Industrial and Commercial.

MINE, MILL AND RAILROAD.

At their meeting yesterday in New York the coal sales agents advanced prices 25 cents a ton for stove coal and 15 cents a ton for all other sizes. The new schedule for November delivery is \$4 a ton for stove, \$3.75 for egg and chestnut, and \$3.60 for grate. This should dispose of the stories current for the past few days of the dissolution of the so-called anthracite coal combi-nation. It was also decided to mine during November to the full capacity of the companies without restriction. The western coal sales agents have recommended an advance of 25 cents per ton on all sizes to the west. The report that the Delaware, Lackawanna and Western Railroad company had withdrawn from the operators' combi-nation was denied. The following companies (were represented: Philadelphia and Reading, Delaware, Lackawanna and Western; Delaware and Hudson, Pennsylvania Coal company, Jersey Central, Lehigh Valley and Coxe Bross.

Attorney Bijur, counsel for Isaac L. Rice, yesterday filed voluminous ex-ceptions in the United States Circuit court to the report of George L. Craw-ford, special master in the Reading railroad recivership, which recom-mends the dismissal of Mr. Rice's petimends the dismissal of Mr. Rice's peu-tion asking for the removal of the Reading receivers. The petition was filed Dec. 12, 1893, by Mr. Rice on be-haf of himself and other creditors of the Reading rairoad. Exceptions to the master's report which the petition-er had previously filed were dismissed. The preent exceptions were 219 in number and they cover 130 pages of typewritten matter.

President Sloan, of the Delaware, Lackawanna and Western railroad, said yesterday in regard to the rum ored withdrawal of his company from the anthracite coal pool: "We have not been in any pool or combination for years, and we have not instructed our collieries to go ahead and produce all the coal they can regardless of re-striction. There is no agreement to reduce output, only a monthly understanding among coal producers as to prices." Mr. Sloan's statement, how-ever, that his company will restrict production is important.

For several days rumors of a change in the collieries of A. Pardee & Co. have been quietly circulated. One report stated that the transfer would be made to Eckley B. Coxe, but this was emphatically denied. As to who the new operators will be is conjecture, but the Hazleton Standard has infor-mation from a fairly reliable source that Gillingham Fell, of Philadelphia, who controls the leases, has organized a syndicate to operate the mines. That some sort of a deal is on foot there is no doubt, as for the past week men have been engaged at Laurel Hill and the other collieries operated by Pardee & Co., taking an inventory of the same. This is all the information obtainable at this time. Another rumor extensive-ly circulated was to the effect that a lease of the Valley shops had been of-fered to A. S. Van Wickle and Eckley B. Coxe. This the railroad officials deny

During last week and part of this a movement has been on foot to consolidate the electric railroads in Schuylkill county into one powerful corporation. The parties interested in the deal took a ride over the lines that are to enter the combine on Tuesday, and, as we learn from the Hazleton Standard, seemed well satisfied. A number of new lines are also to be erected, among them being one from Delano to meet the Lehigh Traction company's line from Hazleton at some point on the South Side This would make Lakeside a central point from Hazleton, Shenandoah, Mahanoy City, Ashland, Tamaqua and n Pottsville for this in view, there has been talk of ex-pending \$40,000 or so in building a hotel, increasing the size of the lake and making the resort otherwise attractive.

William H. Hoskins has resigned his position as fire boss at No. 11 colliery at Plymouth to accept one as mine foreman for Jermyn & Co. at Peckville. will assume his new duties on Nov 1.

George L. Houser, general forwarding agent of the Lehigh Valley railroad, will shortly remove his family from Pittston to Bethlehem.

Several engineering corps are engaged surveying a route to Stroudsburg from Burveying a route to Stroudsburg from Drifton to connect with the Delaware, Susquehanna and Schuylkill raliroad. It looks to the Wilkes-Barre Record as if Eckley B. Coxe would yet operate his own main line to Philadelphia

MINOR INDUSTRIAL NOTES:

The St. Paul's earning for the third week of October decreased \$247,595. Earnings of the Atchinson for the second week of October decreased \$176,-

The Northern Pacific's earnings for the third week of October decreased

It is now declared that A. F. Walker will not accept the presidency of the

By a vote of the western lines rates on excess baggage are to remain at the

standard of two years past.

