

### "My Fig Cake

is splendid; in fact," says a young housekeeper, "it is almost too good. It seems as though I were making cake all the time for donations or church fairs or some committee. I tell them if they will follow the recipe in your cook book and use Cleveland's Baking Powder they can make cake just as nice as mine. I am sure I never made such a cake before. Thanks both Cleveland's baking powder and the cook book."

The recipe book is sent free on receipt of stamp and address.

### CITY NOTES.

Tribune readers leaving for their summer vacation can have their favorite paper sent to them without extra cost by notifying this office of the desired change in the paper's address.  
This afternoon and evening the Naylor & Co. company will picnic at Wahler's grove.  
Bauer's band will hold its annual clam-bake and picnic at Wahler's grove next Thursday.  
There will be a month's mid high mass of requiem at 8 o'clock to-day at St. Peter's cathedral for the late Owen Cusick.  
The sale of the Arcade leasehold which was announced to take place last Saturday, has been postponed until September 26.  
The Callender family reunion will take place on the Baptist Church grounds at Brown Hollow, Scott township, Friday, Aug. 31, 1894, at 10 a. m.  
The regular meeting of the Green Ridge Women's Christian Temperance union will be held at its room, 615 Green Ridge street, this afternoon at 3 o'clock.  
Fifty members of the H. N. Dannel Division, Uniform rank, Knights of Pythias, left yesterday for Washington to attend the national encampment.  
Today the Heptastoph's excursion go to Glen Okeoka. Bauer's band will accompany the party and discourse concert and lance music. Train leaves the Delaware and Hudson depot this morning at 7.45.  
The business misunderstanding between W. Gibson Jones and Meredith L. Jones, and the Traders' National bank, announced last evening, has been amicably adjusted without discredit to either party.  
William Lian Allen & Co., the Spruce street stockbrokers, with this issue begin to supply The Tribune with daily revised quotations of the leading active securities.  
This service will doubtless be much appreciated.  
The funeral services over the remains of Mrs. Ann Coyle took place yesterday morning at St. Paul's Catholic church, Brown Ridge. A requiem mass was celebrated, after which the remains were taken to Carbondale for interment.  
PARRY'S MILWAUKEE BEER, cool and sparkling, at Lehman's, Spruce street.  
We are clearing out the whole of our stock of fine etchings. Chicago Art Co., 27 Penna avenue.  
The \$40,000 School House for Columbia avenue has been let and will be commenced immediately. There are still a few lots left at a low price.

### WITHERS WAS WARM

Paper Manufacturer Indignant Over the Awarding of the Supply Contracts.

### SPEAKS RIGHT OUT IN MEETING

Does Not Question the Honesty of Supply Committee but Doubts Their Knowledge of Paper and Has Scales Along to Prove That They Were Not Right in Awarding the Bids as They Did.

W. H. Withers, manager of the Withers Paper Manufacturing company, of Penn avenue, appeared before the board of directors last night and questioned with a large interrogation mark the supply committee's knowledge of paper and judgment in awarding the contracts for furnishing that article.

When the report of the supply committee had been read, Mr. Withers secured the privilege of the floor and stated that in the advertisement for paper the committee asked for "Oakland Mills" or its equal; that his bid was at "Oakland Mills" and was at the rate of 1 1/2 per pound or \$1.15 per ream; that the contract had been given to Reynolds Bros., for \$1.25 per ream; that Mr. Withers' commercial note paper his bid was 69 cents and the contract was given at 78 cents per ream; that on tables he had underbid Reynolds Bros., \$3.50 per thousand but the latter firm had secured the contract. Further, he stated, that last year Reynolds Bros. had bid on 100,000 pound book paper but had supplied thirty-five pound newspaper. He said he had his scales and samples of paper with him and was ready to prove his assertions.

There was a silence for a few moments at the conclusion of Mr. Withers' remarks and then Mr. Wormser arose and moved to have an investigation. He said the board could not afford to have the assertion go abroad unchallenged that more was being paid for supplies than what they could be secured for.

### WITHERS WANTED FIVE MINUTES.

Mr. Jacobs, chairman of the supply committee, did not look with favor upon giving so much importance to Mr. Withers' allegations, and said that the committee did what it thought was best and was quite positive that it had done its duty.

Mr. Withers here asked for five minutes to prove his assertions. Mr. Jacobs wanted to know why Mr. Withers had not appeared before the committee with his information before the bids had been awarded. "We told him when we were going to meet" concluded Mr. Jacobs. "Yes you did! You did like fun," retorted Mr. Withers.

