The Brooklyn Bridge For Sale.

Not in blocks of five, but two blocks for five. Not the bridge that spans the East river between the cities of New York and Brooklyn, but the one that adorns our north window. The white bridge, as unique in its way as the White City; made not of steel, but Castile Soap---7,000 cakes being used in the construction. The Soap is a pure Castile, so pure that it will float; and in order to introduce it to the people of Scranton in a fitting way, we have had this beautiful bridge constructed. It is a work of art, a thing of beauty, and worth coming to see. Don't fail to bring the children along. The Soap will be sold

Such an item costs the taxpayers of this town \$16 One of our councilmen the other day said it would be far better to start a sausage mill or a fur factory and get the benefit of the large number of quadrupeds killed within the borough limits, whereas now nobody but the high constable sees any fun in it. Another bill was presented to the council for burying the carcass of several fowls, but the wiseacres of the borough laid the bill to rest, as they had not seen any feathers as proof.
