Scranton Loses Three Straight to the Syracuse Nine.

SALT-DIGGERS NOW HAVE REVENGE

Wilkes-Barre and Yonkers Break Even in the Games Played Yesterday-Other Eastern League Scores. National and State League Summaries-Notes of the National Sport.

YRACUSE had revenge yesterday for the two defeats she anstained Saturday at the bands of Tommy Cabill's team by defeating the Seranton aggragation in three successive games by one-sided scoring. Consquently we

once again fall in our percentage and occupy sixth place in conjunction with Wilkes-Brrre, which club won one and lost one to Mike Kelly's Yonkers "have The only other change in the standing of the clubs is the falling of Springfield from fourth to fifth place, Buffalo moving up a noteb.

The following table gives the per-centages of the clubs, the number of games won and lost by each, and their standing in the league race up to and including the games played vesterday:

	Won.	Lost.	Per C't.
	Providence 69	34	.070
	Syracuse 59	50	.541
	Erie 53	48	.530
	Springfield 52	53	.500
	Buffalo 61	58	.513
	Feranton 50	53	.483
	Wilkes-Barre 49	52	.485
	Yonkers 29	74	,252

A SYRACUSE DISASTER

Our Club Thoroughly Salted Down Yes-

terday. SYRACUSE, N. Y., Sept. 3 .- The largest crowd that ever gathered on the ball grounds here saw the games with Scranton this afternoon and 1,500 people witnessed the morning game.

The home team won the three games easily, hitting the ball hard and often, with but one error in the three games. FIRST GAME.

GLINTS FROM THE DIAMOND.

The Hustlers challenge the Olyphant Brown Jr's. to a game of ball on the Olyphant grounds, Sept. 8, at 3.39 p. m. If accepted, answer in The Tribuse. Fred Pfeffer will spend the winter in San Francisco. He will have an interest in a string of running horses Jack Chinn will have at the Bay District track.

The No. 86 Stars challenge the Tycoons to a game of ball on Thursday afternoon at 2 30 o'clock, on any grounds which the Tycoons may name. Please answer through The TRIBUNE.

Although Sioux City leads the Western league, the attendance is not enough to meet the current expenses, and it is probable that some other city will take the place of the corn huskers in next year's

There is a movement among the respectable base ball players against being compelled to associate with the rowdy element

All of the National league clubs except the Louisvilles and Washingtons have won a majority of the games on their home grounds. St. Louis breaks even on home grounds. Only the Bostons, New Yorks and Cleveland have won a majority of

PITTSTON COUNCIL.

An Opinion of High Art on the Bill Boards - Interesting Interchange of Thought.

Special to the Scranton Tribune. PITTSTON, Sept. 8 .- The town council met in regular session in the town hall last evening. When the roll was called Messrs. Reap, Kennedy, Clifford, Hen-negan, Knowles, Maloney, Lynott and Mannan answered to their names. The tion, who gained 40 pounds in three minutes of the previous meeting were read and approved, Messra, Tigue Kearney and Donnelly dropped into their seats during the reading of the minutes. Permits to erect buildings and excavations were granted I. P. Fenn and George Neilson. Bill Board Pro-prietor Hauker asked permission to erect a "bill board" on the westerly side of the Water Street Baptist church, the same to be seventy-five feet long and eight feet high. Councilman Tigue objected strenuously on the ground that it was not a pleasing sight for church goers to see paraded in front of them pictures of "big legs, little legs and short legs," bordering as they did on immorality and indecency. A mo-tion prevailed that the opinion of the church people be first obtained before the permit be granted.
Chief of the Fire Department George

J. Llewellyn presented a communica-tion asking for the placing of addi-tional fire hydrauts. The communication caused an outburst of excitement, and for a time things were as amusing as they were exciting Mr. Donnelly precipitated the fracas by emphatically stating that Mr. Liwellyn was never confirmed by the council and his action was therefore out of place. As a result of the attack Mesars. Hennegan, Kearney and Tigue took a hand in the contest and the press representatives and spectators were afforded a treat for a short time until Chairman Mangan rapped the boisterous members to order. The

matter was finally referred to the fire committee for action.

Miss Margaret Loftus, of LaGrange street, asked the council that for damages sustained to her property by reason of the settling of LaGrange street, they repair her house. Mr. Donnelly objected until a committee be appointed to investigate the damage. The them thrown out. The request was referred to a committee for investiga-

tion by a vote of 8 to 2.

Rev. Father Brehl presented a petition that Ewen street be guttered and graded between Carroll and Butler streets. Carried. The quarterly re-port of Burgess Maloney was read and

accepted.

Mr. Clifford presented a resolution asking that the bond of ex-Borough Treasurer George L. Houser be returned to him. Mr. Dounelly asked Treasurer Langau if the amount received from Mr. Houser was the amount charged against him by the borough auditors. Mr. Langau stated in the negative. On being put to a vote all voted in favor of releasing the bond except Mr. Donnelly.

