## MODEL STORES.

The Departments of the Lackawanna Association Marvels of Completeness.

Few people about the city who are not acquainted with the establishment have any idea of the magnitude of the business of the immense stores of the Lackawanna Store Association, limited, situated at corner of Lackawanna and Jefferson avenues. To people acquainted with the concern, however, and to the wholesale trade the status of the "company store" is well and favorably known.

A trip through the various departments of the store cannot fail to convince one that it is one of the most complete and most admirably arranged establishments of the kind in the country.

The four main departments may be entered from Lackawanna avenue. The lower store next to the new office of the Lackawanna Iron and Coal company is to devoted to dry goods, dress goods, notions, gents' furnishings, etc., and is replete with a large stock of the finest fabrics in its particular lines.

Stepping from the dry goods department one enters the grocery store which contains an immense stock of first-class groceries and canned goods of every description.

The next store is devoted to hardware and miners' supplies. Boots and shoes are also sold on this floor.

Directly over the hardware and boots and shoe department is situated the office of Mr. James S. Mott, general manager of the store, and also of the south store and grist mill. On this floor may be found an immense stock of ladies' fine shoes of almost every description, including Burt's, Turner's and other well known makes, and a comfortable room for those who desire to order shoes by special measurement direct from the manufacturers. In fact there is scarcely any style of shoe made that is not found on the shelves of the company store shoe department.

The third floor is devoted to sheet rubber packing and leather belting and is used as a general store room, also for supply stock for all departments. The basement is used as an immense store room, where the heavy groceries, mine supplies, etc., are kept, and directly back of the store is a most complete ice house and cold storage rooms for the reception of vegetables, butter, etc.

A large water pipe runs through all the departments, which are heated by steam, and fire plugs are situated at various points, with hose attached ready for instant use, made to connect with city fire hose if necessary. Throughout the entire establishment a spirit of good order and cleanliness prevails, and the manner in which the business is conducted throughout reflects great credit upon the management. Honest weight, measurement and courteous treatment are guaranteed to all. Goods can be returned and money refunded if not satisfactory. This store was started when Scranton was a village and has grown with the city. The employes of the Lackawanna Iron and Steel company have received all the benefit possible, but all are welcome. An inspection of the building and contents will prove the above.

Ladies' and gents' fine shoes of all styles at the Commonwealth shoe store. **

### SCRANTON IN 1896.

That Will Be the Cry of Delegates to State Endeavor Convention.

A special meeting of the Scranton Christian Endeavor union was held at the Young Men's Christian association rooms yesterday, when it was decided that the union forego making an effort for holding the convention of 1895 in Scranton, inasmuch as there was a lack of accommodation for holding of meetings, and especially as the union of York, Pa., where this year's convention will be held, is preparing for nearly 3,000 delegates outside of others who will attend.

Efforts will be made, however, for holding the convention of 1896 in Scranton, and the delegates will be instructed accordingly. The Scranton delegates will be furnished with badges, "Scranton, 1896," for the purpose of distribution among other delegates at the convention.

## EVENING OF PLEASURE

Social of the Electric City Conclave of Heptasophs.

### GUESTS AND MEMBERS AFFILIATE

Spirit of Good Cheer Reigned Supreme in Music Hall Last Night, Where an Excellent Entertainment Was Provided—The Affair Was Completed with a Tempting Collation—Something About the Principles of the Order.

That the Improved Order of Heptasophs know how to have a good time themselves and share their festivities with a large number of friends was shown by the entertainment given in Music hall night under the auspices of Electric City conclave, No. 295.

From the opening of an interesting programme at 8 o'clock until the last sandwich and swallow of ice-water had disappeared in the early hours of this morning the jovial feeling of good-fellowship did not falter nor the halo of welcome grow dim. One of the most commendable features of the evening was the fact that the Heptasophians were anxious to share their good time with the guests who equalled the members in numbers.

The main hall was decorated with palms and ferns and filled with members and guests, while the following programme was rendered:

A SPLENDID PROGRAMME.

