We Have Met the Enemy and We Are Theirs, Etc.

THAT IS, FOR THE TIME BEING

But, Weather Permitting, Today Will Witness Our Revenge—The Latest Acquisition Goes Down Before Syracuse—Erie Takes a Game from the Leaders and the Bisons Defeat Springfield—Standing of the Clubs, National and State League Results. A Compendium of General Sporting News.

WILKES-BARRE, Pa., Aug. 20.—The latest acquisition of the Syracuse club, the late manager of the Erie club, has been playing together, and the consequent lack of team work, made quite a creditable showing alongside of the pride of the town near Scranton. Syracuse was also victorious over King Kelly's men, thus placing the home team, Wilkes-Barre and Syracuse a tie in the league race with a percentage of .500.

Table with columns: Won, Lost, Per Cent. Lists statistics for various teams like Providence, Buffalo, Erie, etc.

WE LOST THE FIRST.

Wilkes-Barre Won the Opening Game of the Series. WILKES-BARRE, Aug. 20.—Scranton made a splendid showing against Wilkes-Barre today, but was unable to win, although the boys from up the creek hit the ball almost as hard as did the locals.

Delaney, late of Binghamton, made his first appearance as a Scranton player and was a trifle wild. He gave five men bases on balls and hit two others with the sphere, practically making Wilkes-Barre a present of seven base hits. Had Delaney had better control of the ball the result might have been different. Whitehead, another Binghamton player, covered third for Scranton, and although he did not distinguish himself with the bat his field work was good.

Two home runs were made during the game, Johnson, of Scranton, sending the ball over the right field fence, while Campfield, of Wilkes-Barre, drove the ball into the extreme corner of the grounds. Tomorrow the two clubs play at Scranton. The score:

Emperor Charles II, accompanied by half the nobility of Austria, went to the Carlsbad Springs for the recovery of his health. Six thousand six hundred horses, so the town records say, were necessary to convey the company to the place. The Carlsbad Sprudel Salt can be obtained at every drug store in the United States now at trifling cost. It is the best remedy for catarrh of the stomach, constipation, liver and kidney troubles, gout, rheumatism, etc. Best results are obtained when out-door exercise can be had. EASTERN LEAGUE Muddle. Board of Arbitration of National League Passes Upon It.

New York, Aug. 20.—A meeting of the board of the National Base Ball league was held at the Fifth Avenue hotel this morning to consider charges brought by the Pennsylvania State League against the Eastern League.

The board went into session shortly before 11 o'clock. By noon the statements of both sides were presented to the board. The argument between President Powers and Secretary Diddlebock was very warm at times.

Mr. Powers said that he was perfectly satisfied with the step in which he had taken. He charged Diddlebock with acting without the consent of the directors of the clubs comprising his league, Diddlebock, he said, had no financial responsibility, and the Pennsylvania State League was in a bad way anyway.

Diddlebock returned the charge with a challenge to Mr. Powers to prove that he had no financial responsibility. He had financial interest in one club and carried proxies for the rest.

After listening to the arguments of both sides the board found that the Scranton club in releasing its players prior to disbandment had a perfect right to reorganize and enter the Eastern League.

In the case of the Allentown club there was no evidence to show that the players had been released prior to disbandment on Aug. 15. The players are therefore entitled to the acceptance of the Pennsylvania State League. To protect the interests of the Allentown players the Pennsylvania state board was ordered to render Allentown players a contract and request for his services within ten days from date. If such a contract is not presented to a player he can consider himself released.

When the contract is offered he is the same as if he were held in reserve. Later the board passed upon the claim made by Mr. Diddlebock, in behalf of the Pennsylvania State League, to the services of the Allentown players.

They decide that the league as a body cannot sign the players, but that the individual clubs must tender contracts to the players. The board also desires it to be understood that no right is conceded to the Pennsylvania State League to parcel out any of the Allentown players to any club not a member of its association.

Mr. Diddlebock of the Pennsylvania State League made a written formal request on President Young for the services of the Allentown players.

HOGAN JOINS ST. LOUIS. He Asked for His Release from the Cincinnati Club.

Martin Hogan, the ex-Scranton center fielder, is no longer on the pay roll of the Cincinnati club. He asked for his release a few days ago and it was granted to him.

