

BASE BALL

The Second State League Season Opened with Encouraging Prospects.

ALL VACANCIES HAVE BEEN FILLED

Scranton, Harrisburg, Allentown and Pottsville the Winners of Yesterday's State League Battles—Standing of the Clubs—National and Eastern League Results—Base Ball, Bicycling and General Sporting Notes.

HE second season of the Pennsylvania State League of Base Ball clubs opened under more favorable circumstances than at first anticipated, the entire circuit being represented in the games played. At Philadelphia the club opened the series with the Scranton club, and promises to make the older clubs hustle if they wish to keep ahead of its team.

The Altoona club was transferred to Lancaster, and played its first game yesterday under the new name, at Pottsville. It likewise lost, Allentown has the distinction of shutting out the Hazleton team in the first game of the series, while Harrisburg took a game from Reading.

The following table gives the percentage number of games won and lost by each club, and their standing in the league race:

Table with columns: Club Name, Won, Lost, Per Ct. Lists teams like Allentown, Harrisburg, Pottsville, etc.

SCHEDULE FOR TODAY. Scranton at Philadelphia. Hazleton at Allentown. Harrisburg at Reading. Lancaster at Pottsville.

WE WIN THE FIRST GAME.

Scranton Had an Easy Time With New Philadelphia Club.

PHILADELPHIA, June 9.—There was a large audience present to see the Philadelphia State League team play its first game here this afternoon.

Hudson and Patchen were the visitors' battery and proved altogether too much for the local club. Jack Taylor pitched the first two innings for the Philadelphia and then Hess took his place.

It was a well played contest until the fifth inning, when Philadelphia went to pieces and Scranton won in a walk.

Massey knocked out a home run, which occasioned much enthusiasm. Hudson struck out eight batsmen. The score in detail:

WOMAN'S GREATEST ENEMY—SICK HEADACHE.

And yet every woman who listens the number and frequency of her headaches by assisting nature by natural means. The genuine Carlsbad Sprudl Salt, taken early in the morning, before breakfast, and if necessary at bedtime, will supply these means.

BREAKING OF RECORDS.

What Science Can Do in This Line When the Food is Right. Steamship captains, horse owners, bicycle riders, and a lot of other people, are making strenuous and untiring efforts to "break the record."

Mr. H. O. Mahood, of Emberton, Vermont, says: "I was so weak and run down that I thought I would have to give up my business. I could not eat nor sleep. After one bottle of Paskola I began to gain at once and I have gained over fifteen pounds in less than three weeks and I now feel like a new man."

Mr. S. C. Stoneh, of Wellington and Dauphin streets, Philadelphia, writes: "I have been sick nearly three years, at times suffering terrible burning pains in my back and then cold in the lower part of my bowels. Sometimes I thought I should die. It was time I was constipated. When I first began taking Paskola I was tempted to give it up, thinking it would do me no good, because I had taken so much medicine. I feel Paskola beginning to do good, and today I took a longer walk than I have been able to take in the years. I am a much stronger man taking my fifth bottle of Paskola, and I eat almost everything now. I am 56 years old and was always active, having worked hard."

Paskola may be had of any reputable druggist. An interesting pamphlet on food and digestion will be mailed free, on application to the Prigedist Food Co., 30 Reads street, New York.

GENERAL SPORTING NOTES.

The Britannia again defeated the Vigil yesterday. Richard Croker's race horse Dubbins won the Realization stakes at New York Saturday.

Charlie Johnson, who recently battled with Austin Gibbons to a draw, wants to fight the winner of the O'Brien-Walcott match. Jerry Marshall, the colored Australian featherweight, is in a line of trying conclusions with George Dixon.

The following cable was sent to the Sporting Life, London, Saturday: "Solly Smith wires the Police Gazette that he will fight Johnson, the English featherweight champion, at 122 pounds for \$1,000 or \$2,500 and the largest purse. Smith will fight in England if allowed expenses. He will fight Jack Johnson in London." The following cable was sent to the Sporting Life, London, Saturday: "Solly Smith wires the Police Gazette that he will fight Johnson, the English featherweight champion, at 122 pounds for \$1,000 or \$2,500 and the largest purse. Smith will fight in England if allowed expenses. He will fight Jack Johnson in London."

At the Police Gazette office, New York, on Saturday, articles of agreement were signed for Jerry Marshall, of Pittsburgh, the holder of a license, and George Sullivan to fight ten rounds or more at Boston, Mass., the last week in July for a purse. Marshall was represented by Mike Haley, of New York, and Sullivan by James Stettin, of New York.

Stettin, of New York, and Sullivan by James Stettin, of New York. The West Side stars challenge the Little Tycoons to a game of ball Thursday, July 12, on the Washington avenue grounds. Answer through THURGOOD LOUIS DAVIES, manager; Will Hughes, captain.

NOTES FOR BICYCLE RIDERS. Sterling Elliott has been appointed referee of the good roads tournament, New York, Sept. 1. H. H. Hawke of the New York Athletic club has won the 175 miles last week in the city's annual mileage contest.

M. Zola, the eminent French novelist, in speaking of cycling says: "It clears my brain and blood, and I feel much better for it." whilst Tourain, the caricaturist, who is also an enthusiastic cyclist, describes it as "the bath of luxury."

Edward A. Nelson, of the Springfield Bicycle club, is now in Vienna. He will remain abroad until September 1, and is entered in the world's international championship race at Antwerp. He will enter all the leading events in France and Germany this summer, and in England if he can get a racing license there.

Among the prominent riders who will compete in the Newark-Francon race on July 14 are Van Wagener, of Syracuse; Evans, of New Brunswick; Dampman, of Philadelphia; Elliott, of Wilmington; and J. T. Marshall, of Albany. The roads over which the race will be run are being put in excellent condition.

A great many riders, more especially those who habitually use adjustable wrenches, frequently cause a good deal of damage to their machines by not seeing that the jaws of the wrench are screwed up tightly against the sides of the nut before they apply the handle to turn it. This is really an important point, because if the wrench fits at all loosely it will slip over the angles of the nut or bolt head, rounding them considerably in the process, and rendering future adjustment difficult, besides quite spoiling the appearance of the machine.

Wheelmen of Chicago have appointed a committee to formally wait upon the board of park commissioners of the various parts of this city and request that cycling speedways be provided in the various parks for the use of cyclists. Such privileges are granted to riders of horses and owners of animals driven in sulks, and men of thought and intelligence in the ranks of the business men are beginning to inquire into the reason for the apparent partiality. The most of these men are tax payers, and they naturally think it lies in the matter are entitled to some return. They believe it is unfair to expect that the natural speed of cyclists should be given no other practice ground than the public boulevards, and then expect them to be the police in order to protect the bones of pedestrians. The plan has the sanction of several of the Chicago papers, notably the Inter-Ocean.

So far this season the people of Gouverneur, N. Y., a little village of St. Lawrence county, have purchased bicycles at a cost of not less than \$7,000.