Mexican dollars in New York yester-day were quoted 51¼ cents, commer-cial price of bar silver, 63% cents.

The treasury will begin business to-day with an available balance of \$114, 407,351, of which \$60,022,023 is net gold. The belief is almost general that Judge Dallas will refuse to re-open for argument the Reading receiver's peti-

week of 1893, of \$12,534.16. An increase week of 1800, of \$12,032.16. An increase in freight earnings is shown and a decrease in passenger earnings, as might be expected when passenger business is compared with one of the best weeks of the Word's fair.

It is stated authoritatively that re ceipts of the South Jersey railroad have fallen off materially, and are now insufficient to meet operating expenses. The St. Paul's earnings for the third week of October, given out last night, compare with \$916,656 in 1893, \$528,015 in 1892, \$818,721 in 1891, and \$648,364 in 1890.

There is excellent authority for stating that the Vanderbilts will elect General Manager Caldwell president of the Lake Shore company within a short

Coxe Bros. & Co., are erecting a new boiler house at Derringer, where the boilers will be of the latest design and fitted up with the Coxe patent "Stoker" grate bars,

The Pennsylvania Steel company last week turned out 816 tons of rails in twenty-four hours and 4,000 tons dur-ing the week, about equally divided between 56 and 70-pound rails.

It is said on good authority that coal companies are observing the restriction of production better in October than in September, but the output for this month will exceed 3,000,000 tons.

The Valley officials, whose duties it is to look after the running of trains, are now busily engaged in the preparation of the winter schedule. They expect to issue the same on or about Nov. 15. N. E. Sprowl has been appointed

master mechanic of the shops of the Jersey Central road at Phillipsburg, N. J. Mr. Sprowl was at one time divi-sion master mechanic on the Chicago and Atlantic.

The Trunk line and Central Traffic board of arbitrators have authorized the Michigan Central and the Lake Shore to abolish the \$1.25 extra for riding on certain trains between Chicago and New York. Chairman Blanchard, of the Central Traffic association, has undertaken to

ferret out the parties who are charged by the Cincinnati, Hamilton and Dayon with doing some wholesale rate cutting out of Cincinnati.

Commencing with the first of the month, the dining cars run over the Vandalia and the Pennsylvania lines will run between St. Louis and New-ark, O., instead of stopping at Columbus, as has been the practice.

Charles E. Pugh, third vice-president of the Pennsylvania Railroad company, left for Buffalo Wednesday night to join the president and directors, who are making an inspection of the properties of the company.

A well known street car authority estimates that 25 per cent, of the New York surface lines' business is now done by the transfer system, and that a year hence, at the present rate of growth, the percentage will be 50.

There is a heavy demand for freight equipment, and General Agent Wagner says that all the equipment companies are doing their best to supply it. Not in the last two years have the equip-ment companies enjoyed as good business as at present.

Not for a year and a half has the Perkiomen railroad been so rushed with freight as at present. The crews are making extra trips to assist in keeping things moving. A very large amount of coal from the Lehigh regions is sent to Philadelphia and vicinity by this route. Fast Pann Investors is this route. East Penn Junction is a very busy place in consequence. The freight over the East Penn road has also increased in volume the past week, and many extra trains are being run over that road also.

STOCKS AND BONDS.

New York, Oct. 25.-The monotony at New York, Oct. 22.—The monotony at the Stock Exchange was rudely dis-turbed today by a sudden onslaught on the anthracite coal shares. Heavy sell-ing for both the long and short acing for both the long and short accounts carried Delaware and Hudson down 5 to 1264; New Jersey Central 3% to 104; Lackawanna, 3% to 162%, and Reading to 17%. The break was ascribed to rumors of an impending dissolution of the coal combination because of the heavy over production and the cutting of prices. So far as the disruption of the coal combination it need only be said that the sales agents at their meeting late in the day decided to advance stove 25 cents, and all other sizes 15 cents per ton for November desizes 15 cents per ton for November de-livery. The production, however, was not restricted as usual and the com-panies can mine if so inclined to their full capacity.

full capacity.
On the announcement of the advance in coai, Delaware and Hudson rallied 2½; New Jersey Central, 2, and Reading %. Late in the day Jersey Central returned to 104, Reading to 17½, Delaware and Hudson to 128, and Lackawanna to 184. The general list showed a rising tendency and at one time exhibited an advance of ½ to 1½ per cent. In the closing dealings the general market was firm and the coalers was a shade easier. Speculation left off steady. No changes show losses of 10 to 3½ per cent. in the anthracite coalto 314 per cent. in the anthracite coalers, % to % per cent. In the general list. Total sales were 91,500 shares.

