TAYLOR.

Children's Day exercises will be held at the Calvary Baptist church tomorrow. "Confederate Spy" will be again given on next Thursday and Friday nights. Jettie Winslow and Mattie Court-right are home from Great Bend. The Presbyterian church people will hold an ice cream festival next Wednesday night. James Thomas and Fred Koehler, both of the Pyne, are minus several valuable chickens. Night hawks entered their henroost on Thursday night and took thirty. Mr. Thomas' hens and nine of Mr. Koehler's roosters. Joseph Davis, our popular druggist, was in Forest City yesterday and completed arrangements for opening a branch drug store in that town about July 1. W. G. Howells was in Philadelphia this week. John M. Harris was in Wilkes-Barre on Thursday night. Mrs. Nellie Ackerson, of West Pittston, called upon Mr. and Mrs. George Nantel yesterday. Dr. H. H. Harris will leave this month on a visit to Wales. Joby Ricoby, of Old Forge, accepts the challenge of Mr. Kaul and the challenge of James Wilson, for a game of eleven ball. Match can be arranged by calling at his hotel in the Sibley. The reception committee of the Pines Library association will meet next Tuesday night. The coming bazaar of the Willing Workers of the Methodist Episcopal church on next Wednesday and Thursday nights will be the event of the week. The Rev. W. P. Harmon, of Princeton, N. J., will preach tomorrow at 10:30 at the Presbyterian church. The Clerks' Ball club is anxious to meet a club composed of merchants, lawyers and professional men of this town at a game of base ball on any date they may choose.

OLYPHANT.

The Catholic Young Men's Total Abstinence and Benevolent society will run an excursion to Farview on July 7. Miss Nettie Knapp left Thursday for a few weeks' visit in York state. John Williamson, of Wilkes-Barre, was a visitor in town this week. The 27th annual commencement exercises of St. Patrick's Parochial academy will take place at the Keystone hall on July 2 and 3. Rev. J. R. Ellis will preach in the Holy Trinity church tomorrow morning at 10:30. Subject: "Did the Sun Stand Still?" In the evening at 7:30, "Christ's Greatest Parable." J. F. O'Malley, of Carbondale, called on friends here yesterday. Mrs. William Ried, who has been visiting at G. M. Hull's, returned to her home in Philadelphia yesterday. She was accompanied by Mrs. F. L. Van Sickle. Miss O'Malley returned home yesterday after a week's visit with friends in Brown Hollow. Mrs. Mary Shields, who has been ill for the past week, has recovered. The festival that was held in Mahon hall on Wednesday evening under the auspices of the Ladies' Aid society of the Presbyterian church, was a success, both financially and socially.

FATAL NEGLECT.

FATAL neglect is little short of suicide. The consequences of neglected cough are too well known to need repeating. Dr. Wood's Norway Pine Syrup cures a cough promptly. Sold by all dealers on a guarantee of satisfaction.

PITTSTON.

The mass meeting of citizens called for Thursday evening in Keystone hall to discuss the proposed borough improvements will go down into local history as a memorable event for the committee who had the affair in charge discovered at the opening of the meeting that a scheme to oust them had been carefully planned and successfully carried out as subsequent events proved. When 8 o'clock, the hour for convening had arrived, there were probably 150 persons in the hall. The committee, it would appear, thought best to defer calling the meeting to order until the seats were more fully occupied. By doing so they made their great mistake. At precisely ten minutes to 9 o'clock a delegation that filled the hall to overflowing entered. On the stroke of 9 and the failure of Mr. Harding to call the meeting to order, Professor Shiel stepped to the platform and rapped the meeting to order. His "insolence and intrusion," as Paul Bohan expressed it, in requesting him to step down and out caused a whirl of excitement to sweep over the hall because the audience recognized in a moment that the committee had been caught napping. No sooner had Mr. Shiel called the meeting to order than Squiro James Gibbons, who occupied a front seat, arose and said: "Gentlemen, move you that John Hart be chosen chairman of this meeting; are you ready for the question?" Chorus, "Question!" Shouts of "No! No!" "Hold on!" came thick and fast from those who had recovered from their astonishment. The "squire" with the wave of his hand, shouted, "The eyes have it and Mr. Hart will please take the chair." Mr. Hart, with the air and dignity of a Chesterfield, advanced to the platform, while restoratives were being applied to rouse the committee, who had gone into a state of total collapse. Mr. Hart, upon taking the chair, in a neat speech thanked his friends for the honor conferred. For secretary James Gibbons was elected and the chairman announced the purpose the meeting was called for. The quickness and strategy with which the business was done caused a deafening applause, and even the most grave, seeing the humorous phase of the situation, indulged in a hearty laugh. Paul Bohan arose and said he thought the proceedings were a trifle premature; that the meeting had been called by the chairman of the advisory committee, and it was certainly his privilege of calling the meeting to order. "However," he resumed, "the indiscreet act has been done and it is just as well to let it go at that. But the chairman having invited speakers for this occasion, I trust they will be given a hearing."

