AT THE THEATERS.

There will be much merriment at the new Frothingham theater Friday evening, when the famous comedy-farce, "The New Hoss and Hoss," will be presented, with Jacques Klinger, Carrie Sweeney, Harry Crandall, Charlie Aldrich, Hugh Ward, Charles Palmer and others in the cast. The farce is the funniest of its kind and the music and specialties will be a feature.

George Thatcher's Minstrels and Farce Comedy company in the new minstrel farce-comedy, "About Gotham," by Harry Emmet, will be the opening attraction at the Academy of Music Monday evening, Aug. 27. The story deals with the comic side of life in the Metropolis, and it would seem that the field would give the author great chances for providing fun, and when placed in the hands of such clever people as Mr. Thatcher always surrounds himself with it is safe to predict that they will not allow a chance to tickle the risibles of their audiences to escape them, and we may safely expect much to laugh at in "About Gotham."

NEW ROOMS OPENED.

Big Gathering of Republicans at West Side League Rooms—Those Who Made Speeches.

The Republican league of the West Side opened up its new headquarters last night. The evening was given up to what they were pleased to call a "house warming." There were present many of the city's prominent Republicans and many excellent speeches were heard.

A large meeting was held, Dr. W. A. Paine, chairman of the league, presided. The meeting was opened with a selection by the Columbian quartette.

Joseph D. Lewis made the introductory address. He spoke on the objects of the members of the club, stating that it was the exponent of good Republicanism and good citizenship.

E. H. House of the West Side Republican club was the next speaker. He said that the club he represented heartily welcomed the new club into the field, and was always ready to cooperate with it in advancing Republicanism in this section. Letters of regret from several well known Republicans who were unable to attend were read. An excellent selection was rendered by the Columbian quartette, which was followed in its way and composed for the occasion. The next speaker was attorney Fred W. Plaitz.

Hon. John R. Burr made a few remarks congratulating the Republicans of the city on the organization of this club. "We intend to show through this and other organizations," he said, "that we have the post of honor, and we intend to keep it. We may expect, notwithstanding the convincing evidence to the contrary, that there will be Democrats left to battle with us."

Captain Moir said: "I am a Republican and I glory in it. In looking up a party to join I found that which was morally right could not be politically wrong, so I joined the Republican party. I hope this club will grow and prosper." The Columbian quartette followed with a selection. They responded with a steamboat song.

"This league is established for good work," said Attorney W. Gaylord Thomas. "We will have the united support of the young men, and we will hold our place in the front rank of politics in Lackawanna county. I think that the funeral of the Democrats will occur on Nov. 6."

John H. Fellows, candidate for the nomination for congressman made a few remarks. "We should have principle," he said, "and no man should refuse his party. No one man runs a

NEW STEAMER WILL DO

Two Successful Tests of the New Neptune Engine—Those Who Witnessed the Trials.

The new steamer of the Neptune Engine company was tested yesterday and the account the machine gave of itself was very satisfactory. At 10 o'clock the steamer was brought to Washington avenue and Spruce street, on the corner house square and attached to a plug. The engine was started up under the supervision of Chief Engineer Ferber and when everything was in readiness the stream was turned on. There was sufficient force to send a volume of water up Spruce street one hundred feet beyond Adams avenue, and afterward twenty feet higher in the air than the pinnacle of the court house tower.

The engine was then brought to the Robinson brewery on Cedar avenue, and the hose dropped into the large cistern at the brewery to test the suction power of the engine. The full force of water was turned into the cistern and the engine put to work. It was demonstrated that the machine was capable of drawing up the water faster than it could flow in, and Chief Ferber and the members of the fire committee were satisfied with the trial. The engine was then taken to the quarters of the company and equipped for service.

Those who witnessed the trial were Chief Engineer Ferber, Barney Bosch, agent of the Seneca Falls Manufacturing company, that built the engine; R. W. Williams, chairman of the fire committee of Wilkes-Barre; George A. St. John and William Wiltmarer, of the M. E. Steamer company, No. 1, of Wilkes-Barre; Select Councilman Wade M. Finn, Common Councilman Charles H. Schadt, P. J. Hickey and Morris V. Morris, of the fire committee; the members of the Neptune company and Harvey K. Long, F. Kilmartin and Charles Riker, of the Crystal.

After the engine was housed a banquet was served at P. J. Hickey's hotel.

MR. JONES AS RICHARD III.

He Scored a Success at the Frothingham Last Night.

It is a daring thing for an actor to launch on a play of tragedy, and the character of "Richard III," for nothing but the most consummate acting can redeem the repulsiveness of the Duke of Gloucester. It is a character that requires most careful and thoughtful presentation and that Owen D. Jones, of Wilkes-Barre, scored a most successful night at the Frothingham as Richard III. He is no small tribute to his histrionic ability. He is not by any means a perfect Richard III. at present, but his work last night showed an earnestness and a careful, thoughtful study of the instincts that Gloucester accepted as his virtues which may yet bear good fruit in work cast in a somewhat different role than that which Mr. Jones essayed last night.

The support given to Mr. Jones was good, Miss Lewis, Miss Fairbrother, Miss Jones, Mr. Richards and Mr. Douglas proved that they had a proper conception of the roles entrusted to them.

MORE TESTIMONY HEARD.

Another Meeting of Commissioners in Twelfth Ward Contest.

There was a hearing in the Twelfth ward contested election case yesterday in the main court room of the court house, when eighteen of the persons whose votes are challenged in the additional bill of particulars, filed on Monday, were brought before Commissioners W. G. Thomas and W. W. Bayler for examination.

Attorney John F. Murphy appeared for the contestants and Attorney D. W. Connolly for the respondents. There will be another hearing this morning.

CHILD DIES FROM BURNS.

Its Clothing Catches Fire From Matches with Which It Was Playing.

A 4-year-old child of Bernard Koener, of Bunker Hill, died yesterday morning from burns received the day before. The child was playing with matches when its clothing was set afire, and before the blaze could be extinguished the little one received fatal burns. Mrs. Koener, while trying to save her child, was so badly burned on the right hand that two of her fingers may have to be amputated.

The funeral service at the residence was choral, and was conducted by Rev. D. Fuller, of Providence Methodist Episcopal church, and Rev. G. W. Watkins, of the North Main Avenue Baptist church, assisted by a choir from each church. After the choir had ended "Hiding in Thee" Rev. M. D. Fuller read a suitable portion of Scripture, after which the choir sang "Jesus, Lover of My Soul," followed by prayer and addresses by the clergymen, the services concluding with the hymn, "It Is Well with My Soul."
