A GAME OF HEAVY HITTING.

The Air Was Pull of Rain and Leather at the Ball Park.

There was more hard hitting in yesterday's game between Scranton and Allentown than there would be in

several ordinary games. Kilroy went in the box for Allentown and proved to be just the kind of a man Scranton wanted. Wetzel, the following with a home run in the same

direction. Patchen bit the ball to Sam Wise and was thrown out to Kelly at first, and then Massey got in a three-base hit, which also went into left field. Phelan was retired on a fly to Wood in left field and Staltz from Wise to Kelly That made three runs that Scranton bad secred in the first and the 1,200 spectators became very en-

Wood opened the fireworks for the visitors with a three base hit into left field, scoring on a single by Wise. The latter was caught papping at first, Kally flied out to Wetzel and McCoach

MORE HARD HITTING Rogers was the first man to take position at the plate in the second, and made a three base hit. Westlake singled and Flanaghan sacrificed. Wetzel singled. Hogan struck ont and then Patchen and Massey found the ball for singles, the climax coming with Phelan's home run. Staltz got his base on balls and Rogers flied out

to Wise. Six additional runs had been added to Scranton's score. In Allentown's baif of the second Mulvey flied out, Milligan banged the aphere for two bases and Costello went out from Westlake to Massey. Sween ey's single was offset by Kilroy, who

Before Flaneghan could connect with the ball the rain again be gan to descend. This time play had to be suspended for almost half an

DIAMOND VERY MUDDY. When the rain passed off and the son again shone through the clouds the diamond was covered with a thick, paste-like mud and the outfield was Entlittle better. Sawdust was liberally applied to grounds but was of lit-tle service. Nevertheless play was resumed, but the remainder of the game was tame and spiritless, although marked by heavy hitting.

Base running was not attempted, and hits that ordinarily would have netted two or three bases went down as singles. In the fourth Kelly sent Kilroy to first and went in the box and pitched the remainder of the game bimself. He was somewhat more successful with the sphere than his predecessor had been. The score; SCRANTON.

GLINTS FROM THE DIAMOND.

In the second inning yesterday Pitcher Flanaghan was presented with a large bouquet by W. A. St. John, president of the Base Ball association.

Milligan refused to play after the rain yesterday and Costello came in from right field and did the backstep work for Allen-town for the remainder of the game. Donohue took Costello's place in right. The James Boys of Pine Brock accept the challenge of the Hustlers of Hyde Park. Game to be played on the James Boys grounds on the 22, at 2:30. John Mullerky, captain; Bill Brown, manager. There's a pretty row down in St. Louis

now. George Miller has virtually told Von der Abe to take his club and go to Jericho. The midget has resigned the captaincy; Breitenstein wouldn't go into the box Monday until he received a month's back first batsman, opened up on him with a pay and Shugart wouldn't put on his uni-three-base bit into left field, Hogan form until his grievances were appeared.

It was reported on the grounds yesterday afternoon that Kelly had played out the game after the rain yesterday under protest. When seen last night at the St. Charles the king denied that he would protest the game. He said he played out the game because he did not want the local association to lose anything on account of the rain. "Dirty ball never pays the one guilty of

it," said Umpire Charlie Soyder to the writer the other day. "It always recoils on the player attempting it. Third Baseman Dowse, of the Buffalos, seems too much inclined that way and during the Erie series gave more than one sample of it. I have heard several near in the opposing teams say they had it in for Dowse. This is nothing more than natural. The law of retaliation is as fust in base bull as else where. If Dowse would pay more atten-tion to the game itself, it would profit him more personally, as he is really a good player either at third base or behind the bat."-Buffalo Times.

Many Chicago people who were induced by the strike to ride their wheels to busi-ners are continuing the practice. There is no doubt that the number of daily riders would greatly increase if there were adequate wheel-storage and dressing rooms. Several of the larger office buildings now have rooms set apart for the use of cyclist office men, but such accommodations are tow and crade.

The French cycling papers, of which there are about twenty in Paris, have been throwing mud at Zimmerman because they do not understand him. He has been too methodical and deliberate for them in his preparations to beat their cracks. This an-tagonism tends to complicate matters for him, and Brother-in-law McDermott has his grip packed in New Jersey, anticipat-ing a sudden call across the sea.

Lactated food saves babies' lives! The following letter from Mrs. A. Wandell, 99 Rowe street, Rochester, N. Y. a picture of whose pretty baby is given above, is one of scores that are received every week from happy parents the country over:

"Our baby weighed four pounds at birth. When two months old she weighed but eight pounds with her clothes on. The doctor said she was a very frail child. I commenced feeding her a certain food when she was fourteen days old, but she did not gain strength as I knew she ought. months old I changed to lactated food. She commenced to gain at once, and to rest well at night. She has not been sick with bowel trouble once through her testhing, and she was testhing last summer. I consider lactated food has sen a great blessing to our little girl. It has made her healthy, strong, and the happiest two year old child in Rochester. Any other mother wishing to address one that has used lactated food will be cheerfully answered at my expense by addressing me.

GENERAL SPORTING NOTES.

Since Pennsylvania's defeat at the hands of Cornell in the race at Torresdale last month rumors have been going the rounds that George W. Woodruff, the 'Varsity's coach for three years, intended to retire from active service in Pennsylvania's row-ing circles. At the time it received little credence. Yesterday, however, he gave color to the story by stating that it was his intention, irrespective of the result of the race, to retire from his position. His reason was a personal one, inability to will be played this afternoon in the carry on the work of the two positions and still retain his place in his law studies.
