DEATH OF EX-MAYOR M'KUNE.

The End Came Yesterday at His Sister's Home in Newburgh, N. Y. At the age of seventy-one years ex-

Mayor Robert H. McKune died yesterday afternoon in Newburgh, N. Y., at the home of his sister, Mrs. Robert C. Bancroft, whom he went to visit three weeks ago.

The career of ex-Mayor McKune was marked by events that betray an enterprising and energetic spirit. He left school at thirteen and successively held the occupation of a shoe clerk, manager of a bakery, and a grocer. He went to California in 1849, worked in the mines for a time, and later drifted into the bakery business. Returning east he located at Binghamton, and lived there seventeen years as a wholesale merchant. In 1862 he came to Scranton and went into partnership with George Cone and A. W. Renshaw. He joined the fed-eral army in 1863 and served until the close of the war, ranking as first lieu tenant in the Keystone guards, a com-pany organized in this city.

In 1868 he was appointed United

States commissioner, and in 1875 ha was nominated mayor of Scranton on the Democratic ticket and elected. When the Crystal Hose company was incorporated he was one of its charter members. His memorable connection with the railroad riots in this city in 1877 are still fresh in the memory of

the public.

From the severe handling he received at the hands of a mob on the streets his injuries impaired his health. After his term as mayor of the city expired, he located in Wilkes-Barre. Heart and lung trouble caused his death. He is possessed of a fortune amounting to \$5,000 which he leaves without reserve to his sister, Mrs. Baucroft, J. Elliot Ross, of this city, is appointed executor.

The funeral will be on Friday. Internet, according to a request made of the public.

ATONEMENT DAY SERVICES. Hold Yesterday at the Lindon Street

Synagogue. All yesterday was the Jewish Day of Atonement and represented a period of fasting and repentance among the fol-lowers of the Hebrew faith. All their places of business were closed and the day devoted to services of prayer and religious thought. The day occupies one of the most prominent places in the Jewish Calendar and is very strict-

ly observed.

At the Jewish synagogue on Linden street services were held during the morning and afternoon when the rabbi, Rev. J. Feuerlicht lectured respectively on "Peace" and the Book of Jonah. Each service was largely attended.

ELOPED WITH NEPHEW

Mrs. Simon Miller, Aged 48, Deserted Her Husband for 24-Year-Old Oliver P. Drake.

The usual kind of elopements where the man of mature years disappears with the romantic miss, has been reversed by a West Side couple. This time a married woman of forty-eight summers carried off her 24-year-old nephew, or rather, joined him at Hazelton, where for nearly two weeks they have been living together as man and wife. The parties to the affair are not of the lower strata of society, either, but are of a well-to-do class of supposed respectability. The case is

an unusual one.

Mrs. Simon Miller, of Brown's place,
48 years old and the mother of three
children, one of whom is married, is the woman in the case. The second party to the liaison is Oliver P. Drake, a lather 24 years old who until recently lived in the double dwelling next door to the Miller's at No. 1018 Brown's place. Young Drake lived with his mother who is a sister of Mrs. Miller's husband.

Last night the gay young lathario and his aged, plain, but still well preserved Duleina, were locked behind the bars of the Central station house. They were not languishing, either, but seemed to accept their confinement as one of the necessary features of the romance and are hopeful of final libera-

They were arrested yesterday in Hazleton and brought to this city by Lieutenant Davis of the police department.

Marriage licenses were granted yester-day by Clerk of the Courts Thomas to Frank E. Thurston, of Olypnant, and Leonard May Kantz, of Blakely; Horace Pease and Ethel E. Snyder, of Scranton.

The details of the story offer some food for amazement: Simon Miller, the lawful husband, is a fireman and arus good wages at the Mount Pleasant colliery. While he and his The details of the story offer some several years have not openly day closed the hardware store of S. M. displayed an intense affection, their Foster, at 111 South Main avenue, West neighbors supposed them to be as contented as most married folk. For the last few months the couple had frequent differences, in which the children sided with the father.

Recently young Drake displayed an unusual fondness for his aunt and was forbidden the house. The neighbors wondered at this, as Mrs. Miller's beauty is not such as would make even a man of her own years lose his head or heart. She is slender, which might be overlooked in her redeeming good figure; her hair is intensely black and her face oval and plain. She wears spectacles. She is very active and bright, which two characteristics captured Nephew Drake.

During September young Drake left he city. Two weeks later, Sept. 29. Mrs. Miller disappeared leaving a note addressed to her husband and containing simply the information that she had left her late bed and board for good and aye. Young Drake's mother and the deserted husband put this and that together and diagnosed the case as one of elopement.