Mr. Barker stated that Mr. Withers' bid was \$1.15 instead of 1 1/2 cents per pound, and Mr. Withers claimed and produced the original bid to prove the statement. Mr. Withers was surprised to see that the figure he had intended for a one looked somewhat like a five and had deceived the committee. Mr. Schriever stated that the Withers bid was in a chaotic state, and that the committee could not make head or tail of them. He did not submit samples of pads as called for, but a lot of paper.

Chairman Jacobs of the Supply committee then remarked that as the honesty of the committee had been called into question he would insist on an investigation. Mr. Withers jumped up and said that he had never doubted the committee's honesty, but he questioned their knowledge. Thereupon Mr. Wormser withdrew his motion for an investigation and the committee's report was adopted, as follows:

### THE REPORT ADOPTED.

We recommended that the following contracts for supplies be awarded, these bids having been found to be the lowest and best:

To Price & Root: Twenty-five reams of commercial paper at 75¢; 175 reams foolscap at \$1.25; 150 dozen of teachers' lead pencils, eagle mercantile, at \$2.35 per case; 400 boxes enameled crayon at 5¢; 25 boxes colored crayon at \$2.00; 300 Easterbrook pens, No. 128, at \$1.50.  
To M. Norton: Two barrels Carter's School black ink, at \$1.30; 100 boxes slate pencils, at \$5¢; 300 boxes enameled crayon, at \$5¢; 50 dozen Andrew's fast eraser, at \$5¢; 100 dozen noiseless slates, at \$2.  
To Reynolds Bros.: Two hundred and fifty reams of No. 140 paper, No. 1, 40¢; 500 reams at 70¢ per gross; 15 gross Eagle Drawing pencils, at \$1.70; 500 dozen pupils' pencils, Eagle, No. 140, at 67¢; 10 dozen pointed, at \$1.25; 30 boxes rubber bands, No. 16, Faber, at 11¢; 10 pounds pencil eraser, No. 86, at 62¢; 50 waste baskets, \$4 per dozen; 100 feather dusters, at \$2.75.  
To C. B. Pratt, 100 packages No. 12 Manila envelopes, at \$2.50 per M.; 500 packages No. 6 XX white envelopes at 9¢ per M.

To William P. Connell & Sons: 25 granite water pails at \$9 per dozen; 25 wash basins at \$2.90 per dozen.  
To Howley Bros., 125 dippers at \$2.70 per dozen; 75 dust pans at 70¢ per dozen; 250 brooms at \$2.50 per dozen.

A committee from the recently annexed Bellevue district, consisting of John Hale, Edward Harris and William F. Williams, appeared before the board to ascertain what the board intended to do about furnishing a school for the district. Williams stated that the Bellevue school house was destroyed by fire in December last. The Lackawanna township board refused to put up another building, alleging that the township was not bound to do so, inasmuch as the Bellevue district was about to become a part of Scranton.

### PUPILS PROVIDED FOR.

The committee answered this by calling the attention of the township to the fact that it had collected the school taxes from the Bellevue district. The township had also attempted to collect the taxes there for this year but the Bellevue people secured an injunction restraining the collector. Mr. Hale said the object of the Bellevue people was not to avoid the taxes but to have them properly applied.

On motion of Mr. Williams the teachers committee was instructed to have the old building in the Fifteenth ward repaired, and to assign teachers there for the present to take care of the children of Bellevue. The committee thanked the board for their action.  
On motion of Mr. Carson the janitor at No. 12 was granted a salary of \$15 per month.  
On motion of Mr. Welsh the bond required as an accompaniment with high school bids be reduced from \$50,000 to \$25,000. This was adopted, and on motion of Mr. Mabon the secretary was instructed to change the advertisement accordingly.  
Bids for shades and spring rollers for No. 12 were received as follows: M. Norton, \$89.64; Kerr & Siebeck, \$108.42; Williams & McAnulty, \$134.92. The contract was awarded to M. Norton.  
Mr. Davies, architect for No. 19 suggested a few slight changes in the heating and ventilating system of No. 19 and, on motion of Mr. O'Boyle, Hunt

and Connell were permitted to make these changes if they would be no extra expense.

The pay roll for the month for officers and janitors was: officers \$128, janitors \$128.50.  
Professor Gibbs, of Danville, inventor of the Arctometer sphere, addressed the board and explained the workings of his apparatus, which is intended to assist the pupil in the study of physical geography and astronomy by furnishing an object lesson in these studies and making it possible for teachers to easily explain the wonders of the universe.  
An agent of the Tally Thermometer company, spoke on the advisability of introducing his thermometers into the schools for the purpose of regulating the temperature of the room.