FOREST CITY.

Mrs. Richard Pollard was in Carbondale yesterday. The cantata, "Tiphtha and His Daughter," which was given in this place a short time ago so successfully by the United Methodist church, will be given here on Saturday night, June 10, for the benefit of the choir. Forest City is to have another drug store—a much needed want. The proprietor will be Joseph Davis, of Taylor, a druggist of many years experience, who will start a branch store with a full line of pure drugs, etc., in connection with his store in Taylor, in the Benjamin Marx building, in a short time. Mr. Davis was in town yesterday. Mrs. H. A. Purple made Carbondale a visit yesterday. Rev. J. G. Evans, of Vandling, will preach a sermon in English at the Welsh Congregational church in this place Sunday, June 10, at 10 o'clock. A cordial invitation to all is extended. Miss Charlotte Giles, of Carbondale, spent a short time in this place yesterday, returning to the Pioneer City on her bicycle. Eric Station Agent R. M. Shepherd also rode his "bike" to the same city, leaving Forest City about the same time as the first rider. Riley Howard, of North Picher, N. Y., who has been employed in E. L. Kent's store for some time past, returned to his home yesterday. The Loyal Temperance legion will meet at the Baptist church this afternoon (Saturday) at 3 p. m. All the members are requested to be present to make arrangements for the coming picnic at Hallsburg, June 21. No alcoholic drinks can be obtained at this picnic. A typographical error occurred in the Forest City items of THE TRIBUNE yesterday. The name Mrs. McCabe should have read Mrs. McCaba. Cards are out announcing the marriage of Jennie E. Adams, of Kingsley, to George S. Alexander, of Wilkes-Barre, to occur at the bride's home, June 20. Miss Adams is very popular and well known in this place, having been one of Forest City's best school teachers last year. The funeral of Mrs. Gibson will occur today (Saturday). Services will be conducted at the Methodist church at 11 o'clock. Interment will be in the Westgate burying ground near Uniondale.

ARCHBALD.

Rev. J. C. Rudolph, pastor of the Lutheran church, returned last evening from Hanover, Kan., where he had been for the past week. Master Harold Davis, who has been ill with scarlet fever, is slowly improving. The Ladies' Aid society of the Presbyterian church met at the home of Mrs. William Kloss yesterday afternoon. Mrs. N. M. Eitke, of Soranton, called on friends here yesterday. Miss Sarah O'Connor has charge of Professor Davis' classes during his absence from school. She is assisted by Miss Mary O'Boyle. The pupils of the central school building held their commencement exercises last evening. A program consisting of dialogues, recitations and songs was observed. The pupils creditably presented what was assigned to them. The exercises were very well attended and were conducted in an admirable manner. The drum staff of the hoisting engine at Jones, Simpson & Co.'s shaft on the ridge was broken yesterday afternoon while the carriage was being hoisted. It will be necessary to replace the broken machinery, and since this cannot be done before Tuesday or Wednesday of next week there may not be any work until the middle of next week. Tomorrow will be Children's Day at the Presbyterian church. Special services of interest to the children will be held. An entertainment will be presented by the children at 7:30 o'clock in the evening.

When Baby was sick, we gave her Castoria.

When she was a Child, she cried for Castoria. When she became a Girl, she clung to Castoria. When she had Children, she gave them Castoria.

DUNMORE.

A large audience was present at the Odd Fellows hall last night to witness the presentation of "Poor Fillicuddy," the rainbow play, and other equally pleasing accessories. The farce was well and laughably presented and the applause evidenced how much the listeners were pleased. The rainbow drill was one of the prettiest features and the evolutions were enacted by the young ladies with the utmost precision. The proceeds of the entertainment will be donated to St. Luke's Dunmore mission.