Immediately after despatching the red stockings of Cincinnati Hogan signed a St. Louis contract, and will play with that club in Brooklyn today.

Stain is Brooklyn's winning pitcher. He is doing as effective work as any twirler in the league.

Quarles will pitch for Scranton today and says he will do his utmost to defeat his late companions.

Manager Hanlon is said to have waged more than \$1,000 that the Baltimore team will finish the league race in third place or better.

Pitchee Delaney has signed a Scranton contract and Manager Cahill stated last night that Third Baseman Whitehead will sign today.

Duffy now leads Delahanty among the heavy hitters of the National league by four points, topping the list with a percentage of .427.

He is a wise man in his generation who can forego anything in base ball. Pottsville Miners' Contract. Especially under a management like Scranton's.

The Wyoming Stars challenge the Scranton Juniors to a game on the High School grounds on Wednesday at 4 p. m. E. Troop, manager; W. Higgins, captain.

Hickey, who played right field for Scranton yesterday, contributed much to Scranton's defeat. He will be put on the bench today and Friel sent into right field. The latter's ankle, which has been sore for some time, is now in good shape.

"Manager Zerr has telegraphed for Patchen, who formerly caught for the Scranton club. This makes fourteen men on the pay roll, and Manager Zerr says that he intends keeping them all and will do his utmost to win the pennant." Thus says the Pottsville Miners' Journal.

The activities of Providence, challenge the Erie club to a game of ball Wednesday at 4 p. m. on the Driving Park grounds; the Penn Avenue Comets for Thursday afternoon, on same grounds and same hour; the Olympic Browns Junior, at Olympic for Friday afternoon.

Lessons in Curiosity. The American artist, Waldo, was once very much amused at hearing in the New York National Academy of Design the sharp criticisms of a group of girlish art students. Waldo sent an invitation for the students to come to his house to see his pictures. There he entertained them with an account of his studies at the Royal Academy in London.

The president of the Royal Academy at that time, he told them, was Sir Benjamin West, who took a deep interest in the American students in London, partly because he was born an American citizen and partly because he knew that talented children in this country did not have the same advantages as European children in the development of their artistic talent.

One day the small American colony of students in London, pointed out the opinion of the pictures in the Royal Academy exhibition. Sir Benjamin West simply listened, and at the end invited Waldo to dinner the next week.

After dinner the president called Waldo's attention to some small wood carvings. Waldo, Sir Benjamin West pointed out the graceful lines of the carving and persistently called his attention to some attempt at giving the characteristics of nature.

"The first lesson for a man of taste," said Sir Benjamin, "is to learn what to do. Any man can find fault with, but never forget it is the peculiar province of the artist to see, to point out and to perpetuate beauty."

"After that," said Mr. Waldo, in concluding the story, "I was very careful in a picture gallery. If I liked a painting I did not like to admire a picture I went to the next."

The girlish students glanced at one another. They understood what Mr. Waldo had narrated the incident. Some, at least, of that group have not forgotten that slipshod fault finding is not art criticism.—Youth's Companion.

A Typical City of the Pueblo Indians. Isleta lies on the Atlantic and Pacific railroad, upon the western bank of the Rio Grande, on a lava promontory which was once an island, where the town takes its Spanish name. Its Tee-wahm title is Shee-ah-wah-bak.

The population, according to the census, is a little less than 1,200. It is nearly surrounded by fertile vineyards, orchards of peaches, apricots, apples, cherries, plums, pears and quinces, and fields of corn, wheat, beans and peppers, all owned by my dusky neighbors.

The Pueblos own over 10,000 acres of land, a part of which is reserved for pasturing horses and cattle.

The people of Isleta are, as a rule, rather short in stature, but strongly built. All have magnificent depth and breadth of chest and a beautifully confident poise of the head. Most of the men are wonderfully expert hunters, tireless runners and fine horsemen.

Besides ordinary hunting they have general hunts—for rabbits in the spring, for deer and antelope in the fall—thoroughly organized, in which vast quantities of game are killed.

Their amusements are many and varied. Aside from the numerous sacred dances of the year, their important amusements, as may come before them, will be held at the office of the company, No. 11 Lackawanna street, Scranton, Pa., on Wednesday, Sept. 19th, 1894, at 2 o'clock in the afternoon.