The range of today's prices or the active stocks of the New York market are given below. The quotations are furnished The Tribune by G. du B. Dimmick, manager of William Linn, Allen & Co., stock brokers, 412 Spruce street, Scranton.

PROMISE AND PERFORMANCE

From New York Commercial Advertiser. In 1893 our exports of gold exceeded our imports by \$80,893,772, while buring the full term of President Harrison's administration exports of gold over imports was \$125,503,246, with the Sherman law in full force. For the first eight months of 1894 our exports of gold have exceeded our imports by \$84,233,281, or at the rate of \$126,349,820 per annum.

by \$84,233,281, or at the rate of \$126,349,820 per annum.

During the years 1890, 1891 and 1892 more foreign capital was invested in this country than in any other period of our history. Foreign capitalists vied with each other in buying up our great industrial establishments and in erecting new ones.

The value of our exports of merchandise for 1889, 1890, 1891 and 1892 was \$3,514,989,017, exceeding that of any previous four years. The balance of trade in our favor was \$308,228,296, while now the balance of trade is against us and the confidence of foreign capitalists in our industrial investments destroyed and foreign capital is being withdrawn.

MR. SINGERLY'S SHAKES.

From the Pittsburg Times.

Mr. Singerly is a genial gentleman and a good fellow and many of his personal friends of all parties in all sections of the state will be glad to have the opportunity of meeting him at their homes and of shaking his hand, but when it comes to voting they will, as a rule, be found giving him another kind of a shake. And this they can do with easy conscience, for they will simply be following out Mr. Singerly's own advice.

The Real Issue.

From the Philadelphia Times, Dem. From the Philadelphia Times, Dem.

With Tammany making the fight solely for Tammany there will be no confusion in the minds of the voters. Those who want Tammany rule perpetuated with all that it implies, of police corruption, brutality and blackmall, will vote for Grant, and all who want a change from this sort of misgovernment must vote the ticket of the committee of seventy, headed by Strong and Goff. The patriotism, character, business integrity, morality and social decency of New York are now engaged in a life and death conflict with its selfish, corrupt and criminal elements, and all civilization is an interested spectator of this battle.

The Chinese Democracy. From the St. Louis Globe-Democrat. If the Chinese army doesn't win a vic-tory pretty soon, the world will begin to call it the Democratic party of the Orient.

Ample Proof. "Yes," said the physician, "he's dead, poor fellow. His heart has censed to beat."
"That last statement settles it," said the friend. "If there's anything about Slippery Pete that has ceased to beat, he certainly is dead."—Life.

"What part of the chicken will you have, Mr. Brown?" said the landlady to the new boarder.

"About a quarter, thank you," answered Mr. Brown, who was probably only an old boarder in a new place.—Detroit Free Press.

Arranged. The Police—You've got to promise to eliminate all objectionable features before the fight will be permitted to proceed.

Pugliist—Jes' lemme git one smash at dat bloke's mug, an' dere won't be any feechers at all. See?—Detroit Tribune.

Charter Application.

NOTICE IS HEREBY GIVEN THAT AN NOTICE IS HEREBY GIVEN THAT AN application will be made to the Court of Common Fleas of Lackawanna county, or one of the law judges thereof, on Sept. 24, 1884 at 9 colock a.m., by John T. Edwards, Evan J. Williams. William J. Jenkins, John R. Richards and Thomas Lewis, under the act of assembly of the Commonwealth of Penn-sylvania, entitled "An act to provide for the incorporation and regulation of certain corporations." approved the 29th of April, 1874, and supplements thereto, for the charter of an intended corporation to be called "Hyde Park Lodge, No. 395, Knights of Pythias of the State of Pennsylvania, the character and object of which is the maintenance of a society for beneficial and protective purposes to its members from funds collected therein, and for those purposes to have, possess and and for those purposes to have, possess and enjoy all the rights and benefits of said act of assembly and its supplements. Said application is now on file in the Prothonotary's office of Lackawanna county as of No. 94, Septem-

CEALED PROPOSALS WILL BE RESCRIPTION OF COMMENTS OF THE STREET OF COMMENTS OF

Scranton. Pa., Oct. 25, 1894.