Mrs. James Gilmartin is visiting Woodville.

The Ladies' Aid society of the Presbyterian church are making extensive preparations for the comfort of their hundreds of friends who will accompany them on their excursion to Lake Ariel on June 21. No one would miss this opportunity of going to the prettiest resort in northeastern Pennsylvania with this popular organization, whose numerous social affairs are so pleasant that the name of the society is synonymous with success.

Those who read Longfellow's "Hiawatha" and "Evangeline" should not miss the opportunity of seeing the tableaux depicting scenes from these poems. They will be presented by the Young Ladies' Missionary society, assisted by their gentlemen friends on next Friday evening. Much time is being spent in the preparation of costumes and scenery and an elaborate preparation will be the result.

John Correll is erecting a handsome residence on lower Dudley street.

A number of popular young people have a lawn tennis court in course of construction on E. 5th street. A large club will probably be organized. N. R. Swingle is on the sick list. While eating claims a few days ago Mrs. William Jones bit into some hard substance which examination revealed to be a pearl of considerable size. The jewel was taken to an expert who said the value would exceed \$20 had it not been burned, but owing to discoloration it was only worth about \$25 and offered that price, but Mrs. Jones proposes to keep it. The Presbyterian church will not hold its children's day exercises until Sunday, June 10.

JERMYN.

Miss Edith Banfield, of Throop, is the guest of Miss Cora Davit. The funeral of John Antolik took place from the Methodist Episcopal church yesterday. Charles Ditmore and Nettie Lindsay surprised their friends early this week by sending a telegram from Hancock announcing their marriage. They are now at home receiving congratulations. Among those in Scranton yesterday were S. D. Davis, E. L. Barrett, C. L. Bell and S. C. Wittmore. It has been suggested that we observe the fourth by an old fashioned celebration, that the Hickory ball club play a challenge game on the 4th, that we have fireworks, fire works, fall on us as usual, etc. Will some of our patriotic citizens make a move? Part of the hose belonging to Crystal Fire company is in bad condition on account of age, having been in use nearly ten years. Should a fire break out we probably would be in poor shape to fight it at any great distance from a fire plug.

MINOOKA.

The Christian Endeavor meeting at No. 4 school tonight in Greenwood and Sunday tomorrow at 10 o'clock services at 11 o'clock. Mission services will be held in the afternoon. St. Joseph's Temperance society will hold their regular tomorrow afternoon at 7:30. For the last three or four days the people of this place have experienced much unpleasantness on account of the stoppage of the water on the main line. The axle works had to suspend operations yesterday afternoon, the pressure in the pipes being insufficient to keep the machinery moving. Miss Della Connolly and Miss Maggie Cotter, of Greenwood, are visiting Carbondale friends. The base ball club of Nos. 179 and 184, Young Men's institute, will play a game of ball this afternoon on the brick yard grounds at 2:30 p. m.

HONESDALE.

A meeting of the Honesdale cyclists was called to order in the Town hall at 8:30 Thursday night. The following temporary officers were elected: President, Paul W. Gardner; secretary, Samuel K. Katz; treasurer, J. T. Brady. After some discussion as to the future intentions of the club, the temporary ones and the officers permanent officers to serve for six months Julius was elected captain and Dr. C. R. Brady lieutenant captain. A committee on membership consisting of J. T. Brady, chairman; Perry La. Berry, Emmanuel Freeman, Robert Dain and Russell Van Kenren was appointed. The initiating fee for the next three weeks, ending June 28, was fixed at \$1. After that date \$3. The dues will be 25 cents per month. It was decided by Captain Moll to hold the first club race, Sunday, June 10th at 9 a. m. to Hawley and return. Cyclists are requested to meet in front of the City hall. In all probability the club will participate in the race meet at Scranton July 4th. The next regular meeting will be held Tuesday, June 12. A. R. Matchett, who disappeared with Miss Keeler Wednesday night, is the son of Alexander Matchett, paper box manufacturer of Pittsburg, Pa. Nothing has been heard of the missing couple since they left here. From the fact that they have with them a horse and buggy, longed to Murray & Hickey and for other reasons, it is believed that they could not have been to a railroad depot to take a train. In all probability they are yet in the country. S. W. Powell and wife started Friday for a drive to Orange county, New Jersey. The old store house corner Second and Sixth street, is a thing of the past.

