The committee consisting of Messrs. Brennan, Abbott and Hines, who were appointed at the last meeting of the school board to investigate the alleged charges preferred by M. N. Donnelly, against a certain principal of the borough schools, met last evening in the High School building to hear what evidence, if any, might be offered. It having become known that Superintendent Shiel was the principal, Mr. Donnelly was attacking that gentleman appeared before the board with his counsel, Assistant District Attorney, P. A. O'Boyle. Nothing in particular was transacted at the meeting except to mold a mode of proceeding. Having accomplished this the board adjourned to meet at the call of the chairman. The meeting was held behind closed doors, only the committee, the accused and attorneys Donnelly and O'Boyle being present. The coroner's jury empaneled by Squire Elbert to inquire into the death of John Cordish, who died at the hospital from wounds supposed to be due to injuries received in the mines, met at the hospital last evening to hear what evidence might be offered in evidence. Dr. Burlington, of Duryea, was sworn, and stated that several confidants of Cordish's told him conflicting stories as to how Cordish received his injuries. Some said he received them in a fight, others said in a quarrel while more said he was struck by a car. Dr. McFadden, McKean and Hileman were sworn. Dr. McFadden detailed at length the result of the treatment given the injured man and the autopsy. In his opinion he thought the deceased had been struck by a blunt instrument. Dr. McKean and Hileman corroborated their colleague's story as given. The jury thereupon went into executive session and after carefully reviewing the testimony rendered a verdict that "John Cordish came to his death from wounds inflicted by a blunt instrument in the hands of a party or parties to the jury unknown."

What came near resulting in a tragedy occurred on South Main street yesterday afternoon at the intersection of Swallow street. At the point indicated a two seated surrey, drawn by one horse and containing four men, about 4 o'clock, was returning from a funeral. The occupants of the carriage were driving at a lively rate and attempted to turn into Main street. They had no sooner done so than an electric car, in charge of Motorman William Burke, running at a lively rate in a northerly direction struck the wagon. The crash was so sudden that it shattered the rig to kindling wood, crushed and cut the horse in several places. The occupants by nothing more than the intervention of Providence escaped uninjured. It was apparent to all who witnessed the accident that responsibility rested entirely with the man in the carriage. Many passengers in the car became nearly hysterical when the crash occurred. The marriage of Richard Loney to Miss Ella McQueen took place in St. John's church yesterday afternoon at 5 o'clock. The ceremony was performed by Rev. Late Tuesday night a serious wreck occurred on the Lehigh Valley road between Ransom and Falling Springs. Freight train No. 540 was coming down the road at a lively rate, when an axle broke on the third car from the rear. The car was thrown from the track, as also were the two cars following and the caboose, and all were badly wrecked. The three cars were loaded with beer. A local freight train that was following the wrecked train ran into the wreck and the engine was somewhat damaged. So far as could be learned no one was hurt. The Coxton wrecking crew were called out to clear the track, and they were compelled to work all night. Treasurer W. L.