### ACADEMY OF MUSIC REOPENED.

Thatcher and His People Fr. Good Entertainers in About Gotham.  
The Academy of Music opened its season last evening with "About Gotham," a skit which enables George Thatcher and his company to display their varied talents. During the summer months the theater has been greatly beautified and the drama, now last night were much pleased with the transformation. It is cozy, neat and pretty.

Manager Burgunder was fortunate in the piece selected for the opening night. "About Gotham" is not destined to live in the history books, drama, nor was it built for that purpose. It was simply intended as a medium for Thatcher and his people to get before the public and it serves its purpose admirably.  
It is laughable and entertaining and just such a warm weather diversion as the average theatre goer likes to patronize. Thatcher was as droll and clever as of old, and some of those who assisted him in the work of entertaining were Carroll Johnson, Ed Marble, E. C. Johnson, Fred Oakland, William Thompson, William Griffin, Ed Marks, Dan Egan, the Bannister sisters, Florence McKinley, Alice Blauvelt, Cecile Lorraine and Cora Carlisle.

### IT AFFECTS THE GLASS TRADE.

New Tariff Bill Has a Depressing Effect on It Already.

The Green Ridge Glass works will not resume operations on Sept. 1, as expected, and the management is unable now to say just when it will be possible to again light the furnaces. The tariff bill is responsible for this. At present the outlook for the present season is not very bright. It is customary for the glass factories all over the country to light up about Sept. 1, but this year they are not planning to do so. The new tariff bill makes a 25 per cent. reduction on glass which will greatly interfere with the American industry and enable European goods to make serious inroads on the trade of the American factories in the home market.

### DIED IN HOBOKEN.

Patrick Walsh Formerly of the West Side Expires Suddenly There.

Patrick Walsh, a young man, son of Miles Walsh, of the Continental, died suddenly in Hoboken yesterday. A telegram was received by the family last night but it contained nothing of the cause of the young man's death.  
John Walsh, a brother of the dead man, and his mother left for Hoboken last night to return with the remains. The funeral will be held on Thursday afternoon at 3 o'clock, interment being made in Holy Park cemetery.

### LOCAL INDUSTRIAL NOTES.

Contractors say that the demand for work this summer is not so great among laborers as it was last year.  
An effort will be made this week at the South works to break the record made for the best previous week.  
Work at the car shops of the Delaware, Lackawanna and Western is picking up and the employes are making nearly full time.

The Scranton Ala works resumed operations yesterday after a short period of idleness, and the outlook for the fall and winter is exceptionally bright.  
The "Tunnel" mine of William Connell & Co., having been operated continuously for the past thirty days, is still furnishing coal. It supplies on an average forty cars of coal daily to the national colliery.  
At 3 o'clock tomorrow afternoon the manufacturers' committee of the board of trade will meet in the rooms and a conference will be held between the committee and a gentleman whose purpose it is to build a carpet factory in this city if satisfactory conclusions are reached.  
The representative of the factory is at present general manager of one of the largest carpet manufacturers in the United States, and is adverse to allowing the use of his name in anything more definite than done. If he concludes to locate in Scranton a plant costing at least \$100,000 will be built, and of that sum the gentleman himself promises to take a large share of the stock. The proposed factory, it is estimated, would furnish employment to 100 hands in the beginning. There has been no certain part of the project since the most probable site. Tomorrow afternoon meeting may bring forth something of interest on the subject.

### To the Republican voters of Lackawanna County:

I hereby announce that I will be a candidate for the nomination of recorder of deeds, subject to the decision of the Republican county convention.  
Geo. H. SHIRES.

### The Chain Gang D. D. H.

Captain Edwards says that tramps are scarce in this city. The officers report to him that although they make nightly hunts, not a single tramp can be found. The light brigade which were at work on the chain gang were discharged Saturday night, and with their departure the last specimen of the genus tramp left the city.