Each of the departed unfortunately left behind a good photograph. The mention of police might spoil the ro-mance of the affair, but nevertheless Scranton's chief was consulted and scattered the photos broadcast in this vicinity. Tuesday, word was received that the pair were residing in Hazel-ton, Mr. Miller procured a warrant for his wife's arrest on the ground that she was cobabiting wrongfully, and another warrant for Drake on the same count. The wife was also charged with saving certain household goods in her possession belonging to her late lord

and master. Lieutenant Davis, of Scranton, and Hazleton's chief of police called on Mrs. Miller and found her snugly ensconced in a suite of three rooms. The call was made shortly before dinner, and when nephew Drake appeared for noonlay refreshment the couple were placed under arrest and brought to this city. They were arraigned before Alderman Fitzsimmons and in default of \$500 bail each remanded for a further hear-

Mrs. Miller, to a TRIBUNE reporter, last night denied the charges against her. She alleged that she left her hus band because she was unhappy and was preparing to take boarders in Hazleton when arrested. Nephew Drake, she said, was her first and only boarder. The only goods taken from her Scrapton house were three bed quilts, a sewing machine and her marriage certificate and, of course, some articles of wearing apparel. She vowed she would spend the rest of her life behind prison bars rather than return to the Miller

domicile. Her husband admitted that he was willing his wife should return as house-Nephew Drake is taciturn and keeper. take kindly to being inter-

Damage Done in This City by the Damage Done in This City by the

The severe rain storm which began to descend at an early hour yesterday morning and continued in torrent sheets until noon, caused more damage at Jermyn, which had been selected as the place of the annual parade of the Father Mathew societies of Lackawanns county, than any other place heard

About daylight the people of the town began to get uneasy at the swelling volume of water that swept down Rushbrock creek, which runs through the center of the place. Between 5 and 6 o'clock the weeping skies let loose their flood gates, and the creek began to overspread its banks at the stone culvert on First avenue. A patch of woods on the hillside, above the town owned by John B Smith, that contained an immense quantity of logs and loose underbrush, fed the freshet with driftwood, that blocked up the creek and sent the scattered waters on a mad course through surrounding lots, tearing deep gullies and flowing into neighboring cellars, filling them and destroying the contents before the owners had time to remove them to a place of safety.

In some houses that are built in low places the flood entered the rooms on the first floor and did considerable damage to household effects,

BELL'S MILL ASSAULTED. Bell's planing mill, between First and Second avenues, is built on the edge of the creek and against the building the logs and driftwood floated blocking up the stream. A hundred feet below, the mouth of the First avenue culvert was choked up and denied an outlet to the angry torrent. The immense volume thus dammed up furiously broke loose and submerged over two acres in the upper end of the

Main street was totally impassable, the water reaching a level with the door steps of the houses. Bell's planing mill suffered the greatest loss. The foundation walls on one side were washed out and the yard and mill ruined. The machinery was loosened and
partially destroyed. The cellars of Dr.
Shields, D. LaRue, Mrs. Henry Davis,
A. F. Battenberg, Thomas Walker, W.
O. Hill, Nicholas Ciark, J. D. Pritchard, and many others were soaked and
their contents destroyed,
Foot bridges, planks, uprooted tress.

Foot bridges, planks, uprooted trees, and stumps and logs came down the creek and assisted in the destruction of property by blocking up the stream. The force of the water rushed with such effect that 200 feet of the Ontario and Western railroad tracks were washed out. A long line of track was in danger of going into the river, but a train of cars was run on it and with-stood the attack of the water. When the flood had subsided the train of cars had settled down two feet lower than

PRESIDENT'S CAR DELAYED.

At 9 o'clock the Ontario and Western passenger train to which was attached the private car of the president of the road, in which were General Manager Childs, General Superintendent Brad-field and other officials on a tour of inspection, was stailed by the flood above Jermyn, while traffic was interrupted on the road for two hours.

The scope of the flood extended from Bell's mill down Main street to Battenberg's furniture store, then in the rear of Stocker & Co.'s and Winter & Co 's stores to the river, cutting off all communication with the Ontario and Western depot.

A large force of men set to work and attacked the debris in the creek with axes and pikes, and about 1 o'clock in the afternoon the water resumed its natural course, and the streets were put in passable condition. The damage in Jermyn alone is estimated at between \$5,000 and \$10,000.

Points in the city that felt the effect of the incessant downpour are the Diamond Flats and houses along the Fourth district main sewer. In the latter place numerous cellars were flooded. The river had backed up near the Carbon street bridge to the power house of the Scranton Traction company, and destroyed late crops on the lowiands extending back to Albright

DAMAGE ON THE SOUTH SIDE. Every street in the city bore traces of damage from the profundity of water that passed over them. The sewers had to be watched during the morning, some of them being in danger of choking up. The South Side was likewise flooded. Street ear traffic was interrupted the greater part of the morning. at the Academy of Music. Sidney Drew enacted the role of Colonei Mulberry Sellers in "The Gilded Age" to a small but well pleased audience at the Academy of Music last night. It is a character that the late John T. Raymond made famous and in it Mr. Drew is destined to win new

dramatic laurels. His impersonation of the erratic but thoroughly whole souled colonel was excellent and evoked the warmest ap-

plause from those present.

Mrs. Sidney Drew, or Gladys Rankin, as the name appeared upon the programme had an appropriate character in the bysterical Laura Hawkins and was seen to good advantage in it. Several members of the support com-pany were decidedly smateurish.