CARBONDALE.

Mrs. Grant Nicholson left yesterday morning for a visit with her parents, Mr. and Mrs. George S. Chase, in Sidney, N. Y.

William J. Malo is remodeling his residence on Wyoming street and when finished will be numbered among the most handsome on the street.

Miss Cora Voyte, of Olyphant, will arrive in this city today and will be the guest of her sister, Mrs. Frank Orchard, of River street.

The Young Ladies' Cook club was entertained yesterday afternoon at the home of Mrs. Charles Birs, on North Church street.

Miss Eva Kays returned to her home in Scranton yesterday after enjoying a few days' visit with Carbondale friends.

An interesting programme of exercises was rendered yesterday afternoon by Miss Janet Bryden's pupils of school No. 1.

The remains of Sophia Fozel, daughter of Mr. and Mrs. John Fez-l, of Mayfield, were entered in St. Rose's cemetery in this place yesterday afternoon.

Mr. and Mrs. B. A. Kelly, of Birkett street, are mourning the death of their little son Eugene, aged 19 months. The funeral was held yesterday afternoon at 3 o'clock. Interment in St. Rose's cemetery.

Mrs. D. J. Robinson, of Dundaff, was a visitor in Carbondale yesterday.

The route of the proposed Carbondale and Forest City electric street railway has finally been decided upon. The new route which has been selected will not connect with the Carbondale Traction company's line at the heart of the city via Dundaff street to Farview street. Thence, from the corner of Forty-third street, from the corner of Forty-third and Farview streets the branches of the road will diverge, one going to Crystal lake by a route that is said to be beautiful in a scenic way and the most direct that could be found with grades that offer no obstacles. The Forest City branch of the road will leave Forty-third street to go through the woods for some distance and will make a direct line to Forest City, passing through the center of Richmondville, Vandling and Clintonville, the small towns between this city and Forest City. Mr. Dundaff, the executive engineer, says that Forest City can be reached from Forty-third street in sixteen minutes. The site selected for the power house is a place near the Racket Brook culm pile, which fuel will be used by the company. It is expected that both lines will be completed before next winter.

COVERED HEAD & NECK

Eczeema of Worst Type. School and Society Abandoned. Felt Death Would be Relief. Cutting Soon Put An End to all Sufferings.

Ever since I was three years old I have been troubled with Eczeema of the worst type. It at times completely covered my head and neck. I have tried all sorts of medicines, and have been doctored by many very eminent physicians, but with no favorable result. Sometimes my head was one mass of thick scabs that would run and bleed, and in summer would be so much worse; my ears looked as though they would fall off. I could not go to school or mingle with society, as the disease smelt so bad. I felt at times that death would be a relief, suffering and itching until I hardly knew what to do. I got your CUTICURA REMEDY the 20th of January last, and used them according to directions, and can now say that they soon put an end to all my suffering. Words can never tell my thanks to you and your valuable medicine, and I shall always recommend them to whoever I see suffering from the terrible disease. I had spent money and tried the best of doctors with little relief.

Miss HANNAH WARREN, 127 George Street, La Crosse, Wis.

WAS IN CONSTANT AGONY.

I have suffered from a severe attack of what is called Prurigo. The disease produced an intense burning and itching sensation that kept me in constant agony all the while, so that I got but little rest day or night. CUTICURA cured me entirely in a few weeks. I cheerfully recommend it for like troubles.

Scrofula

The Worst Case the Doctors Ever Saw. Hood's Sarsaparilla Perfectly Cured. "C. L. Hood & Co., Lowell, Mass.," "Dear Sirs:—I wish to testify to the great value of Hood's Sarsaparilla. For some time I had been troubled with scrofula, which had been winter assumed a very bad form. Sores appeared on My Face and limbs and gradually increased in number until they reached to my shoulder. The doctors said it was the worst case of scrofula they ever saw and also went so far as to say it was incurable. I tried ointments and other remedies but to no avail. A friend recommended Hood's Sarsaparilla, and although I was completely discouraged, as a last chance I resolved to give it a trial. After taking one bottle I noticed the sores had commenced to heal. After the sixth bottle they were all healed.
