SCRANTON, OCTOBER 16, 1894.

REPUBLICAN TICKET. State: Governor, D. H. HASTINGS; Lieut. Governor, WALTER LYON.

County: Judge, J. W. ARTHUR; Auditor, FRANK H. CLEMONS; Treasurer, THOMAS D. DAVIES.

Legislative: First District, JOHN R. FARR; Second District, ALEX. T. CONNELL; Third District, F. J. GROVER.

THE SCRANTON OF TODAY. Come and inspect our city. Elevation above the tide, 740 feet.

See how we grow: Population in 1870, 25,000; Population in 1880, 45,523; Population in 1890, 75,215.

WHAT STATE issues are there that the Republican party hasn't satisfactorily met?

No More Quackery. The whole argument of the Democratic party today is comprised in a vigorous exaggeration of the fact that business is improving.

To improve signifies a prior condition which rendered improvement desirable. It may be pleasant to get well; but how about the sickness just previous?

THE REPUBLICAN party does not dispute that business is improving. It merely notices the fact that this improvement, under Democratic rule, is regarded as quite a surprise by Democrats themselves.

Thomas D. Davies. There seems to be no insincerity in the hearty indorsement that the candidacy of Thomas D. Davies is receiving from the citizens of Scranton regardless of party affiliations.

Business improving? Of course it is. After two years of prostration so violent that every energy succumbed, how could it keep from improving?

STRAW HATS and open street cars are novelties that at present can be enjoyed with safety only by the very, very healthy.

FROM PRESENT indications the czar's physicians will not be able to agree upon the nature of the great ruler's illness in time to allow him to die of it.

JOHN R. JONES is most popular where best known, among his neighbors up the Lackawanna valley. If Republicans throughout the county give Mr. Jones anything near the party vote, there is every indication

that the stampee in the vicinity of his home will swell his majority for district attorney to astonishing proportions.

UP TO THE hour of our going to press, Colonel McClure's Times had not changed its day-before prediction as to the result in New York; but there were strong hopes.

AMONG THE best natured and most obliging officials of the court house may be mentioned Prothonotary Clarence E. Pryor.

A SAN FRANCISCO woman dentist wears teeth that have been filled with diamonds. Her smile exemplifies the brilliant and alluring article of which the poets sing.

What Protection Means. When years ago we defended protection on the ground of infant industries, we stated good grounds for the establishment of manufactures, but today protection is founded, like the prosperity of the country, upon wages.

"It is perfectly true that prosperity of any kind leads to large fortunes for those who have the genius to organize great enterprises, but this is the case everywhere. Sir Joseph Whitworth, the great steel manufacturer in England, did not die a pauper, and Lord Armstrong and the Rothschilds hardly seem in the way of impoverishment.

Can produce electric power cheaper than Niagara. No better point in the United States at which to establish new industries. See how we grow: Population in 1870, 25,000; Population in 1880, 45,523; Population in 1890, 75,215.

step backward, but has steadily moved toward the front rank and is today one of the most trusted agents of the great railroad company.

While enjoying the confidence and esteem of that corporation, Mr. Davies is also loved and respected by the hundreds of men employed under him, and is one of the most popular citizens of the neighborhood in which he resides.

PERSONAL FRIENDSHIP for individual candidates on the Democratic ticket is a poor excuse for voting aid to the party which has done the frightful mischief that Democracy has done.

CLARENCE E. PRYOR is too good an official to be dropped in favor of a spoils Democrat, who would use his office to strengthen Democratic party lines.

The Strauss Jubilee. In many respects the Vienna waltz king, Johann Strauss, is a fortunate man. Unlike the average musical genius, he has lived to see his efforts appreciated by the world in general and enjoys a greater degree of popularity than ever, in turning the fiftieth milestone in a successful musical career.

Johann Strauss has never posed as a musical educator. The stern pupils of the Wagnerian school have designated his productions as trash, unworthy of the name of music; but as an entertainer the famous composer stands without a rival.

Must Have Fun Somehow. From the Washington Post. Things may be a little quiet in Pennsylvania, but Editor Singery is warming up over the New York situation.

Where Wilson Spoke Too Rapidly. From the Kansas City Journal. In London when the sun was low, And William Wilson dressed to go To that big banquet, doncherknow, His feelings surged tumultuously.

But England saw another sight; Her furnace fires were burning bright, And while the world was running riot, Thanks to free trade Democracy.

And brighter yet will burn those fires, While labor here still cheaper hires, And Democratic campaign liars Tell of our great prosperity.

BUY THE WEBER and Get the BEST. For many years this Piano has stood in the front ranks. It has been admired so much for its pure, rich tone, that it has become a standard for tone quality, until it is considered the highest compliment that can be paid any Piano.

I wish only to say," remarks Charles Emory Smith, "that from 1870 to 1890, the direct fruits of that policy have made and saved for the United States more than were made and saved in the whole world in the first eighteen centuries of the Christian era."

The Democratic effort to make capital out of the comparatively recent conversion of the Republican congressional nominee in the Sixteenth district, P. C. Leonard, from free trade to protection is now a complete fizzle. About three thousand of just such instances these days?

John Leisenring has in a quiet way resumed control of his campaign, and the Republican battle in Luzerne may be expected to thrive accordingly. The protection ticket will come down in the last few days of the campaign in a regular Garrison finish.

General Hastings this week will visit Mercer, Venango, Crawford, Erie and Washington counties in the west; then Luzerne and Lackawanna in the east and close in Philadelphia. His tour has been a continual round of campaigns.

Every township in Lancaster county will have Republican rallies this week. The county never before was so wide-awake.

The Democratic Pittsburg Post as good as concedes Congressman Sipe's defeat. In other words, Sipe will get a swipe.

They are talking of Senator Cockran in New York, when Hill resigns, Yes-when.

Such Work Counts. From the Binghamton Herald. B. F. Armstrong and Thomas Thernburn, two young men of Pittston, Pa., have been touring the counties of Luzerne and Lackawanna in Pennsylvania spreading the gospel. During June, July and August they conducted series of meetings on both sides of the river between Duryea and Nanticoke, and the work done is noted below: Places visited, 22; 7 breaker meetings, average attendance, 135; 4 cottage and church meetings, average attendance, 22; 1 tent meeting, attendance, 800; 8 open air meetings, average attendance, 238; families visited, 1,089; spiritual consultation, 121; professed conversions, 11; tracts distributed, 4,000; 213 Bibles and Testaments were distributed. This is an example of what we term practical Christianity. The work of this kind which more than any other tends to evangelize the world.

DID YOU EVER THINK

That everything that costs the same is not of the same value?

If you have ever been "stuck" in any of your purchases you will readily see the force of this statement.

Everybody who buys anything knows that what you buy does not depend wholly on the amount of money spent. One person can make a dollar go farther than another can two dollars.

And those "one dollar people" we are apt to call lucky, and envy them their luck in finding bargains.

Yet it is as true of "buying" as of other things, that success is not the result of luck, but can be obtained by everybody at the expense of a little thought.

There is a good deal in KNOWING HOW.
