NEW SCHOOL BUILDING

Contract for Erecting One in Nineteenth Ward Awarded to Spruks Brothers.

REGARDING MILITARY TRAINING

Colonel F. L. Hitchcock, Rev. N. F. Stahl and Colonel E. H. Ripple Ask the Board of Control, on Behalf of Veterans, to Have a Drill in Military Tactics Introduced in Public Schools—Other Business.

There was an air of expectancy during the half hour that preceded the meeting of the board of control last night. Long before the appointed hour for meeting eighteen members of the board had assembled in the municipal building, and the whispering between the groups might indicate that something weighty was in readiness to be presented.

However, when the meeting had adjourned, the deliberations that had been gone through with disappointed those who had raised their hopes. After roll call and the reading of last meeting's minutes, the report of the treasurer was read by Secretary Fellows. It showed that there was a deficit for the fiscal year ending July 1. Mr. Wornser said that the report of the treasurer should not be made to end on July 1; it should end when the school year ends on June 1. If the report were concluded on June 1, the deficit would amount to not over \$3,000.

The recommendation of Mr. Wornser to amend the report so that it would end on June 1, 1894, was adopted. Secretary Fellows' report giving a detailed account of the expenditures of the past year showed disbursements amounting to \$363,550.88. Of this amount \$108,826.08 was paid for teachers' salaries; \$7,753.65 was expended on night schools; \$13,124.20 was paid to janitors; \$10,081.85 was paid in furnishing free text books. The residue of bill of expenditures was taken up by the supplies, repairs, insurance, building and other accounts.

STRAKES BROS. AWARDED CONTRACT. The following bids for the construction of the new \$375,000 school building at River street and Beach street in the Nineteenth ward were read: Ezra Finn & Sons, \$3,484; C. F. Ward & Son, of Taylor, \$3,200; C. L. Tyler, \$3,178; Charles E. G. Getz, \$3,050; Spruks Brothers, \$2,773; John Benson & Son, \$2,950.

The bids of M. E. Wordon, Frank Mueller and Green Ridge Lumber company were not accompanied by certified checks and by motion they were returned.

But right here Mr. Noiz moved that the contract be awarded to Spruks Bros., their bid being the lowest and only \$300 above the amount of the appropriation. The contract was awarded to Spruks Bros. with the provision that the building must be completed by October 1.

Bids for equipping the new No. 37 building were read from several school furniture companies. The bids were quite lengthy and the board referred them to the building committee with power to act and report at the next meeting.

The teachers' committee had no report to make; the building committee reported several bills, which were passed upon favorably and warrants were ordered drawn for the amounts.

Here the board went out of the regular order of business through courtesy toward a committee of Ezra Griffin, Ed. Grant Army of the Republic, No. 137, which had come for a hearing on the subject of introducing into the curriculum of the Scranton schools a course of military education.

Colonel F. L. Hitchcock, on behalf of Ezra Griffin Post, was given the privilege of the floor. He said that the desire of the veterans was to bring before the members of the board the question of including as a part of the course of study in the public schools a military branch where the children would be trained in physical development. He said that the average citizen of twenty years ago would be a poor one if he has not a well-rounded body as well as a well-rounded education.

SCHEME A SUCCESS IN OTHER PLACES. The introduction of a military course is successful in New England, in the north and west, and in fact wherever it has been tried. It is not only a benefit to the pupil in developing his body and fitting him for readiness to go to the front of his country if he need be called upon, but it also heightens the tact of the teacher; it teaches him order, heaven's first law, and he more readily submits to discipline. The testimonials of teachers wherever it is in operation is to the effect that it is a success.

Rev. J. O'Toole, of St. Mary's Holy Cross church, Providence, will spend the coming two weeks at his home in Mount Carmel, Schuylkill county, on his vacation. A change was made yesterday in the make up of the editorial staff of the Evening Express. J. W. Gould was made managing editor, B. Frank Squire city editor, and the staff has been increased by the addition of Will F. Clifford, who is not only a graceful writer, but a good news gatherer.

PICTURE AGENT IN TROUBLE

His Employers Say He Did Not Settle for His Goods. Thomas Morrison was arrested yesterday afternoon by Officer Granel. He was employed as salesman by Kinsella & Reddington, publishers, who charged him with embezzlement of a sum of money.

Morrison, they say, had been selling pictures for them and failed to return the money. He had a hearing before Alderman Donovan, who held him under \$300 bail to answer at court.

The scheme is favorably looked upon by the music loving people here and promises to be a revival in musical matters among the churches of this district.
