GENERAL NEWS

The people of Wilkes-Barre, according to the Leader, like the Delaware, Lackawanna and Western road on ac-count of its regularity in time and its record for few accidents. Under Mr. Hallstead's management the Delaware, Lackawanna and Western has grown to be one of the greatest and foremost railroads in the country. This is readily accounted for in the fact that it is the policy of the management to give the public the best possible service. In the first place the road bed is well con-structed, being heavily ballasted with gravel and sand, thus affording a solid foundation for the heavy steel rails with which the road is laid. This, to-gether with the fact that new rolling stock, of the latest improved construction, is almost exclusively used, accounts for the smoothness for which the Delaware, Lackawanna and Western has gained such an enviable reputation. All through trains are vestibuled and Pullman's best drawing-room and sleeping cars are attached. The engines are built with special reference to speed, and the fast trains are re-markably accurate in compliance with their schedule. On a Dela-ware, Lackawanna and Western flyer one may skip through with country at almost lightning speed and surrounded by all the comforts of the most elaborately appointed home, for there is nothing in the way of modern railroad service equipment that is not utilized for the comfort and conveinence of this road's patrons. Further than this the line from New York to Buffalo traverses a section of country that is rich in scenic'beauty, presenting an ever-changing picture of enchant-ing loveliness. River, mountain and valley present their varied attractions, while some of the most beautiful pastoral views are obtained from the windows of the swiftly-flying trains as they whirl through the finest farming lands of the Empire state. Nothing more delightful can be imagined than the plessures and comforts which are assured the Delaware, Lackawanna and Western's patrons and it is not to be wondered at that the line is one of the most popular, as it is one of the best, in the country. Then, too, its employes are trained and true and their polite and courteons attention is another popular feature of the popular road. In the opinion of the Phila, Inquirer, the anthracite coal trade has not been

stimulated in any degree by the action of the sales agents in fixing the October production at 3,000,000 tons and in advancing prices sharply. There is universal complaint that the retail trade is extremely dull. Consumers in all sections are buying leas coal than usual and are holding back even on their moderate purchases. Wholesale and retail dealers have laid in large stocks at the low prices prevailing, and most of them have contracts calling for future deliveries at the same low prices, so that the change in the attitude of the companies has had no effect. It is true the advanced prices agreed upon by the presidents are being maintained by all of the large companies, but the smaller ones were not expected to do The new prices nominally a are \$3.50 for broken and egg and \$3.75 for stove and chestnut in New York harbor; \$4.75 for York harbor; \$4.75 for and \$5 for egg, stove and nut in Chicago and \$4 for broken and \$4 15 for egg. stove and nut per gross ton in Buffalo. No cuts from these figures are yet reported, although it is known some of the sales agents are doubtful about their ability to procure them. The difficulty is the light demand from consumers and the fact that the stocks above ground are excessive. There is a rather better supply of pea coal, but buckwheat is still scarce. All the large sizes are in abundant supply. The production for the first three weeks of September was 2,233,798 tons. In the fourth week it will probably exceed 900,000 tons. so that the total tonnage for the month will be about 700,000 tons in excess of the amount agreed upon by the sales agents. With this enormous stock unsold above ground this large production scares dealers and renders any advance in prices nugatory.

Among the operations of northern capitalists in the south reported during the week are the purchase of an important Florida railroad and 100,000 acres of adjacent land by New York people; a pian to testablish 6,000 people people; a pian to testablish 6,000 people from Pennsylvania on 30,000 acres of land in West Virginia; southern men have purched large tracts of land in Tennessee and West Virginia for mining purposes; New York lumbermen have organized a \$600,000 company and purchased 75,000 acres of land in Westarn Carolina. tern Carolina. New railroads include twenty miles in North Carolina, twenty-five miles in Kentucky and forty-five miles in Virginia. The increased interest in immigration is shown by the formation of several immigration companies. Letters from the north and west to the Manufacturers' Record and the Southern States Magazine show a very marked growth in the southward trend of population movement. A New England cotton mill company has decided to build a \$600,000 mill in Georgia; another company is now looking for a site for a mill of about the same cost. Several western bankers are looking for good locations bankers are looking for good locations for four or five banks in the south. Among the industrial enterprises reported for the week are \$100,000 iron works, \$25,000 investment company, \$20,000 wire works, knitting mill, machine shops, water works, \$10,000 shoe company, rope factory, tile works in Georgia: \$25,000 colonization company. large planing mills, barrel factory, lumber mills, gas works, furnaces re-suming, water works, telephone sys-

tem, cannery in Virginia; \$50,000 oil mili company, \$100,000 commission company, \$200,000 land improvement company, coal mines, furnace resumng: \$20,000 improvement company. electric light plants, water works, wook working factory, flour mill in Texas; glass works, coal mines, coke ovens, lumber mills in West V rginia; 150,000 bushel grain elevator, extensive coal developments, large marble mill in Tennessee; \$10,000 publishing company, \$60,000 improvement com-pany, new cotton mill to replace one lurned, \$50,000 importing company, lumber mill, brick works, electric light plant in South Carolina; \$10,000 cigar company, Water works in Maryland; \$15 000 fiber factory, coal mines, saw mills, cannery, in Alabama; \$25,000 boiler works, telephone exchange, iumber mills, machine shop in Louisiana; \$12,000 lumber company, water works, oil wells in Arkansas; ice plant, saw mill, electric light plants, planing mill, marine railway, water works in Florida; \$8,000 electric plant, abattoir and coal mine in Kentucky; electric plant, water works, planing mill, cannery in Mississippi; 100-barrel flour mill, \$600,000 lanker works. 000 lumber manufacturing company in North Carolina, Among the new buildings announced are two hotels in Florida, theater in Marvland, \$30,000 court house in Texas, \$225,000 hotel company in West Virginia, \$30,000 freight sheds in Virginia, \$55,000 company to build hotel in South Carolina, new depots, bank buildings and others.