A Newspaper Man Sees a Strange and Interesting Experiment-Meat Completaly Digested in an Open Dish-The Views of Col. J. R. Fellows and Other New Yorkers.

New York Exchange.

It is not often that science makes a scovery that demands special investigation on the part of the newspapers. Once in a while it does, however, such as occurred in New York recently.

It has been stated positively that a rocess has been found whereby food, mixed with a certain ferment became digested before it had entered the outh. Certainly if this were true it would mark an era in the history of civilization, and the writer was delegated to throughly investigate and report upon the same.

The first call was made at the office

of the company which is now manufacturing the food in question, and I was permitted to inspect the process of manufacture. I found it exceedingly elaborate and scientific, and after in-specting it thoroughly I was shown the way which it actually worked.

A piece of fresh meat was placed in an open dish and some of the pre-digested food mixed with it, when the temperature was raised to that of the stomach. Almost immediately there was a change in the color of the meat, next its fibers seemed to separate, and soon it assumed a liquid form, the

"This, as you see, is a demonstration of what can be done," said the mana-ger, "but we prefer that you ascertain ust what this food accomplishes with the people who use it. Here is a list of names, and you are at liberty to see them and ascertain just what their

opinions may be."

Armed with this list the writer began a tour investigation, with the fol-

lowing result: Sergeant Elias B. Dunn, chief of the Weather Bureau, was found in his office, looking exceedingly well. In response to my inquiry he said: "I have used the pre-digested food Pas kola myself and in my family and I must say that I have found it just what is claimed for it. In fact, I have been clanting the presides of the said." een chanting the praises of it very steadily of it ever since I began to use it. Why shouldn't I? It has built me up and made a new man of me. ou see how fresh and rosy I am, and

Colonel John R. Fellows, the eloquent district attorney of New York, in response to my question said: "If I am called upon to deliver an address or speech upon which much depends, I first lookout for my stomach. When that is healthy my brain is clear, my thoughts are logical, and it is a comparatively easy matter to clothe them in proper language. When I am not feeling well I take Paskola, the preligested food, which sets the stomach right, clears the cobwebs from the brain and sets the machinery of thought and eloquence in motion. in the profession, and the league at its next annual meeting will undoubtedly be called upon to take some radical legislation.

There is nothing like Paskola for such a purpose and I believe that it has won a purpose and I believe that won a purpose and I more cases before a jury than you would imagine.

Both Messrs. Howe and Hummel. the well known lawyers, fully confirmed what I had already heard. Mr. Howe said:

Look at me! Feel how firm my arm is! You can see I am in perfect health, and yet I was, not long ago advised by my physician to go away for my health. My present condition is the result of the use of Paskola. It is a labor saving discovery—saves your stomach the labor of digesting food.

Try it as I did, and grow fat and jolly.

His partner, Mr. Hummel, said: "I have seen a number of people try Paskola who stomachs were so weak that they could digest nothing else, but who were able to assimilate this pre-digested food without the slight-

months by its use."

Wherever I went the reports were the same, and I was forced to the inevitable conclusion that a great discovery had certainly been made for building up the system, increasing the strength and prolonging the life, with-out any drain or strain upon the digestive organs, which has been the dozen, great bane of our American life, Cer trinly the result of the research say so,

Any one who desires further infor-mation upon the subject should send for a free pamphlet to the Pre-Digested Food Co., 30 Reade street, New

debt incurred in its repairing on condition that the council turn over to the company all the fire apparatus in their possession.

The report of the street paving committee was submitted and approved.

Mr. Knowles asked the chairman for information concerning certain technicalities in the contracts submitted to the various paving companies. On being told that the technicalities refer-red to were corrected before being submitted Mr. Knowles stated that the copy in his possession was different. Mr. Tigue jumped to his feet and in a loud voice proclaimed: "How is it, Mr. Chairman, that Mr. Knowles has a copy and I have none. Am I to understand I am in the soup?" Chairman Mangan quieted him by informing him a copy was at his disposal whenever he wanted it.

Mr. Dounelly, under the head of re-ports of committees, stated that the committee having in charge the ininvestigation of certain reports which appeared in the newspapers was un-able to report owing to the report being mislaid, but would be prepared to make a report at the sext meeting.

Borough Treasurer Langan presented

his quarterly report. It showed a bal-ance in the treasury of \$67. It was ac-cepted and ordered placed on file. Councilman Knowles complained of the poor condition of the electric lights in the vicinity of the junction. The matter was referred to the light and

water committee. Councilman Donnelly introduced an ordinance asking that a special election be held at the general election, Nov. 6, to incorporate the borough into a city. After the ordering of the payment of bill, the council adjourned.
