NOW FOR THE BRIDGES

Ordinances Are Finally Passed by Both
Branches of Councils.
SIMULTANEOUS SESSIONS ARE HELD

Viaduct Ordinance Reported Upon
Favorably and Referred to Printing—
B. F. LaRue Appointed a Con-
sulting Bridge Engineer—Mova for
a Market Place—Time for Collec-
ting Taxes Extended—Passenger
Railway Company Again.

Both councils met last evening, the
select in special session and the com-
mon in adjourned session. Much busi-
ness was transacted by each branch
and many measures upon receiving the
approval of one council were straight-
way transferred to the other for con-
sideration.

The bridge ordinance, which were
in the hands of common council, were
passed on third reading in the lower
branch and then sent over to select,
which approved of the amendments
that had been made to them by com-
mon after they had left the hands of
select. Although they were slightly
disfigured select council gladly wel-
comed them back from the abyss into
which they had fallen and lost no time
in putting the finishing touches to
them. They are now ready for the
mayor's signature.

An attempt was made in common
council to go into committee of the
whole for the purpose of amending the
bridge ordinance, but it was defeated.

In select council the viaduct ordi-
nance as amended was reported favor-
ably by the special committee
through Mr. Thomas, and by unanimi-
ous vote of council the ordinance was
referred to printing.

The ordinance providing for paving
Franklin avenue was favorably re-
ported and referred for printing. The
streets and bridges committee through
Mr. Thomas recommended that
O'Boyne street, formerly Fifth avenue,
be changed to Broadway. The reason
mentioned was embodied in a resolution
which was adopted. The resolution
calling for competitive bridge
plans was adversely reported from the
streets and bridges committee and
council approved the report of the
committee.

APPOINTMENTS CONFIRMED.
Thomas Sims was nominated by the
mayor and confirmed by council for the
position of inspector of Legett's
creek culvert. For the important po-
sition of consulting engineer in the con-
struction of the bridges, the mayor
nominated Benjamin F. LaRue. Council
confirmed the appointment.

Mayor Council, in a communication,
spoke of the necessity of policing Nay
Aug park, and asked that a resolution
providing for the appointment of two
policemen for the park be passed at
once. Mr. Lauer questioned the prop-
erty of creating offices by resolution,
and on his motion the matter was re-
ferred to the police committee.

Mr. Lauer introduced a resolution
providing for the advertising for pro-
posals for the construction of the
bridges. The resolution provides that
the bids shall be referred to the joint
streets and bridges committee and
when they are ready to report the
mayor shall within four days after
reading call a joint meeting of both
councils to pass upon the report. Mr.
Lauer explained that his resolution
intended to save time and prevent the
liability of a dead-lock.

NEW MEASURES INTRODUCED.
The following new measures were in-
troduced: A resolution directing the
city engineer to make a survey of
Millin avenue in order to ascertain
whether or not private parties are en-
croaching on the roadway; a resolution
directing the city engineer to estimate
the cost of placing the iron bridge, now
used on North Main avenue over Leg-
gett's creek, at Wells street; a resolu-
tion correcting the sewer assess-
ment of Michael Spellman; a resolu-
tion directing the city engineer to
estimate the cost and make plans for a
water sewer on Capone avenue; a
resolution directing the building ins-
pector to prepare plans for a barn for
the Excelsior Hose company; a resolu-
tion permitting John T. Fitzpatrick to
replace the parapet wall at the Dodge-
town bridge with an iron railing. All
these measures were concurred in by
common council.

Mr. Manly introduced an ordinance
granting the Valley Passenger Railway
company permission to construct and
operate an electric railway along the
following route: Beginning at the in-
tersection of Cedar and Hickory and
extending along Hickory to Pittston,
from Pittston to Moccasin, Prospect,
Henlock, to Stone, to Beech, to Crown,
to Maple, to Meadow. The ordinance
was referred to printing.

MORE TIME TO PAY TAXES.
Under the head of concurrent busi-
ness the resolution extending until
Jan. 1 the time for collecting city taxes
was passed; and the veto of Mayor
Council of the bill of the Sunday News,
which was passed over his head in com-
mon council, was sustained in select
by a tie vote.

A resolution granting Arthur Frothing-
ham permission to pave and improve
the Oakford place entrance in
select council, but sent to a committee
in common, when it went over for
concurrent passage.

Mr. Roche made the first step toward
a public market place by introducing a
resolution providing that a commission
be appointed to investigate and report
on the matter. Messrs. Roche, Sanderson,
Finn, Clark and Williams were
appointed on this committee.

TWO SPLENDID CONCERTS.
Given by Bandmaster F. N. Jones and
His Players and Vocalists.

Bandmaster F. N. Jones and his su-
perb New York band, delighted large
audiences at the Frothingham yester-
day afternoon and evening. He was
assisted by a quartet of able artists in
the persons of Miss Martha Garrison
Miner, soprano; C. C. Ferguson, tenor;
Miss Louise Engel, alto; Bowman
Ralston, basso.

Mrs. Miner has a remarkably sweet
voice and rendered her solo, "Roméo
and Juliet" by Gounod, most pleasingly;
the other members in their parts did
equally well.

Mr. Jones is a master of the trombone
and in a march composed by him en-
titled, "The Chronicle Telegraph
March," dedicated to the twenty-eighth
annual encampment of the Grand
Army of the Republic, he did some ex-
cellent work on that instrument.

