The Domestic Troubles of Mr. and Mrs. Reese Davies.

With regard to the rumors of the domestic affairs of Reese Davies and his wife, a TRIBUNE reporter interviewed Mr. Davies last evening, who informed him that a warrant had been issued for Reese Davies yesterday to appear before an alderman to show cause why he should not contribute to her support.

In further explanation Mrs. Davies informed a TRIBUNE reporter that she left her husband a few years ago as she was in danger of her life, and returned about a week ago to Providence, and on Wednesday evening, accompanied by her sister, Mrs. Thomas, of Wayne avenue, she went to her husband's residence to attempt a reconciliation in which, however, she was unsuccessful. Mrs. Davies gave as her reason for returning that she heard that the housekeeper who is another Mrs. Davies had been married to her husband and was making a boast of the fact in Providence.

Mrs. Davies is very indignant with her husband, and stated that after her departure her sister acted as her husband's housekeeper for ten months, when she was suddenly dismissed and the Mrs. Davies No. 2 was installed the same day. Mrs. Davies No. 1 alleges that Mrs. Davies, the present housekeeper, has a husband living in Wales.

Both parties are well known in Providence and are respectively connected. Mrs. Davies is a very attractive appearing, and stated that she was determined to obtain her just rights.

BOTH COUNCILS MEET

Great Volume of Public Business Transacted by City Law Makers.

THAT POLE TAX ORDINANCE

It Passed on First and Second Readings in the Select Council—Paving Ordinance for West Lackawanna Avenue Passed Finally in Same Body—Asphalt Pave for Penn Avenue From Spruce Street to Lackawanna Avenue.

Select council met in special session last evening and a stated meeting of the common body was held. The deliberations of the latter continued for only three quarters of an hour. Select council was in session until 9:30 o'clock and transacted a considerable volume of business, the passage of the West Lackawanna avenue paving ordinance on third and final reading, and the pole tax measure on first and second reading, being the most important measures. The absentees from select council were members Rosa, Williams, Sanderson, Flowers, Kellow and Clemens. A half hour was consumed in the reading and adopting of minutes of three previous meetings.

The report of the fire department committee recommending the purchase of a team of horses for the Neptune company was received and the ordinance ordered printed. The adverse report of this committee on an increase in the annual rental of the building occupied by the Cumberland Hose company was adopted. Mr. Thomas, of the streets and bridges committee, submitted a recommendation of the mayor that the street commissioner report the Providence and Abington turnpike, in accordance with the legal opinion of ex-Judge W. H. Jessup that the city is responsible for the same.

AUDITING COMMITTEE'S REPORT. The report of the auditing committee recommending the payment of a large number of bills was adopted with the exception of a bill for \$80 from John W. Jordan. This bill was stricken from the roll on motion of Mr. McCann, who said Chief Fisher, of the fire department had overstepped his authority in hiring Mr. Jordan to oil hydrants at so large a rate of pay as \$2 per day.

A concurrent resolution was adopted directing the city clerk to give notice of the petition for the paving of Franklin avenue between Spruce and Mulberry streets with the best quality of vitrified brick.

An ordinance providing for the purchase of the fire engine belonging to the Citizen's Engine company was ordered printed. A concurrent resolution directing the street commissioner to relay the sewer pipe on South Hyde Park avenue from Washburn street to near Jackson street was adopted.

A resolution presented by Mr. Thomas providing for Thirteenth ward sidewalks was received and ordered printed, if reported favorably by committee.

The petition of Penn avenue property owners between Lackawanna avenue and Spruce street, that Penn avenue be paved with asphalt, was received and a resolution passed directing the city engineer to prepare an estimate of the cost.

TO PROTECT HOME LABOR. A resolution of Mr. Lauer was adopted directing the city solicitor to submit a written opinion as to whether or not councils can include in its contracts with builders of the proposed bridges the provisions that only citizens of Scranton be employed thereon. Mr. Roche's pole tax ordinance passed third and second reading after Mr. Lauer had inquired why it was stipulated that the poles should be painted green, and Mr. Roche had replied "because it is a popular color."

A concurrent resolution was adopted permitting the congregation of Jewish Brothers to construct a private sewer in the court northwest of Washington avenue, between River and History streets.

Ordinances passed third and final reading as follows: Providing for the appointment of a permanent fireman for the Country House company; providing for the paving of West Lackawanna avenue, from the Delaware, Lackawanna and Western tracks to Ninth street, with Belgian blocks; authorizing the mayor to execute contracts for water for fire hydrants with the People's Water company for the term of one year; providing for the purchase of horses for the fire department from the fund of \$20 in excess of an amount previously appropriated for such purpose.

After the session, which was adjourned to meet next Thursday night, the clerk was directed by Mr. Thomas, chairman of the streets and bridges committee, to call a joint meeting of the committee next Wednesday evening for the purpose of considering the Linden street and Koning brook bridge plans, which will probably be completed by that time.

COMMON COUNCIL MEETING.

What the Lower Body of City Legislators Did.

The meeting of common council last night was not productive of much business, but it was a busy session. Chairman P. J. Nealis called the meeting to order and after roll call left the chamber for the purpose of taking his place. The reason for this was to give Mr. Nealis a chance to attach his signature to a large batch of documents that had passed the council.

There was nothing important in the reports of committees except the report of the paving committee. The report of this committee recommended favorably the passage of the ordinance now pending in council providing for the paving of that part of Franklin avenue between Spruce and Mulberry streets with vitrified brick. The report recommended that the city engineer be instructed to prepare plans, specifications and estimate of cost and serve notice according to law upon the abutting property owners.

The report of the chief of police, William T. Simpson, was read. It gave a detailed statement of the police department for the month of June. A total of \$184 50 was collected in fines.

