NEWS OF WEST SIDE

Reception Tendered to the New Pastor of the Plymouth Congregational Church.

IT WAS A VERY PLEASANT EVENT

Funeral of Mrs. Ellen Taylor, of Jackson Street, Largely Attended—Requiem Mass Celebrated at St. Patrick's Church—Work on the New Presbyterian Church Progressing Rapidly—Will Be Completed in December.

A reception was tendered last evening by the members of the Plymouth Congregational church to their new pastor, the Rev. E. Evans, who preached his first sermon to that congregation on Sunday last. The auditorium was very prettily decorated with palms and flowers of various kinds, which were tastefully placed in the vicinity of the altar. Mr. Evans, leader of the choir, was chairman of the meeting and gave the address of welcome. A. B. Eynon, superintendent of the Sabbath school, gave an address on its work.

The Young People's Society of Christ the Endorser was represented by Charles E. Daniels, president of the City unions. Mr. Daniels gave an address on the meritorious work of that society throughout the valley. Solos were rendered at various intervals during the evening by Miss Hattie Evans and P. H. Warren. Miss Della P. Evans, superintendent of the mission schools connected with the Plymouth Congregational church, told of the rapid increase being made in its membership. Mr. Evans was much gratified with the disposition to co-operate with him shown by the members, and commended them warmly in a neat address. After the program had been concluded, a social was held, and refreshments consisting of cake and coffee served.

THE NEW PRESBYTERIAN CHURCH.

It is being erected very rapidly. The work of erecting the new place of worship for the members of the Washburn Street Presbyterian church is being pushed rapidly forward by contractor E. G. Hughes. The structure will be 50 by 90 feet in size and is a frame 2-story building. The basement will contain a kitchen, boiler room and a lecture room, the latter being 34 by 48 feet. This section will be plastered and finished in cypress paneling.

The auditorium and Sabbath school room are connected by means of large folding doors. The seating capacity of the church room proper will be 500 and with the annexation of the school rooms, about 800. The building will be completed about Dec. 1. The Sabbath school rooms are situated on the west side of the church, and the pulpit will be in the southeastern corner. The pews are circular. The gallery is situated over the school rooms, and is of neat design. There are ante-rooms on the first floor for the library, secretary and infant class. The choir room is 11x12 feet. There are three entrances to the church, two on Washburn street and one in the rear of the structure. Two iron girders weighing nearly six tons have been placed in its supports.

The building will cost nearly \$20,000 and be the finest on this side. A new pipe organ will be placed in it.

by reputation and the ideal advantages of its location. The fashionable promenades, the swell shopping district, the amusement and musical centers of New York, all the direct lines of transportation by elevated and surface railroads, all the business in Union Square, Broadway and fashionable Fifth avenue almost meet at this point; Tiffany's great palace of gems, world-famed Brantano's, Sargoy, all front on the beautiful park. A short walk to the south brings you to the great wholesale business quarter of the city; toward the north are the magnificent retail emporiums, the elegant private mansions of the rich, and the principal theatres. Just one block from all the life and bustle of the city, sheltered in the pleasant, aristocratic quiet of Irving Place, stands the Westminster, a home noted for its refined aspect and exclusiveness, its subdued luxury, well-furnished rooms and unexcelled cuisine. For years it has been the recognized stopping place of the representative business and professional men of the West Pennsylvania. They do not hesitate to bring their wives and children here, as the house affords all those quiet, refined and homelike elements usually absent in the average large New York hotel.

Notwithstanding the great popularity of the house, established by the late W. G. Schenck, his son-in-law and successor, Mr. E. N. Anable, a man of liberal and progressive ideas, has continued to add every year to its improvements and attractions, until to-day it stands perfect in its equipment. One of the latest features of the house is the daintily furnished coffee and smoking room, where guests can have their after-dinner cup served and enjoy the solace of a smoke without being separated from their wives. The Westminster is one of the few remaining first class houses combining the American plan, with rates that are exceedingly reasonable in proportion to its attractions and the excellence of its table. The advantages of living on the American plan while in a strange city are obvious. The chief point in your stay here is that your living expenses will be during your sojourn.

The Westminster has always maintained its prestige with the class of patrons who seek comfort and refinement rather than ostentatious display, and it is safe to predict that no other hotel in New York will ever excel it in all the details of its good old clientele.—New York Tribune.

The Westminster is the favorite hotel of Scrantonians and a number of persons can always be found there.

NOTES OF SOUTH SIDE

Deaf Mutes United in Marriage at St. John's Catholic Church.

THE ANSWERS MADE IN WRITING

Church Was Crowded with Friends and Interested Spectators—Coroner's Jury Says That John Heffron Was Murdered at Woonsocket—Mrs. Alois Rudler Seriously Ill—James Hastings and Thomas McTigue Injured in South Works.

