**STOOD BY THE MAYOR**

His Action in Removing Police Officer Coslett Endorsed.

**ANOTHER POLE TAX ORDINANCE**

It Was Introduced by Mr. Roche Last Evening in Select Council and Provides That a Tax of Fifty Cents Be Levied on Each Pole and That They Be Painted a Dark Green Color. Other Business of Meeting.

Last night's meeting of select council was attended by President Chittenden and members Ross, Finn, Thomas, Williams, Roche, Durr, Wagner, Kellow, Clemens, Burns, Connell, Clark, Schenck, Manley, Fellows, Westphahl and Lauer.

As anticipated the matter of confirming Mayor Connell's dismissal of Policeman Coslett, one of ex-Mayor Fellows' appointees, brought out a division of the meeting and fight on the part of the Fellows faction before definite action was taken.

When Mayor Connell's letter, asking confirmation of his action in dismissing Officer Coslett, was read, Mr. Clemens moved that council concur in the matter. Mr. Lauer moved that the matter be referred to its proper committee, several other members being on their feet at the same time to make the motion.

**MAYER CONNELL CRITICIZED.**

Mr. Manley appeared excited and in a turbulent state of mind when his name was reached in the polling. He said, "Major Connell had been high-handed and had removed Officer Coslett for political reasons."

Exceptions were taken to Mr. Manley's remarks by Councilman Connell, who said: "Mr. Manley had assumed a kicker's attitude probably because some one he recommended to be appointed has been turned down."

Councilman Connell believed the council should concur in the mayor's action without hesitation.

Mr. Lauer remarked that Major Connell had not given a public reason for dismissal. "It is an injustice," he said, "to concur in the Mayor's action without a committee investigation, which would probably reveal that Coslett was removed for a cause that does not reflect upon his morals."

The motion to refer to committee was lost by a 14 to 4 vote, and the necessary two-thirds vote confirming Mayor Connell's action resulted in 12 yes and 6 nays, as follows:

Ayes—Ross, Finn, Thomas, Williams, Roche, Durr, Wagner, Kellow, Clemens, Burns, Connell, Chittenden.

Nays—Fellows, Schenck, Manley, Clark, Westphahl, Lauer.

**THE NEW OFFICERS.**

The appointments by Mayor Connell of Ezekiel Peters to the police force vice John Coslett, removed; Marvin Steinhack, permanent man for Franklin Engine company; John Kein, permanent man for Franklin Engine company, vice Captain John Davis, deceased, were received and adopted only after a repetition of the proceedings attending Officer Corlett's removal. Peters, the new appointee, is a resident of Price street in the Fourth Ward, and a minor by occupation.

He is 32 years of age, married, a Welshman, 5 feet 6 inches in height and weighs 180 pounds. He has always resided in Scranton and was born on the West Side.

The report of the sewers and drains committee recommended that contracts be let as follows for new sewers in the Tenth sewer district: The total cost as estimated by the city engineer will be over \$17,000; Mulberry street, 95 cents per foot; Webster avenue, \$1; Taylor avenue, \$1; Prescott avenue, \$1.80; Harrison avenue, \$1.49; Benzie alloy, \$1.39; Schultz alloy, \$1.19. All were awarded to John Ferguson, excepting Prescott avenue, which was awarded to Peter Stipp.

A petition of corner lot owners on Pine street praying that they be released from the proposed paving assessment was referred to committee along with the ordinance. Mr. Roche precipitated an acrual battle with resolution directing that the Linden street bridge ordinance be taken from committee and be placed on its passage. Mr. Lauer rose to a point of order, contending that all matters pertaining to the two bridges had been resolved from the previous meeting before the Tenth sewer district: The total cost as estimated by the city engineer will be over \$17,000; Mulberry street, 95 cents per foot; Webster avenue, \$1; Taylor avenue, \$1; Prescott avenue, \$1.80; Harrison avenue, \$1.49; Benzie alloy, \$1.39; Schultz alloy, \$1.19. All were awarded to John Ferguson, excepting Prescott avenue, which was awarded to Peter Stipp.

At the meeting Mr. Roche presented a resolution that all matters pertaining to the two bridges had been resolved from the previous meeting before the Tenth sewer district: The total cost as estimated by the city engineer will be over \$17,000; Mulberry street, 95 cents per foot; Webster avenue, \$1; Taylor avenue, \$1; Prescott avenue, \$1.80; Harrison avenue, \$1.49; Benzie alloy, \$1.39; Schultz alloy, \$1.19. All were awarded to John Ferguson, excepting Prescott avenue, which was awarded to Peter Stipp.

