

BASE BALL

The State League Plays Off Three Postponed Games in Lieu of Schedule.

ALLENTOWN DEFEATS HARRISBURG

Pitcher Meaney, for the First Time This Season, Twirled Losing Ball. Pottsville Lowers Hazleton's Average and Altoona Increases Reading's Standing of the Clubs—National and Eastern League Results—Notes of the Diamond—General Sports.

SEVERAL postponed games were played by the State League clubs yesterday. Harrisburg, with the much-talked-of Meaney in the pitcher's box, suffered defeat at the hands of King Kelly's Allentown brigade at Philadelphia. This is the pitcher's first defeat this season, but rank errors by the other members of the Harrisburg team were responsible for it. This victory assured Allentown the second place at the close of the first season Saturday night, unless the unforeseen happens today, when the club plays the Altoona team.

At Reading the home team defeated Altoona, and Hazleton was lowered a few points in the game with Pottsville at Pottsville.

The order of the clubs remains unchanged from that of yesterday.

The following table gives the percentages of the clubs, together with the number of games won and lost by each, and their standing in the championship race:

Club	Won	Lost	Per Cent.
Harrisburg	24	15	.614
Allentown	20	10	.667
Hazleton	17	13	.565
Scranton	16	13	.556
Reading	15	10	.600
Pottsville	14	10	.583
Altoona	13	10	.565
Easton	7	16	.308

SCHEDULE FOR TODAY.
Reading at Scranton.
Altoona at Allentown.
Pottsville at Hazleton.

ERRORS WERE RESPONSIBLE.

Fitcher Meaney, of Harrisburg, at Last Loses a Game.

PHILADELPHIA, July 5.—About 4,000 people today saw Harrisburg whipped for the first time with Meaney in the box. The left-handed twirler, however, was not responsible for the loss of the game. Rank errors by Hinson and Sales at the bat were the cause of the first inning gave Allentown three runs and a lead, which Harrisburg once succeeded in wiping out, only to see Kelly's men again forge ahead. Meaney effectually demonstrated that his arm is not sore. Though nine hits were made on him, several were on balls that should have been caught. The features of the game were a due stop by Moss and Wentz's work behind the bat. The score:

Club	R	H	E	R	B	E	R
Harrisburg	0	3	0	3	0	0	0
Allentown	3	0	4	1	0	0	3

GLITS FROM THE DIAMOND.

Arlo Latham wants to leave the Cincinnati club. Cincinnati is trying to open negotiations for the purchase of Hogan. Pitcher West, of the Altoona club, has joined Boston, to which he was sold. Jennings, of the Baltimore club, has been hit sixteen times by pitched balls so far this season. Umpire Dave Corcoran was severely injured at Hazleton on Tuesday by being struck by a foul tip. Driscoll, the college pitcher who was given a trial by Scranton, has returned to his home in Norway, Conn. It is better to punt the ball and get a run than to make thirty base hits and no run, for it is the runs that count in a game after all. Dear Mike Kelly: Don't take Wood out of left field and put Browning back to his old place. You may regain the good of the

BASEBALL

patrons by so doing.—Allentown Chronicle.

Gelbert of Scranton, and Hoosick, of Wilkes-Barre, will probably join the Atlantic City base ball nine, composed of college men.

Manager Swift says he will have a new pitcher on the team before the second season is a week old. He will come from the Southern league.

Tomorrow there will be a game at the South Side grounds, Washington avenue, between the Green Ridge Senators and the South Side base ball club.

The Eureka still claim the amateur championship of the county. The Young Men's Christian association nine strengthened by the addition of several of the college players will after a couple of weeks' practice, strive to wrest the title from them.

The personnel of the South Side base ball team is as follows: Bill Malott, second base; Murphy, shortstop; Gelbert, pitcher; Smith, left field; Williams, center field; Ruddy, first base; Allen, catcher; Clark, third base; Dan Gelbert, right field.

The Kickers played the Scranton Stovogoulders a game of ball at the Laco Factory grounds yesterday. It was a most exciting one, the Kickers being victorious in favor of the Kickers by a score of 17 to 16. Pitcher Tom Flanagan of the Scranton team was umpire.

The Young Men's Christian Association base ball team won both games from the strong team professional nine at Bloomsburg on July 4. Nolan, recently of the Altoona's, pitched the morning game, and Mahoney, of the Scranton's, twirled in the afternoon game for the Y. M. C. A.

