Works Both Ways.

"It is remarkable how your trip abroad has improved you."

"It is the use of the Carlsbad Waters that has improved me, more than my trip abroad. I have gained in flesh and strength since I used them. Many persons use them for reducing flesh, because the waters remove all unhealthy tissues and superabundance of fat, but they also build up firm and solid flesh, which is a sign of perfect health. I also use the Carlsbad Sprudel Salt early in the morning with a glassful of water. It increases the laxative action of the same. If you ever suffer from chronic catarrh of the stomach, biliousness, gout or rheumatism, I advise you to use them. Every druggist has them." The genuine has the signature of "Eisner & Mendelson Co., Sole Agents, New York," on every bottle.

SOUTH SIDE

THE WHEEL CAME OFF.

Down Went the Wagon, Driver and All.

A big drag wagon laden with two tons of feed from the wholesale house of H. Montgomery & Co., was on its course to this side yesterday afternoon. The driver was proceeding in the air on a big high seat, whistling gleefully, apparently at peace with himself and the rest of the world, little dreaming of the impending loss that was in store for him.

Opposite River street the front wheel of the wagon collapsed. The driver fell and struck on the asphalt and a dozen bags of feed rolled off the wagon and covered him up. Luckily he was not injured beyond a few bruises, but those who saw him fall could scarcely credit that he escaped with his life until he got up and shook the dust from his clothes. Another wagon was brought and the load transferred to it.

While at Work Yesterday His Foot Was Crushed.

John Durkin, of Pear street, who works in the Linden street car barn of the Scranton Traction company, had his foot crushed yesterday morning, so seriously that some of the bones were shattered.

He was sent to the Dunmore power house with orders to shift some cars. He was holding a beam between two cars that were in motion, the end of the beam where he was fell from its position and pinned his foot against a stone.

He was brought to the Moses Taylor hospital and his injuries dressed.

F. E. Nettleton is erecting a fine residence on Washington avenue. The work is being done by B. F. Dunn, contractor. Mr. Dunn is also building a new dwelling house on Capone avenue for I. H. Burns.

More new dwelling houses are being built in Green Ridge at the present time than in any other part of the city. Most of them are commodious and costly and compare favorably with residences built in the central city.

John Moran, engineer at the Cayuga shaft, was yesterday morning united in marriage to Miss Ellen McGovern, at the residence of the bride's father, Rev. W. J. O'Donnell, in the presence of a large number of friends and relatives. Thomas Evans acted as groomsmen and Miss Ellen McGovern as bridesmaid. After a short trip they will take up housekeeping in this part of the city.

The Loyal Legion held its regular weekly meeting Tuesday. The Legion was very active in June and now numbers nearly ninety members. An effort will be made to make the future meetings interesting for young ladies and gentlemen. The work has been confined to children. Hereafter more attention will be paid to giving entertainments and other work that will reach the larger boys and young men.

Frank Mahon and Miss Minnie Perry were united in marriage at the Holy Trinity church yesterday afternoon by Rev. W. J. O'Donnell before a large number of friends and relatives. Miss Libbie Neary presided at the organ, Miss Catherine

Loftus acted as bridesmaid and Anthony Cook as groomsmen. After a supper at the residence of the bride's parents on Nay Aug avenue the couple left on a short trip to Buffalo, Niagara Falls and Canada.

A number of people gathered in the Methodist Episcopal church yesterday afternoon to hear Mr. Bliss lecture on the patriarch, Abraham. The meeting was opened by a short praise service, including a prayer by Mr. Bliss. He took as the text of his sermon the third verse in the fourth chapter of Paul's epistle to the Romans: "Abraham believed in God and it was counted unto him for righteousness." He said that by our lives is our faith made manifest thus showing the profit of our good works for no man can be saved by his good works. No one can be saved but through faith. Mr. Bliss will lecture at the church at 3 o'clock this afternoon on John the Baptist.

Fully 1,200 people gathered at the test luncheon to hear E. W. Bliss' sermon on "The Power of the Gospel." The meeting opened with a praise service led by Tallie Morgan, during which Rev. George E. Gail and Mr. Bliss joined in prayer. Miss Lydia Sailer sang "In the Secret of His Presence" in a very effective manner and held the audience spell bound. The choir rendered the anthem "Will Arise." Mr. Bliss took as his text the last part of Paul's epistle to Philommon. He said that we have committed a wrong, incurred a debt, and a settlement is to be made. We committed the wrong when Adam turned away from God. God gave man the faculty of thinking and reasoning and also the liberty to use that faculty; therefore if he did not allow sin to come into this world we would have no reason for exercising that faculty and would be no better than a machine. While the choir was singing he requested all who wanted to have Christ pay for their sins to arise, which a large number did. As after meeting was held in the tent to which about five hundred people stayed. Large number of prayers and testimonies were heard.

George Algerist left his pocketbook and bankbook near Clark's Summit, a few days ago. Mr. Alger received word Tuesday that they had been found, and started at once for Clark's Summit, his former home, where he will spend a few days.

The many friends of Job Ellis are sorry to hear that his eyesight is no better and that there are very slight hopes of any improvement. Mr. Ellis has worked for the Pennsylvania Coal company at blacksmithing for the last thirty-seven years and has been one of the company's most faithful employees.

Work is progressing rapidly on P. D. Manley's new three story brick building on Chestnut street. The brick work is up to the third story. When completed it will be one of the finest brick buildings in Dunmore. If we had more brick buildings in town we could have fewer fires, and insurance companies would feel safer in placing risks. There has been so many mysterious fires in town during the last few years that insurance companies are slow to insure in Dunmore.