The descriptive piece entitled "War
and Peace" was rendered in most mas-
terly style in the evening. The piece
briefly described first a call to arms,
departure of the boys in blue for war,
their return, restoration of peace, etc.

STREET RAILWAY WAR

Supervisors of Lackawanna Township Have
Donned Their War Paint.

Extension of the Greenwood Street
Railway Company Line Will Not Be
Built Until the Company Agrees to
Give a Bond to Supervisors—They Must
Withdraw a Bond to Supervisors—Attor-
neys Will Hold a Conference Today.

There is more trouble brewing be-
tween the Scranton and Pittston trac-
tion company and the supervisors of
Lackawanna township. Contractor P.
S. Page yesterday got ready to begin
the extension of the Minoqua and
Greenwood line. The material is dis-
tributed along the road leading to
Mooosie.

The right of way over this road was
granted to the company in 1893 by P.
J. Connolly and William R. Jones,
then supervisors of Lackawanna town-
ship, and by virtue of this grant the
company prepared to build track. The
present supervisors served notice on
Contractor Page that if he began the
building of the tracks, they would re-
quire him to leave the driveway in as
good a condition as he found it.

Right here is the point where the
rab comes in. If the company agreed
to widen the road to make it passable,
the expense entailed would amount to
an enormous figure. The supervisors are
determined that the company must file
a bond sufficient to indemnify them
against all probable damage suits, as
well as guarantee that the road will be
widened.

From the present terminus of the
line to Mooosie, the turnpike road is
very narrow and a street car track
would occupy it almost wholly. The
ground is a bed of hard pan, and tons
of dynamite would be required to
blast it.

If the company consents to do what
the supervisors want it to do, the
dividends for the next ten years will
not be worth disturbing; and the
supervisors are determined that the
road must be widened.

A conference between the lawyers
on both sides today may bring about
amicable proceedings.

THE MOODY MEETINGS.
Programme That Has Been Mapped Out
for Sunday.

Some one has said of the great evan-
gelist, D. L. Moody, that he is so con-
scientious that he cannot see a great
crowd or hear of a great crowd with-
out longing to preach the gospel to
them.

It was this desire that first led him
to teach the ragged urchins of Chicago.
It was this desire that brought to him
the power and the opportunity to sway
large numbers of men and women
than any man on earth has ever done.

In spite of intense weariness from
over-work, the result of his great
campaign in Chicago, Mr. Moody has
not rested but has gone from one city
to another with his workers, and as
one of them said recently he has never
preached with such force and power
as now.

Scranton owes a debt of gratitude to
Mr. Moody which can never be repaid.
Not only for the personal blessing
which came to many through his in-
fluence, but for the splendid monu-
ment created in a large measure
through his instrumentalities—the
Young Men's Christian Association
building from which there is going
forth constantly beneficent influence
for the welfare of our young men.

The programme of the Sunday work
as arranged by the workers already
here is as follows:

Sunday 9 a. m.—General union meeting
at Elm Park church, addressed by Mr.
Moody. Church services will all be held
at the regular hours.

At 3:30 p. m. Mr. Moody will address
an audience of men only at the gospel tent on
the West Side.

The evangelist will reach Scranton
early tomorrow and it is expected he
will be accompanied by Major Whit-
tle, E. F. Jacobs and others.

AMONG THE POLITICIANS.

Thomas Davies, of the West Side, can-
didate for the Republican nomination for
county treasurer, who has been seriously
ill at his home for a week past, was
much improved yesterday.

Attorney A. J. Colborn, Jr., will make
the speech nominating Major Everett
Warren for president of the State league
of Republican clubs.

The polling place of the Second district
of the Thirteenth ward has been changed
to the corner of Penn avenue and Green
Ridge street. The delegate election will
occur Saturday between 4 and 7 p. m.

THE SCRANTON BUSINESS COLLEGE.
The Two Sessions Will Positively Open
Monday, Sept. 3

The new furniture placed in position
yesterday afternoon. Professor Yoder has
arrived.

If not more than half of those who
have applied for admission enter the first week
the proprietors will be well satisfied.

It was desired to extend the term to in-
spect the interior of the building that it
has been decided to open the rooms Satur-
day evening next from 7 to 9 o'clock. All
are invited to call. Office open evenings.

Binghamton Industrial Exposition.
That the exposition this year will be a
larger and more magnificent one than
before attempted is an assured fact. The
management have taken hold with a de-
termination to excel and have succeeded
in securing exhibits, varied, rich and cost-
ly, and that will certainly be instructive
and entertaining. The fair will open on
Thursday, September 8, when the Bing-
hamton Athletic association will have their
first bicycle meet under the auspices of the
exposition management; \$800 worth of
prizes will be given, and the different
events will be in progress in the evening
when the grounds will be lighted by elec-
tricity. Saturday, September 8, will be
children's day, and it is expected that 6,000
children will march to the grounds. The

have been engaged at immense expense.
The world-renowned juggler, Severns
Schaefer who has no peer in his special-
ties, will make his first appearance in
Binghamton.

There will be a troop of ten Japs who
will appear daily in dramatic and excel-
lent and amusing performances, also chariot
races by lady and gentlemen riders in mag-
nificent Roman costumes, driving thor-
oughbred racing stables, rich and cost-

Twentieth Separate company, and other

being the week of the great council of the United
States, there will probably come by excu-
sion from all parts the largest crowd of
visitors that ever winter in the city.
The low price of admission to the fair 25