CONCURRENT RESOLUTIONS. A number of concurrent resolutions were read and passed upon favorably. Mr. Nealis, from the Eighteenth ward, introduced his resolution which was introduced and adopted at the recent meetings of the select council and board of control relating to the invitation extended to Chauncey M. Depew by the Philip H. Sheridan Monument association. Mr. Neenan moved that in the adoption of the resolution it be done by calling the yeas and nays. Every member present voted for the resolution.

Mr. Howe introduced a resolution

providing for the erection of two additional electric lights in the Thirteenth ward. Mr. Robinson introduced two resolutions, one instructing the street commissioner to relay the sewer pipe on South Hyde Park avenue, near Washburn street; the other provided that the joint streets and bridges committee be authorized to visit Twelfth street, and if possible compromise the difficulty now existing between the city engineer and the contractor.

The following ordinances passed third reading: Providing for the laying of 50-foot flagstone sidewalks on the eastern side of Mossy avenue; Paving Delaware street and the south-easterly curb line of Sulist avenue.

OTHER BUSINESS TRANSACTIONS.

Ordaining that the offer of the Citizen's Fire association of Scranton to sell to the city the third double pump steam fire engine at the price of \$3,000 be accepted. The engine is now in use by the N. Y. Aqs. Two exemptions of dog tax were read and passed. Mr. Bartle introduced the ordinance which has passed the upper branch providing for the abandonment of that part of the Pittston avenue turnpike between Gibbons and Sanders streets.

NEWS OF WEST SIDE

Recital Given by the Pupils of Miss Anna Anstey at Her Home.

STARTED A FIRE IN A CLOSET

A Young Son of Painter F. J. Johnson Caused the Trouble—A Burglar Secured \$475 in a Trunk in the Residence of M. E. Wheeler, Richard Moxey Was on His Mischief, and Displayed an Ugly Temper.

The West Side office of the SCRANTON TRIBUNE is located at 113 North Main avenue, where subscriptions, advertisements and communications will receive prompt attention.

The home of Miss Anna Anstey on Meridian street was the scene last evening of her third piano recital given for her pupils. The house was beautifully decorated with Japanese lanterns and bunting, while the interior was tastefully fitted up for the reception of the guests. About fifty visitors were present.

The programme opened with a piano selection by Misses Jessie Smith and Etta Dankerly, which was followed by selections by Miss Eina Stovana, a young lady whose work is something phenomenal. She excels in tone and expression of a piece. "La P'tit Ball" was the selection which followed, and was excellently rendered by Miss Jon Wadstone. Miss Gertrude Gilbrook rendered a selection in a neat manner, and the "Spinning Song" by Clarence Debow was well received. In place of Miss Grace Barber, who was too ill to be present, Miss Lolla Porter, an eclecticalist of marked ability, gave a recitation entitled "The Fat" with a piano accompaniment. This was loudly applauded.

The Misses Grace and Anna Rose, known as the twin vocalists, rendered a very beautiful selection in a charming manner. Miss Susie Fair responded next, and Miss Henrietta Dankerly rendered "Fragrant Violets." Then came Miss Jessie Smith, after which the Misses Grace and Anna Rose again delighted the audience with a vocal selection. "Carrer Bell" was the duet rendered by Misses Alma Atkinson and Pearl Porter, and it was received with applause. The last and crowning feature of the evening was the "Jagers Gira," and "Caprice," rendered by Miss Ethel Porter. She displayed great expression, and the manipulating was particularly fine. Miss Porter is an accomplished young lady in every sense of the word.

After the recital, ice cream and cake was served to the guests, and an enjoyable time was spent. Miss Anstey's third recital was successful in every way, and she may well feel proud at the success of her pupils.

FIRE IN A CLOSET.

Caused by a Child Who Started a Fire in a Closet.

The alarm of fire which sounded from box 23 at the corner of Lafayette street and Garfield avenue at 10:15 o'clock yesterday morning, was caused by a blaze in the two-story frame dwelling owned and occupied by Frank J. Johnson, the painter, on North R-lecca avenue. The flames were discovered by a lad named George Hall-lips, who saw smoke issuing from the window in the upper story, and an alarm was promptly sent in.

The fire originated in a closet on the second floor, and was caused by a young son of Mr. Johnson, who set fire to some paper in an old stove which stood in a corner of the small apartment. As the stove had no connections with the chimney the smoke began to fill the room and the sparks set fire to the clothing hanging on the wall. The Franklin and Columbia Hose companies promptly responded, and a stream of water from the pipe of the former soon extinguished the flames. The house is damaged to the extent of \$300, covered by insurance. The room is owned and the shutters and frames will need replacing. No estimate could be given as to the amount of clothes and other articles which succumbed to the flames.

BURGLARY YESTERDAY MORNING.

A Good haul Made at M. E. Wheeler's Residence.

Upon awaking from his slumber yesterday morning, M. E. Wheeler, engineer on the Delaware, Lackawanna and Western railroad, who resides at the corner of Oxford and Tenth streets, found that during the preceding night burglars had broken into the house and stolen from a trunk \$175 in bills, gold and silver. After the intruder had gained an entrance he uncured the lock from the door of a closet which opens into the room where the money was hidden. He then forced the trunk open, thereby obtaining the valuables. Mr. Wheeler's watch and other valuables laid on the bureau, but were not taken, showing that it was money only that the burglar was after. Entrance was made through a basement window near the ground. Mrs. Wheeler was awakened by a sound at an early hour, but saw nothing but the intruder, who had not yet been found.

Miss Walters had been ill for some time past, but had recently recovered to make a pleasure trip on July 4. She then became ill again, this time with fatal result. She was one of the most popular and estimable young ladies on the West Side—very well known and standing high in social circles. She was connected with the Welsh Calvinistic Methodist church.