Peter Stipp, the new man, has been removed from the position of chief clerk in the office of the internal revenue collector, a position he has acceptably filled for seventeen years. Mr. Herring says the removal was made to decrease the working force in the office, but it is suspected that the reason is found in the constant clamor for his removal that was raised by "to-the-victors-belong-the-prize" Democrats.

Ferguson's word will, however, do. Ginter's work and Mr. Fausel's work will be divided among the clerks of the office.

**OVER ONE HUNDRED THOUSAND**

Population, New Directory Shows That Scranton Has.

Williams' Scranton City Directory for 1894, now being delivered to subscribers, contains 36,005 names, showing an increase over the 1893 book of 2,835 names. Multiply the 36,005 by three (which is considered a low figure) and you have as the present population of Scranton 108,015; this includes Belleville and Danmore. The first issue of this directory was made in 1887, and contained 20,070 names. The yearly increase of names from that time to the present shows a rapidity of growth for our city that every Scrantonian may well be proud of.

The publisher has this year issued the book in a more condensed form by having it printed in brevier type and double column, thus making it more convenient to those who so often have to refer to its pages. The street guide has also been revised, giving the names of streets and numbered national, state and city government, incorporated companies, clubs, secret and beneficial societies, churches, etc., have all received careful attention, and we have no hesitancy in saying that the best efforts of the publisher have been put forth in this work, regardless of labor and cost, to make it as near perfect as possible for a work of this kind. Office, 134 Wyoming avenue. J. E. WILLIAMS, Publisher.

**THE SHERIFF'S SEARCH.**

All of yesterday Sheriff Fabey, County Detective Shea, an Italian boy, who is acquainted with the murderer, and Edward Barrett, of Plitskin, secured the hills along the Mountain Valley road in quest of Medina.

During the night a capture had been made and many gave credence to the story.

Some of the party returned before

night and the report was nullified.

**WILL CLOSE ON SATURDAY.**

Season of Light Opera Will Then Come to an End.

"Olivette" was sung by the Mackay Kennedy Opera company at the Frothingham last night in a very artistic manner.

The "Mikado" will be sung tonight, Saturday matinee and night. The engagement closes with the performance Saturday night, consequently lovers of light opera should take advantage of these last three performances.

Olmese, Hugo Ritterbusch, Dr. Joseph Senner, Herman Ridder, Ernest Urch, Oswald Odenstorfer, Richard Weinacht, Howard Carroll, J. P. Windolph and John M. Starin.

**IMPORTANT TESTIMONY.**

John Harvey, who owns a stable close by the scene, went to feed his horses for supper. He heard the shots and on turning saw Medina running away and he held a smoking revolver in his hand. He saw the dead man in a few minutes and lie had left the body.

The man with whom the murderer was boarded next heard. He said that Medina always owned a pistol, but he did not know whether he carried it with him on Sunday. He heard the shots about 5 o'clock in the evening and saw the man who fired them run into the house of Joseph Salo.

The wife of Salo was next sworn and she denied that Medina was kept in hiding in her house. She saw him enter the front door and dash through the house toward the back door and start for the Sibley mountain. That was all she knew about the case.

Angelo Scarlo saw Medina come out of his boarding house and walk toward Salo's barber shop. They met Loro who said to Medina:

"Don't you want to pay for those three shaves?"

"Sunday me no pay anybody," was Medina's reply. Loro said, "you must give me them or I will make you."

At this Medina struck him and just after delivering the blow he whipped out his revolver and discharged five bullets into Loro's body without taking three minutes to do the deed. Medina then ran as fast as he could flee and witness did not see him afterward.

**WARNING FOR MEDALA.**

Mike Capulli saw Loro in a position that appeared as if he were begging for his life. He rushed out and caught Medina by the coat and was told if he did not go he would meet the same fate. Medina then ran toward Joseph Salo's house.

Wm. Hazelton said he saw the men together and heard them using very angry language. He could not understand what was said, as it was spoken in Italian, but without what seemed to him any provocation whatever, Medina struck Loro in the face and followed it up with fire the bullets of his revolver as fast as he could pull the trigger. Two or three men tried to grapple with Medina, but he assumed the attitude as if he would fire into the people around.

There were nearly a dozen other witnesses, but their testimony did not differ from that of the witness quoted above.

After the witness were all examined the jury retired and rendered a verdict that Emanuel Loro came to his death by bullet wounds from a pistol in the hands of Crimcoona Medina.

The sheriff has this year issued the book in a more condensed form by having it printed in brevier type and double column, thus making it more convenient to those who so often have to refer to its pages.
