STRIKE LEADERS ARE ARRESTED

Concluded from Page 1.

attempt to pry into the secrets, but that official matter will surely be offered in evidence against the officers of the order. When Mr. Debs heard of the raid on his correspondence at his office he was wrathful and denounced the affair as a brazenly handed outrage.

As a matter of fact, the only indictment returned by the United States grand jurors against Mr. Debs and his allies is a felonious conspiracy to interrupt and delay the United States mail, which against Murwin is for throwing a switch at or otherwise interfering with the Lake Shore tracks. None of the cases will come up until the October term of court, but District Attorney Milchrist declares that his grand jury is not through grinding yet. Just before 8 o'clock the papers were stopped and the four leaders were released in \$10,000 bail each.

TROOPS ARE NECESSARY. Railroad Managers Say They Couldn't Get Along Without Them.

CHICAGO, July 10.—The statements emanating from the General Managers' association announcing the gradual resumption of through passenger train service have evoked numerous inquiries from the east as to whether these contingents were being brought about by the return of strikers, by the securing of new employes, or by the aid of the government. A categorical query on this point was submitted to the officials of the General Managers' association and the following official reply was returned:

"The gradual resumption of through passenger traffic, far as Chicago is concerned, is being effected with new employes and the protection afforded them by the troops. We have contended from the outset that we have enough men to run our trains if a better mood allowed to work without molestation, and that the partial stoppage has been done solely to the action of the mobs and rioters. The truth of this contention is demonstrated in the schedules showing the gradual resumption of passenger traffic. It is useless to deny, however, that without the aid of federal troops to stay at work, we could not have done as much as we have in this direction, and that with the military withdrawn the situation would be as bad as ever. What we are doing is being solely done by the aid of the troops."

NOT ANXIOUS TO STRIKE. Pittsburg and Western Trainmen Do Not Relish Debs' Order.

PITTSBURGH, July 10.—Organizer Charles Taylor, of the American Railway union, ordered the Pittsburg and Western trainmen to strike this morning. He was acting under instruction from President E. V. Debs. The men decided to stay at work. They say the only grievance they have against the company is because of their not having received their wages regularly. If this disturbing cause were removed it is said the men would not strike.

The freight blockade remains complete. Nothing except for local points will be received by the Pennsylvania company, Cleveland, Toledo, Cincinnati and the Northwestern system and Columbus and Cincinnati on the Pan Handle make the limits for freight shipments to the west.

The railroad officials were feeling in a better mood today than at any time since the boycott was declared. They are more confident than ever of having the present blockade of the roads raised very soon. The sympathy strike of the trades unions may be the cause of further delay in settling the strike.

If the last order is generally obeyed they expect further decidedly serious trouble.

VETERANS PROFFER AID. Englewood Grand Army Post Offers to Help the Governor.

UNION STOCK YARDS, Ill., July 10.—Under the protection of the Chicago Hussars, Companies C and D, and Cavalry Troop D, Illinois National Guards, together with a company of federal troops and a squad of mounted police, Swift & Co. sent out a train of thirty-three cars of dressed beef shortly before noon today. The beef will be hurried through to Liverpool. Quite a crowd of hangers-on gathered at 40th and Halsted streets as the big passenger engine of the Michigan Central coupled to the train, but no demonstration was attempted on the part of the crowd. This afternoon Armour & Co. started a train of beef over the same route.

This morning the George G. Meade post, No. 434, of the Grand Army of the Republic, of Englewood, tendered its services to the government.

BAD ULCERS ON LIMBS

Five years' Suffering. Could not Sleep or Work from Itching and Burning. Six Doctors could do Nothing. Relief in the First Application. Perfect Cure by CUTICURA.

I had on both my legs, for five years, three very bad ulcers, two on one, and one on the other just into the bone above the ankle, as large as a five cent piece which hurt me a cent piece which day, that I could not sleep for the itching and burning. I had to get up three or four times a night. Did not know what to do with myself as I could not work. Called a doctor to look at them, but he did me no good, and I could do nothing. It spent many dollars on different kinds of salve, to no good end. I gave up hope, until I tried CUTICURA. The first application my legs began to feel better, the itching, burning and burning stopped. I kept on with the cure. I used seven boxes of CUTICURA, one cake of CUTICURA SOAP, and three bottles of CUTICURA RESOLVENT, and they are the best remedies for skin diseases I ever used. I suffered, and can prove it by people whose I now live. If anyone doubts this, write to me, and I will tell them with the greatest pleasure what CUTICURA REMEDIES have done. I feel that I will tell them with the greatest pleasure what CUTICURA REMEDIES have done. I feel that I will tell them with the greatest pleasure what CUTICURA REMEDIES have done. I feel that I will tell them with the greatest pleasure what CUTICURA REMEDIES have done.

RESOLVENT CURES BABY I wish to tell everyone know that good CUTICURA RESOLVENT has done for my little girl. From one year old till three, she was one mass of sores and eruptions on her face, hands, and body. Tried several doctors without relief. At the board of the CUTICURAS, bought seven bottles of the CUTICURA RESOLVENT, and she was cured. She is now seven years old, and she is healthy child, thanks to the CUTICURA RESOLVENT, and shall recommend them to others as a sure cure. E. L. HENDERICKSON, 222 Bridge St., Trenton, N. J.

MR. HARRISON'S OPINION. Ex-President Believes That Troops Should Aid in Preserving Order.

INDIANAPOLIS, July 10.—Ex-President Harrison, having been quoted as saying that "President Cleveland has established a new precedent in sending federal troops into a state without a request from the government of that state and over his protest," said today: "I have never said what I am quoted as saying as to the use of the United States troops by the president, nor do I think that the president has transcended his power. On the other hand, I believe that there is no spot in the United States where troops may not go under such orders without asking anybody's consent, and that the enforcement of the laws of the United States is the sworn duty of the president and the army."