### Wood's College of Business and Short-hand.

The Best Week. So many never came before. Parents, guardians, young men, young women, ruddy faced boys and thrifty girls. The whole faculty busy, describing the work, showing the rooms and writing scholarship. Bratton is the Opening on Monday. Students from a distance, from adjoining towns and from all parts of the city will enter on Monday.  
The Reception. In the evening a reception will be given to all the old students and to those who wish to enter this term. Many invitations were returned because of change of residence. Let this be your invitation. A souvenir for all.  
Free Tuition. A large number of our old students who bought scholarships from us have been offered free tuition by another school. Think it over. It is generous or selfish? Will it pay?  
A Large and Competent Faculty. Shall an institution stand still? Bratton is the proper ornament for the top of a man. For culture, practical experience and pedagogic skill our teachers excel.  
A \$5,000 fund in the hands of the management to aid worthy young men and women who must pay their tuition on the installment plan.  
Your people who can furnish good recommendations as to character and thrift are invited to become the beneficiaries of this fund.  
We invite you to visit us.  
F. E. WOOD, President.

### BOOMING THE VIADUCT

Hyde Park Citizens Hold a Public Meeting to Agitate Its Construction.

### WILL BE URGED UPON COUNCILS

Spirited Addresses by Prominent West Siders and Resolutions in Favor of the Contemplated Improvement—A Committee Appointed to Wake Up the Councils to the Necessity of the Viaduct—Details of the Meeting.

A public meeting to further the project of constructing a viaduct over the Delaware, Lackawanna and Western tracks on West Lackawanna avenue was held in St. David's hall last night. The meeting was under the auspices of the West Side board of trade, and was called by a special committee of that organization which has in hand the booming of the viaduct.

The hall was crowded with the representative citizens of Hyde Park, and all were enthusiastically in favor of the movement. W. G. Thomas was chosen to preside and C. E. Daniels was elected secretary. Addresses were made by Mr. Thomas, Hon. T. V. Powderly, Hon. John R. Farr, Councilmen Victor Lauer and William Thomas and A. M. Morse.

The culmination of the spirited addresses was the adoption of the following resolutions presented by a committee consisting of D. D. Evans, T. Fellows Mason and Charles E. Daniels:

A VIGOROUS RESOLUTION.  
Whereas, The people of the West Side, city of Scranton, numbering nearly one-third of the population of the entire city, and consequent thereto, payers of a large proportion of the city taxes, have for years advocated the erection of a viaduct over the Delaware, Lackawanna and Western railroad tracks, said viaduct finding expression on the board of trade and other channels; and

Whereas, The need of said viaduct grows greater daily as population increases and the demand for several months ago, and must continue to be the chief medium of communication between the central city and the West Side; and

Whereas, There is a constant and menacing danger to pedestrians, equestrians and occupants of vehicles, but particularly to the thousands who daily ride in street cars, the said danger having several times in the past resulted in collisions between street cars and railroad trains, and in other escapes at the railroad crossing aforesaid; and

Whereas, A large part of the voters of the West Side were led to believe in February last, when the ordinance for bonding the city in the sum of \$250,000 to erect the proposed viaduct in such an extent that the viaduct would be built, costing their votes in favor of the bridges on the strength that it would be supported and

Whereas, The city councils have allowed to its dormant for several months an ordinance providing for the construction of the viaduct when the decision of court— which is given as one strong reason for the delay—was to the effect that the ordinance would only have to be passed, but the viaduct not necessarily built before the appointment of viewers, and

### MATTER OF DAMAGES.

Whereas, The question of damages has arisen in connection with the building of the viaduct, and it is the duty of the city to give as another great stumbling block to the taking of the necessary steps; therefore be it

Resolved, That we, the citizens of the West Side, in public meeting assembled, on Aug. 27, 1894, believing that the damage aforesaid has been exaggerated as the city is not responsible for the same, and hereby call upon the city councils to take up for action the ordinance providing for the viaduct which now lies in the select council's hands, and be it further

Resolved, That in view of the urgent needs and the promises made to her West Side citizens during the bridge campaign that the West Side citizens should be urged upon councils the necessity of keeping faith with the citizens by doing all that lays in their power to build the viaduct, the result of which can only be its construction. It is also

Resolved, That in order that the councils may be cognizant of the action of this meeting, this preamble and resolution be printed in the daily papers, and forwarded to both branches of the city councils. Be it

### SPECIAL SESSION OF COUNCILS.

Both Branches Will Meet to Transact Important Business.  
Owing to the fact that next Thursday will be the fifth Thursday of the month no council meeting was scheduled, but as there is a big rush of business and both branches of council have arranged for meetings that evening.

The common council's session will be an adjourned one. Its principal work will be the passage of the bridge ordinance on final reading. Inasmuch as these measures were amended in common council, select council will again have to act upon them. Another important reason for the special session of select council is that they will have to act before Sept. 1 on the ordinance extending the time for the collection of city and city special taxes until Jan. 1.