MINOR INDUSTRIAL NOTES: The pay-rolls of the Ohio Falls car works show nearly 1,000 men at work in their shops at Jeffersonville.

G. J. Grammar, as general freight agent of the Lake Shore road, will receive a salary of \$6,000 a year.

The net earnings of the Chicago, Milwaukee and St. Paul for the month of August were \$824,922, an increase of \$185,000 over the same month of last year.

Coal people estimate the output last week nearly 1,000,000 tons, as all the companies are pushing production. This will make 3,250,000 tons for the month, against 2,500,000 agreed upon. Those in a position to know say that it is

not likely that a dividend will be declared on the common stock of the Ontario and Western in order to release the power of the smail amount of outstanding preferred. The Pittsburg, Shenango and Lake Erie has entered into a contract with the Grand Trunk of Canada which will give the lat-ter an entrance into Pittsburg and the former a Canadian outlet. In railroad circles this is looked upon as an important

The Bryden Horseshoe works of Catasaqua one day last week closed down its entire establishment to give the employes an op-portunity to attend the Allentown fair. The company furnished them free transportation to and from the electric road and also a ticket to the fair. Meal tickets were also furnished free of charge. Married men were allowed two tickets. The works were closed down until today

Specimen Cases.

S. H. Clifford, New Cassel, Wis., was troubled with neuralgis and rheumatism, his stomach was disordered, his liver was affected to an alarming degree, appetite fell away, and he was terribly reduced in flesh and strength. Three bottles of Electric Bitters cured him.

tric Bitters cured him.

Edward Shepherd, Harrisburg, Ili., had a running sore on his leg of eight years' standing. Used three bottles of Electric Bitters and seven boxes of Bucklen's Arnica Salve and his leg is ound and well. John Speaker, Catawba, O., had live large fever sores on his leg, doctors said he was incurable. One bottle Electric Bitters and one box Bucklen's Arnica alve cured him entirely. Sold by Mathew Bros. drug store.

The essential lung-healing principal of the pine tree has finally been successfully separated and refined into a perfect cough medicine, Dr. Wood's Norway Pine Syrup.

FINANCIAL AND COMMERCIAL.

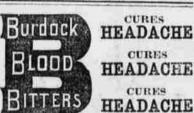

Stocks and Bonds. New York, Sept. 29.—The Industrials were again the feature of the railway and miscellaneous share list, American Sugar and Chicago Gas having figured for 42,200 shares in a total for the entire list of \$1,524 shares. Sugar was forced down 2 per cent. to \$89\'\xi\$ and later rallied to \$94\'\xi\$. As \$9\'\xi\$. The weakness of the stock was due to the reported unsatisfactory condition of the reported unsatisfactory condition of the refluery industry, Chicago Gas presented a firm front and rose to 703\'\xi\$ on semi-official statements that the regular dividend of 11\'\xi\$ per cent. for the quarter will be announced before or on Monday. The range of yesterday's prices or the active stocks of the New York stock market are given below. The quotations are furnished The Thibune by G. to B. Dimmick, manager of Willia n Linn Allen & Co., stock brokers, 412 Spruce street, Scranton.

What is

Castoria is Dr. Samuel Pitcher's prescription for Infants and Children. It contains neither Opium, Morphine nor other Narcotic substance. It is a harmless substitute for Paregoric, Drops, Soothing Syrups, and Castor Oil. It is Pleasant. Its guarantee is thirty years' use by Millions of Mothers. Castoria destroys Worms and allays feverishness. Castoria prevents vomiting Sour Curd, cures Diarrhea and Wind Colic. Castoria relieves teething troubles, cures constipation and flatulency. Castoria assimilates the food, regulates the stomach and bowels, giving healthy and natural sleep. Castoria is the Children's Panacea-the Mother's Friend.

Castoria.

"Castoria is an excellent medicine for children. Mothers have repeatedly told me of its good effect upon their children."

DR. G. C. OSGOOD, Lowell, Mass.

"Castoria is the best remedy for children of which I am acquainted. I hope the day is not far distant when mothers will consider the real interest of their children, and use Castoria instead of the various quack postrums which are destroying their loved ones, by forcing oplum, morphine, soothing syrup and other hurtful nts down their throats, thereby sending them to premature graves." Dr. J. F. KINCHELOR,

Conway, Ark.

Castoria.

" Castoria is so well adapted to children that I recommend it as superior to any prescription

known to me." H. A. ARCHER, M. D., 111 So. Oxford St., Brooklyn, N. Y.

"Our physicians in the children's department have spoken highly of their experience in their outside practice with Castoria, and although we only have among our medical supplies what is known as regular products, yet we are free to confess that the merits of Castoria has won us to look with favor upon it."

GAUTION: To Our Patrons

Washburn-Crosby Co. wish to assure their many patrons that they will this year hold to their usual custom of milling STRICTLY OLD WHEAT until the new crop is fully cured. New wheat is now upon the market, and owing to the excessively dry weather many millers are of the opinion that it is already cured, and in proper condition for milling. Washburn-Crosby Co. will take NO RISKS, and will allow the new wheat fully three months to mature before

This careful attention to every detail of milling has placed Washburn-Crosby Co.'s flour far above all other brands.
