be held on June 30, 1894, at the Parkway Driving club and on the track, Ocean Boulevard and Kings Highway, Brooklyn, are as follows: Class A, 1-mile novice, 1-mile scratch, 3-mile team race, 2-mile handicap, class B, 1-mile handicap, 2-mile handicap, 1-mile scratch. Events will start June 23 with N. S. Blakeman, No. 1235 Bedford avenue, Brooklyn.

Some weeks ago a paper was circulated for the signatures of the wheelmen of Kings County irrespective of the various organizations, being to form a new club for the purpose of holding races and improving the condition of the wheelmen of Kings County. During the two weeks that these papers have been in circulation nearly three hundred men have signed them and a meeting of these signers has been called for Friday evening in Bennett Hall. The meeting will be opened at 7:30 o'clock and the matter thoroughly discussed, good speakers and enthusiastic wheelmen having taken the matter in hand. Every phase of the subject will be thoroughly talked over, and wheelmen whether signers of the papers or not are invited to attend this meeting—Binghamton Republican.

GENERAL SPORTING NEWS.

George La Blanche and Billy McMillan are to meet in private soon for \$50 a side. The match will be held near Chicago.

There will be a handicap game of all-day ball at O'Malley's alley, Providence, at 10 a. m. Saturday, between John Jennings and John Paris, for \$50 a side.

No arrangements have yet been made by the Yale management for a race between the winners of the Yale-Harvard and the Cornell-Pennsylvania eight-oared boat race.

Walter Edgerton, the "Kentucky Roadster," and his trainer, Jimmy McAlife, are at the Yale management for the light weight George Dixon, which takes place in Boston, June 23.

The Triton senior eight-oared shell crew, which defeated the University of Pennsylvania crew on the Passaic river on Decoration Day, has been training for the Schuylkill Navy regatta at Philadelphia on July 4.

Monoval, the horse which was bought by W. L. McDonough, of San Francisco, in Chicago, a little over a year ago and sold only a week ago to Jim Neale for \$100, died Tuesday night from acute inflammation of the bowels.

The Yale News announces that the foot ball squad will practice at Travers Island from Sept. 2 to 11. The players that will be Butterworth, Thorne, Armstrong, Stillman, Ade, Morris, Finck, Jerrems, Lew, Dewitt and Drummond.

R. W. Byett, of Australia, has invented a "sport" end of the table, in which are conducted all balls that fall into the pockets.

There will be no fight in the Florida Athletic club between Peter Jackson and Jim Corbett, although the latter agreed to fight for the \$25,000 purse the Florida Athletic club has offered. Jackson in reply to the offer of the Florida Athletic club says: "Corbett may accept the offer of the Florida Athletic club, but I shall not agree to fight any place in the south, no matter what inducements are offered, and Corbett is well aware of this fact. If Corbett is earnest for the contest to take place, why does he not fight for the \$25,000 purse and the \$10,000 purse the National Sporting club has offered? The Florida Athletic club should be inducement enough for him to fight for in England." In reply to Corbett's offer to fight Jackson in Florida, Charles E. Davis, Jackson's manager, writes that Jackson will not fight in Florida if they offer him \$25,000. He says: "Jackson and myself have notified the club, and Corbett is aware Jackson will only fight north of the Mason and Dixon line or in England. If Corbett was in earnest he would fight for the National club purse which Jackson is willing."

Criticizing a Young Lady. "She would be a pretty girl for but one thing." "What's that?" asked Charley. "George—her face is always covered with purple and red blotches." Charley—Oh, that's easily enough disposed of. Used to be the same way myself. And got rid of it in no time. George—What was it? Charley—Simply blood eruptions. Took a short course of P. P. I tell you, it's the best blood corrector. The government had rheumatism so bad that you could hear his holler clear across the country every time he moved. He tried it, and you know what the result was. He is now, if somebody would give Miss Daisy a pointer, she would thank them after wards. All the drug stores sell it.

Two Lives Saved. Mrs. Phoebe Thomas, of Junction City, Mo., was told by her doctors she had hope for her, but two bottles of Dr. King's New Discovery completely cured her and she says it saved her life. Mr. Thos. Eggers, 139 Florida St., San Francisco, suffering from rheumatism, approaching consumption, tried without result everything else, then bought one bottle of Dr. King's New Discovery and in two weeks was cured. He is naturally thin and it is such results that give it its reputation. The wonderful efficacy of this medicine in Coughs and Colds. Free trial bottles at Matthews Bros. Drug store.