### LIPTON LIPTON LIPTON

What about HIM? Greatest "Ceylon" Teagrower in the world. We are his distributing agents for Northeastern Pennsylvania. Just think! 45c., 50c. and 60c. for the same "Ceylon" or "Blond" Tea that others ask \$1.25 for. One-half the quantity of "Ceylon" Tea required in drawing, which makes the cost so low. Everybody is buying it. Sold only in sealed cans.

**E. G. COURSEN,**  
429 Lacka. Ave.  
Trade Price to all Dealers

to make the measure operative, Sept. 1 being the limit of time now fixed for collection.

### WILL NOT RETARD WORK HERE.

Failure of the Pottsville Company Will Not Affect Contracts Here.  
The failure of the Pottsville Iron and Steel company was only a little family affair and will not interfere with the work which that company has in hand in this city.

Owing to the fact that three of the grandest improvements contemplated in this city, the 10-story Mears' building, the Hotel Jerny and the Nay Aug bridge, which is the only key to the Boulevard, depended for their early completion upon the company, there was considerable talk and many conjectures occasioned by the announcement of their failure.

W. A. Malony, foreman of the company, yesterday started work on each of the three contracts. A boiler and engine were put in place at the Mears' building and a gang of men were sent to Nay Aug to unload a car of the bridge iron which arrived yesterday.

Mr. Malony said all three jobs will be pushed to a hasty completion. They can work day and night if necessary. Colonel Schoonmaker says he has assurances that the bridge will be completed Sept. 23.

### STABBED IN THE FACE.

During a Fight Her Husband Used a Knife on Her.

John Gaffney and his wife, Ann, yesterday engaged in one of their customary fights, during the course of which the woman was stabbed in the face by her husband. The knife struck her on the left cheek making a gash which required three stitches to close.

With her clothes covered with blood she went to Alderman Fitzsimmons' office to have her husband arrested. The alderman issued the warrant and also directed that Mrs. Gaffney be locked up, as she was beastly intoxicated.

### WOOD'S COLLEGE RECEPTION.

Former and Present Students to the Number of 2,000 Attend.

The reception given at Wood's business college last evening to mark the opening of the fall term was attended by over 2,000 of the former and present students. The rooms which were given over to the reception were prettily decorated with potted plants. Baner's orchestra discoursed melodiously, and during the evening, songs were rendered by Edward Walsh and Arthur Wooley, and Professor Carter gave instrumental solos. Refreshments were served and tasteful and appropriate souvenirs distributed among the guests.

Besides being a social success the reception by reason of its large attendance, evidenced in a degree the extent of the work that has been accomplished by this school.

Binghamton Industrial Exposition.  
That the exposition this year will be a larger and more magnificent one than ever before attempted is an assured fact. The management have taken hold with a determination to excel and have succeeded in securing exhibits, varied, rich and costly, and that will certainly be instructive and entertaining. The fair will open on Thursday, September 6, when the Binghamton Athletic association will have their first bicycle meet under the auspices of the exposition management; \$800 worth of prizes will be given, and the different events will be continued in the evening when the grounds will be lighted by electricity. Saturday, September 8, will be children's day, and it is expected that 6,000 children will be present. The amusement programme will be a grand success. The greatest artists in their line have been engaged at immense expense. The world-renowned juggler, Severns Schaefer who has no peer in his specialties, will make his first appearance in Binghamton.

There will be a troupe of ten Japs who will appear daily during the season and amusing performances, also chariot races by lady and gentlemen riders in magnificent Roman costumes, driving thoroughbred horses, given double team, Roman standing and hurdle races. There will be balloon ascensions daily and other exciting and entertaining events. Tuesday, September 11, Governor Benscholtz will be at the fair, and will be escorted by the Twentieth Separate company, and other visiting companies of the National Guard, state of New York. Wednesday, September 11, will be Men's day, and it being the week of the great council of the United States, there will probably come by excursion from all parts the largest crowd of visitors that ever was in the city.  
The low price of admission to the fair 25 cents, makes it possible for all to go.

### COPYING BOOKS AND PRESS.

FRATT'S BOOK STORE.  
Tomorrow at Fairview.  
A delightful excursion will be conducted by Conrad's band to Fairview tomorrow. Prof. Johnson will furnish the music for dancing a piano having been taken to Fairview for that purpose. The Conrad band will give a concert in the afternoon. It will be one of the most enjoyable excursions of the season, especially for young people.