Overture....Professor Guth and Orchestra
Address....F. L. Brown, Supreme Archon
Chorus.....Scranton Leiderkranz
Violin Solo.....Fred H. Widmeyer
Vocal Solo.....Fred Muller
Selection.....Orchestra
Presentation of Organ,
By C. G. Boland, District Deputy
Organ Solo.....Professor Albion Korn
Cornet Solo.....Professor Guth
Remarks.....J. Elliot Ross
Vocal Solo.....William A. Kelly
Village Bell quartette—Gordon Morgan, Watkin Morgans, Fred Evans, Daniel Hughes.

The appreciation of the audience is perhaps sufficient criterion of the excellence of the entertainment, which was followed by a discussion of a tempting array of edibles in the rear hall.

COMMITTEES IN CHARGE.

To the success of the evening in all its enjoyable features the following well-known committeemen materially contributed:

General committee—C. L. Swartz, H. J. Collins, H. E. Yost, George Kirby, C. Zang, F. Kapmeyer.

Reception committee—M. F. Sando, George Wahl, F. Thompson, H. J. Collins, T. J. Lane, Thomas Holtham, Dr. E. J. Pierce.

Refreshment committee—L. P. Ziedler, H. U. Hopewell, W. A. Kemmerer, A. L. Martin, W. B. Carr, G. H. Easterle.

Considerable inquiry has been made of late owing to the growing prominence of Heptasophs, its aims and what the word means. As Supreme Archon Brown stated in his address, hepta means "seven" and soph means "wise," and Heptasophs applies to the seven wise men. Its principles includes fraternity and an insurance death benefit. Of the Electric City conclave Frank Thompson is past archon; M. F. Sando, archon; Henry J. Collins, provost; Dr. E. J. Pierce, prelate; C. L. Swartz, secretary; H. E. Yost, financial secretary; George Kirby, treasurer.

### The Scranton Business College.

New students have entered every day this week. A large number joined on Monday.

The growth of the night school is remarkable. All grades of students attend. There are men studying reading, writing and arithmetic; school teachers pursuing the higher branches of study, stenographers taking bookkeeping and bookkeepers taking stenography. An additional teacher was added to the force on Monday evening.

The last two days have brought requests from business men for office help. One lady began yesterday and another will enter upon her duties Monday next. Some positions we were unable to fill. None but competent students will be recommended.

Much interest is manifested in commercial law. Night students arrange to come in on Friday afternoons in order to hear the lectures.

## MARY SNYDER'S SHEET

She Made a Noose of It and Tried to Commit Suicide.

### EFFORT ALMOST SUCCESSFUL

Cut Down by Deputy Sheriff Gaffney Just in Time to Save Her Life—It Took an Hour to Revive Her—Declares That She Has No Recollection of Trying to Kill Herself.

Miss Mary Snyder, a nineteen year old girl, attempted to commit suicide at the county jail Thursday night about 8:30. She was discovered just in time to save her life.

Miss Snyder has been in the county jail for the last four weeks. She was committed to await trial for the theft of clothes on the West Side.

The young woman is subject to fits and her suffering while they last is said to be dreadful to behold. Wednesday she had one of these attacks and the condition of body and mind in which it left her is believed to be responsible for her effort at self destruction.

MARY QUINNAN'S DISCOVERY.

Mary Quinnan, one of the prisoners in the jail, was on her way from the prison laundry to her cell in the corridor Thursday night, when she saw Miss Snyder suspended inside the cell door. She gave the alarm, and Deputy Sheriff Gaffney cut Miss Snyder down.

The work of strangulation was well nigh completed and it was almost an hour before she revived. Yesterday Miss Snyder had entirely recovered and declared she had no recollection of having attempted to take her life. It is said that she made a similar attempt some time ago in Wilkesbarre.

SHE USED A SHEET.

Miss Snyder went about the work of self destruction in a very methodical way. She made a noose of a sheet which she tore into stripes, fastened it above the door of her cell and having inserted her head in the noose allowed herself to drop.

Had she remained hanging but a short time longer life would have been extinct.