Hughy Jennings, of Baltimore, got off the train on the way from Cincinnati to Louisville Sunday to get a lunch. While he was eating a train bound for St. Louis pulled out of the station and Hughy, thinking it his train, rushed from the eating room and boarded it. He was unable to get back to Louisville in time for the game.—Eittsburg Telegraph.

The New York State Base Ball league was virtually disbanded Wednesday. The Pittsfield club failed to put in an appearance at Albany for the fourth of July game, and when the 300 spectators demanded their money back this afternoon, it was discovered that the treasurer had left the grounds with the receipts. Some of the patrons became clamorous and assailed the box office. They carried one of the directors bodily to the ticket office and threatened him bodily harm if his money was not forthcoming. The director did not have the cash and he was followed to his place of business by an excited mob. The police were called upon, but no arrests were made. The Albany club has lost money during the season.

OUTGAMING'S GREAT PERFORMANCE.

Won His Third Sweep at Olyphant on Wednesday.

The pigeon flying match of the Grassy Island Homing Pigeon club, at Olyphant, on July 4, was a very successful event.

The first prize was won by John Tyson's "Dutchman" in 8:20, winning the second prize of \$12. "London," also owned by John Tyson, was second, time 9:30; and the third prize of \$5 was won by the "Red Deer" third, time 9:32. The second prize was \$5 and the third \$3. Considerable money changed hands on the result of the match.

It is the third successive sweep for Tyson's bird, "Dutchman," which is quite a remarkable feat.

HICKEY AND FLYNN THE WINNERS.

Defeated Donohue and Hogher at Hand Ball.

An interesting game of hand ball, that attracted a large number of spectators, was played yesterday afternoon in the court at Ryan's hotel on Capone avenue between Hickey and Flynn, of Pine Brook, and Donohue, of Hyde Park, and Hogher, of Pine Brook.

Hickey and Flynn won the match, which was for \$20 a side, by a score of 21 to 20. They were younger and more active men than their opponents.

RIGHTS OF FISHERMEN.

A decision important to anglers has been made by the supreme court of Pennsylvania, through Judge Sterrett. It holds that streams stocked with fish procured from the state fish commission are not private, and all streams are public unless the fish are actually propagated. To do this so that streams may become legally private, the property of the fish intended to be propagated must be kept separate in a screen cell, the fry, when hatched, put into another screen cell, and so on until they are large enough to take care of themselves. Even then, if the person who is propagating them would own them, he must keep them confined by themselves, and so much of the stream as is private as is within the screens placed there by the owner. A pond surrounded by the owner's land, without any continuous flow, may be called a private pond, but if the water of a pond covers a large surface of land, and a person whose lands are covered only by a part of the water places fish therein for the purpose of propagation, he does not by such act make it a private pond. Neither is a notice that "All persons are hereby notified not to trespass on these lands or fish in this pond" a sufficient notice to make it illegal for either stranger or neighbor to so trespass or fish. The mere placing of fish in a stream or a pond for purposes of propagation, does not make such water private under the statute, even on the property of the person where the fish were put in. This decision is directly opposite to the previous acceptance of the law on this subject, under which many prosecutions and convictions have been brought and obtained. It is a great surprise to anglers and a very enjoyable one to many, as it will release from exclusive many popular waters that have been held at the pleasure of a few, under the supposed authority of the law which the supreme court now decides is an authority the law does not give.

UP GOES THE THERMOMETER.

DOWN GOES VITALITY THAT BY SPENDING NEVER ENJOYED IN WATER AND THAT INABILITY TO SLEEP BOTH COME FROM HOT DAYS AND NIGHTS. AT THE CLIVE HEALTHY ALL YOU MUST HEAT. BE ALL RIGHT IN OCTOBER—BE WELL. WOULD USE JOHANN HOFF'S MALT EXTRACT IF DOES WHAT A DROP OF WATER DOES. THERMOMETER DOES MAKES YOU COMFORTABLE AND WELL.

There are larger offences. Certainly would seem that these are other and greater evils in a city the size of Scranton than making a harlequin beverage on Sunday, which should excite the attention of men seeking to work reforms.

Criticizing a Young Lady.

