REPUBLICAN RALLY.

Mass Meeting at Peckville-Great Enthusiasm-John R. Jones Republican Club Organized.

At 8 o'clock last evening Ledyard's hall, in Peckville, was filled with the electors of the town of Peckville and they organized a Republican club and named it the John R. Jones R-publican club of Peckville. Between 250 and 300 persons were present and pledged themselves to support the candidacy of John R. Jones for dis-

trict attorney,
The following officers were elected President, James W. Smith; vic. president, S. Newton; treasurer, William B. Stevens; secretary, E. H. Ritter. The executive committee chosen were George B. Newton, William J. Bonner, A. M. Clark, William Day, S. W. Ar-nold, D. B. Morgan, Edward Craig and

Frank L. Taylor. The following gentlemen were elect-To Show Goods and Quote ed delegates to represent the club in the meeting of Rejublican State Prices. Whereas, John R. Jones, a resident of this borough, is a candidate for the nomination of district attorney of Lackawanna county, subject to the will of the Republican county convention. Mr. Jones has resided in our midst nearly the whole of his life. He is well and favorably known. He is just, conscientious and able. It is with just pride that we claim John R. Jones as a citizen of Blakley. We are proud of him; proud of his ability, proud of his elequence, proud of his spotless integrity and unblemished character. The valley between Carbondale and Scranton qualities, the finish and the prices are the best. ticket, neither has it ever been recognized since the erection of Lackawanna county in the distribution of county officers, yet she casts a very large Republican vote and is an important factor in Republican pol-tics of lackawanna county. The city of Scranton claims congress, judge, s=nator. Scranton claims congress, judge, senator, prothonotary, sheriff, treasurer and recorder. We call upon the Republicans throughout the county and the leaders of the party to recognize this valley by placing John. R. Jones upon the ticket. It appears to us to be unfair to locate all the best offices in Scranton. We believe that with his name upon the ticket this valley will go Republican the ticket this valley will go Republican by the largest and most sweeping majority ever cast in the history of our county. By his charity and kindness to the poor and people in distress he has won a firm place in the hearts of all our people. Therefore,

Resolved, That this club be instructed to use every honorable means to bring about the nomination of John R. Jones, esq., for district attorney

The Peckville band discoursed excellent music. A number of good speeches were made. John R. Jones moved the following resolution, which was carried with great applause.

Resolved. That the delegates chosen to Resolved, I hat the delegates chosen to represent this club at the meeting of the Republican State league, at Harrisburg, Sept. 5, be instructed to vote for Major Everett Warren as president of the league, and that they do all in their power to bring about his election. Major Everett Warren is a lawyer of great ability. He is a thorough student of the political issues of the day, and the Republican state league could not make a wiser and better noice than by selecting him as their presiding officer.

A most interesting lecture was given in the Episcopal church Wednesday evening by Dr. Saadi, a native of Syria. He gave a brief and concise description of Mohammedanism. The custom of the Mohammedans, their beliefs, and ideas regarding women. He also gave reminiscences of the Nile expedition, with which he acted as interpreter. The march for the relief of General Gordon and of that noble general's untimely death by the hands of his perse-cutors, whom he loved. Dr. Sandi was converted to an active Christian worker during this campaign by the words of a private soldier. He is now preparing for a college course that he may be able to go back to Morocco a priest. His mode of converting the Mohammedans to the Christian religion is unique and effectual. When testing the eyes

of his patients his cards bear Scripturnames and verses, and he often has his patients try their eyesight by reading which is always done from the bible He also employes other means. Dr. Saadi speaks with a peculiar accent but with a clear voice and an earnest

manner that captures his hearers. Fred Herbert left for Philadelphia yesterday to resume instruction there. George Tolley, of New York city, is

visiting his parents here. Hotel Wayne will be the headquarters of the meet of the Maple City wheelmen Oct. 4 The rate to wheelmen will be \$1 a day.

It is said that the Luckawanna Traction company now operating the street railway in this borough, will in a short Mrs. Dr. F. D. Lamb and daughter time take off the car now running beline. Surveys were made on Tuesday with a view to the changing of the br nch at the head of Plane C. It is likely to be removed further down toward the foot of Dutch hill. When this is done cars will run from Carbondale to the end of the line without change. It is almost needless to say that this change will be appreciated by the patrons of the road, who are now obliged to pay two fares within the borough limits.

A GREAT PROPHET.

What He Has to Say About Foretelling the Weather and Preserving the

Probably no man connected with the Weather Department is so well known or pupular as Elias B. Dunn, who has charge of the Bureau in New Pork city. He is a bright, happy man with a clear eye and a springy gait although his

duties and cares are numerous.
"How do I keep well and fat and chipper," he said recently to a newspaper man who asked him the ques-tion, "why I look after my health carefully, that's all. No matter how hard he gales may be or how much responsibility for the weather I have on my shoulders, I look out for my digestion v-ry carefully. I am a fi m believer in modern discoveries and I have found that the pre-digested food Paskola does wonderful things for those who use it. I use it in my family and find that it not only is a food that enters quickly into the blood and life but that it aids all other food to digest. People who wish to be up to the times and avail themselves of all he modern discov--ries or improvements should by all means use Paskola. If you are not thoroughly posted about it and want to know more, go around to the com-pany's office at 30 Reade street, New York city, or better still send for a

pampulet giving full particulars about it. I tell you you will never regret it." Sergeant Dunn evidently believes horoughly in everything he undertakes, and he is just now utilizing the electric search light in which he is interested, in throwing the word Paskoa upon the clouds and walls where the light is employed. All that can be learned from what he says regarding Paskola is more than true and it is by no means surprising that it has become o popular.

A pamphlet giving full particulars bout Paskola will be sent on application to the Pre-Dig-sted Food Co., 30 Reade St., New York.

A lover of the curious in numbers has figured out some interesting facts concerning the city of Berlin. The city has 210 miles of streets, so that a person might walk ten days in the German capital without going up or down the same street twice. If the 1,400,000 inhabitants were to turn out at a grand review, and march in double file, they would form a line 750 miles in length, a column long arough to reach nearly entirely across France. If the citizens should all determine to start on a journey on the same day and at the same time all the cars in Germany would accommodate but two-thirds of their number. If formed in a single file, each with his hand on the other's shoulder, the column would be nearly 2,000 miles long. If separated until only within speaking distance of each ether, the column would be a human telegraph line long enough to reach from Berlin to Calcutta, India.-St. Louis

Republic. Seventeen Dollars for a Mustache. Albert Broers, a Berlin butcher, noted for his long, black, handsome mustache, went on a trip to Landsberg, his native place, where he was joined by three fellow tradesmen—the two brothers Gerbitz and Lehmpfahl. The four went to dine at a restaurant, after which they began to discuss Herr Broers' beautiful mustache. Growing excited over the pleasing theme, the question was raised how much the wearer would take for it, and it was at last agreed to put up the mustache for sale by auction. The bidding was brisk, and the article was finally knocked down for ninety-four marks. A barber was called in, and after the operation the butcher wended his way minus his kirsute adornment, but with a substantial equivalent in cash, home to the bosom of his family. -Berliner Tageblatt.