Attracted yesterday to witness the ceremony that joined together for life Miss Bridget Boyle, daughter of Mr. and Mrs. Patrick Boyle, of 830 Fig Street, and Patrick Quinn, of Horseheads, N. Y., St. John's church was so filled with people that every seat was occupied. The marriage took place at 4 o'clock.

Aside from the fact that the bride stands prominent on this side as a refined and handsome young lady, well known and exceedingly popular, and the groom a respected and well-to-do resident of his native town, the motive that brought so many to the church reveals itself in this that the bride and groom are deaf mutes. There was nothing peculiarly unusual in the solemnization of the ceremony after all, the responses were made in writing and preserved by the couple will serve to remind each other in time to come of the mutual promise, more so than if they were oral.

The ceremony was short. A few papers were passed between Father McElroy and the bride party; a few nods of the head, and the happy couple retired from the sanctuary rail. Miss Hannah Boyle, sister of the bride, was bridesmaid and Daniel Foley was groomsmen. The bride's costume was roomy and trimmed with ribbon of the same shade.

The bridesmaid wore pink silk trimmed with ribbon to match. Groom and groomsmen were attired in customary black. Miss Linda Hurley played Mendelssohn's wedding march, while the ceremony was being performed. A reception for the bride and groom and friends of the family were invited was held at the home of the bride's parents. At 12 o'clock the couple left for Horseheads, N. Y., where they will in future reside.

CORONER'S JURY SAYS FOUL PLAY.

This Was the Verdict in the Case of John Heffron.

The dead body of John Heffron was removed from Woonsocket, R. I., more than a week ago to his mother's home at 1101 Stone avenue, and was in such condition that interment was made necessary in less than twelve hours. The young man was assumed to have been murdered, and the family are of the opinion that he was murdered.

The chief of police of that city promised to investigate the case, and Mrs. Heffron received a letter from him yesterday to the effect that the coroner's jury rendered a verdict stating that her son was assaulted and met his death by violence, but it could not be learned who his assailants were.

SOUTH SIDE JOTTINGS.

LETTERS FROM THE PEOPLE

[Under this heading short letters of interest will be published when accompanied, for publication, by the writer's name. This Tribune will not be held responsible for opinions here expressed.]

ANOTHER FROM TALLIE MORGAN.

Editor of THE TRIBUNE:

Sir: Any man weighing less than 130 pounds who says that this controversy between Mr. Carter and myself is a put up job to advertise ourselves, is a vile fabricator, and the truth is in my favor. Every body knows of Mr. Carter's ability as an organist and teacher without resorting to newspaper advertising, and every reader of THE TRIBUNE is aware that my school of eight singing organs next week and that the terms will remain at the low price of \$1 a month for each adult student. There is no need of advertising, these facts, for all the readers of your excellent journal know them.

I do not see that there was much for me to answer in Mr. Carter's last letter. His attempt to make the reader believe that I say, or imply, that the masses of the people can not be musically educated, will not succeed. Last winter I had over 200 students in my various singing classes, and I shall be happy to have Mr. Carter or anyone else call at the school any time and witness the work of the scholar.

Mr. Carter asks me this question, which I consider a fair one: "If Gospel hymns were so widely studied by the singer or the listener, kindly state the reason for the journals of the Gospel work, work to get them even to the standard displayed at the Mills' meetings. That standard may be a low one from Mr. Carter's standpoint. Mr. Mills, himself, said in the best choir he had ever had, and I have in my possession letters from nearly every pastor in town very highly commending the work of the Mills' choir."

Possibly it may be news to Mr. Carter to know that the name of the choir was changed to the "Sacred Music society," and that after the Mills' meetings we took a step forward and mastered several anthems, and that later the same Gospel choruses gave "The Fall of Babylon" before audiences composed of the best people of the city that filled the Frothingham for three nights. If I did not believe in the education of the masses I would not have given a year of my time without a cent of compensation in drilling 500 voices and in finally bringing out such a work as "The Fall of Babylon."

In conclusion let me say that the Gospel hymns will continue to be used in religious worship and in revival work for all time to come, but I would have very little respect for the ambition or the ability of any one who desired to advance in the study of "Gospel" work who would be content to sing only Gospel hymns. Because as a field at the bottom of the ladder of helping others on the way is no argument that he has never been on the ladder himself. Some must do pioneer work with children and those who never had musical education, and I find great pleasure in this branch of the work. I have no personal fight with Mr. Carter nor with any one else. I have often paid him deserved compliments through the city press for his ability as a player and teacher, and I have found no reason to change my mind. His work on the great organ at Elm Park church proves him to be a master of the instrument, and I do not consider that I am lowering myself in the least in saying that he knows more about the organ and piano in one day than I know in a month. My work lies in another direction and I do not find it necessary to question the ability of other teachers and musicians in order to build up my own work.

Thanking you, Mr. Editor, for permitting us to make ourselves known to your many readers, I close with the best respects to Mr. Carter and his work.