"She would be a pretty girl for but one thing."
"What's that?" asked Charley.
"George—her face is always covered with purple and red blotches."
Charley—Oh, that's easily enough disposed of. Used to be the same way myself, but I caught on to the trouble one day, and got rid of it in no time.
George—What was it?
Charley—Simply blood eruptions. Took a short course of P. P. E. It got on the boss blood corrector. The governor had rheumatism so bad that you could hear him holler clear across the country every time he moved. He tried it, and you know what an athletic old gent he is now. If somebody would give Miss Daisy a pointer, she would thank them afterwards. All the drug stores sell it.

BABY'S LIFE IN THE BALANCE

The Simple Preventive of Cholera Infantum That is Worth More Than All the Medicines in the World—Lactated Food.

Now infant lives trouble in the balance. Heat, and food that fails to nourish, cause cholera infantum and the exhausting diarrhoeas that carries off so many babies in July and August. Other deaths shrink to insignificance at this season beside the fearful returns of infant mortality under 5 years.

Where mother's milk is defective or insufficient in nourishing quality, lactated food best supplies the need; for lactated food most closely resembles mother's milk. The basis is sugar of milk in both cases.

When baby's weight fails to show a steady increase the nutrition is for some reason impaired. Lactated food at these times should be used either altogether or to supplement the natural milk. In all such cases there results a rapid gain in weight and indications on every hand of a healthier, livelier, more hearty existence.

The efficacy and nutritive quality of lactated food is today acknowledged by every one.

As a preventive of cholera infantum it is worth more than all the medicines in the world.

As a strength giver to growing infants it can compare with no other food that is easy to procure and prepare, and is liked by the little ones themselves, too much cannot be said for it.

It has saved the lives of thousands of infants within the last few years. It has been the food of hundreds of babies who have never been sick. Above is the picture of the 1-year-old child of Mrs. Edward Newcom, of Loganport, Ind., which was received the other day, accompanied by the following letter from Mrs. Newcom:

"Our baby had to use artificial food on account of no nurse. We tried several different kinds of infant food, but none agreed with him until we commenced the use of lactated food. Now he is perfectly healthy. We are still using the food and recommend it to all our friends."

This is the experience of hundreds of mothers in this vicinity and will be the experience of hundreds more.

GENERAL SPORTING NOTES.

Green B. Morris offered the trainer of Royal Santa Anita \$2,000 for the colt's chances in the Realization to be run next Saturday.

Monroe Salisbury, who brought Directum out, has bought a half interest in the trotting mare, "Aix," and will campaign here this season.

The Bicycle races of the Century Cycling club at Scranton Wednesday were marred by the childish work of John S. Johnson, who, because of his age, was not permitted to ride. He then left the track and did not appear in any of the events in which he was entered. A large crowd was disappointed in not seeing the champion.

The Britannia and the Valkyrie contested Wednesday at Large, Eng. in the second regatta of the Clyde racing season, that of the Royal Western of Scotland Yacht club, for the Wemyss Bay prize of £50. A southerly wind, veering westerly, was blowing as the yachts crossed the line, the Valkyrie getting the weather berth. The distance was 45 miles. The Britannia won by seven minutes.

In the races at Northumberland Wednesday Charles N. Bigony, of Sunbury, who was riding a bicycle, was run into by a spirited trotting horse. The shaft of the sulky ran into his left side perpendicularly, just below the arm-pit, to the depth of six inches and was broken off. The broken piece of the shaft was removed by physicians. The injured young man is in a critical condition, but the physicians think he will recover.

The new racing range of the Lancaster Gun club, at Lancaster, opened Wednesday in the presence of a big crowd of spectators. In the morning a sweepstakes shoot took place, there being fifteen entries. The shooting was under the American Association rules. The winner was W. Parke Cummings, who killed seventeen out of his twenty birds. In the afternoon a number of matches were played informally by members, using clay pigeons. A banquet was served on the grounds at noon.

The Yale athletes are continuing their light training at Oxford, England, and Captain William O. Hickok reports that they are all in the best of condition. Leonard Sheldon in yesterday's practice cleared 22 feet in the broad jump. All the Yale men are cheered with the reception they have met with and declare that Oxford track is the best they have ever seen. The Sporting Life says that a finer athlete than Captain Hickok the sun never shone upon. The same was said of the late Leonard Sheldon.