SEALED PROPOSALS WILL BE REceived at the office of the City Clerk,
Scranton. Pa., until 7.39 o'cleck p. m., Thursday, November 1, 1894, to construct the substructure, including excavations and masonry, for the Linden Street Bridge over the
Lackawanna river. Each bidder shall inclose
a certified check for 10 per cent of the amount
of his bid as a guarantee that the contract will
be executed. The check of the successful iddder shall be forfeited to the city if he shall fail
or refuse to execute a contract for the performance of the work, and a bond in the sun
of ten thousand dollars, conditioned, for the
faithful performance of the work. The checks
of unsuccessful bidders shall be returned to
them after the contract is awarded. The city
reserves the right to reject any and all bids.
By order of City Councils.

M. T. LAVELLE, City Clerk,
Scranton, Pa., Oct 25, 1894.

Long on his mystic mesh the spider toiled. The breezes blew and all his work was spoiled; Long on his magic song the poet wrought, But by reason blew a breath, and it was naught. —Clarence Hawkes in Kate Field's Wash-ington.

Dr. Wood's Norway Pine Syrup cures coughs and colds quicker than any other remedy, because it combines the lunghealing quality of the pine tree with other valuable medicines. Sold by all dealers on a guarantee of satisfaction.

onnolly & Wallace

WE ARE NOT "SOLE AGENTS" for Priestley & Co.'s Black Dress Goods, but we always carry a complete line in stock, and we are always up to dute with their Newest Weaves and Latest Novelties. If a lady contemplates buying a Black Dress there are many reasons why it should be a "Priestley." A few of these reasons:

First—Because all grades of Priestley Goods are manufactured from the very best quality of Bilk and Australian Wool.

Second—Because the dye is always the same unchangeable reliable Black, which never grows rusty or gray with age.

Third—Because the weave is firm, and they never slip or fray.

Fourth—Because they can be easily cleaned, washed in soap and water, if necessary. Bixth-Because they are guaranteed by a guarantee which

neans something. Among the best things shown are: Camel's Hair, Cheviots, Cravenette Serge, the Granite Weave, Armours, Silk Warp Henrietta, Metelase, Melrose, Eudora, etc. The last named "Eudora," being the very latest Cloth out. The "Eudora" is a triumph in textile weaving. It is a Silk Warp, and exquisite in its rich softness. Some say "it's only a Henrietta."To those we say, you are mistaken; it's more than a Henrietta. You ask wherein it is better? Well, a Priestley Henrietta did seem as near complete excellence as it is possible to reach, but the Eudora has all its good quali-

ties and several superior ones, making it the most perfect smooth faced fabric in the world. It has extra width. A great advantage, too, in these days of Umbrella Skirts, Full Coats, etc. It has extra weight. Not so heavy as to make it too warm for a good all-around-year's dress, but just enough heavier than the Henrietta to give it the appearance of having the body of a Ladies' Cloth without its overburdening warmth. It positively will not catch the dust. The dust shedding qualities of Priestley's goods have always been their strong feature, but the Eudora has been experimented upon, until it is an improvement over all and the climax of per-

fection is reached. The Eudora is young and new, but in a short time all women will find it their "friend in need," for

it will always be ready for wear. Our usual low prices prevail on all Priestley's goods.

TO OUR PATRONS:

Washburn-Crosby Co. wish to assure their m rons that they will this year hold to their usual custom of milling STRICTLY OLD WHEAT until the new crop is fully cured. New wheat is now upon the market, and owing to the excessively dry weather many millers are of the opinion that it is already cured, and in proper condition for milling. Washburn-Crosby Co. will take no risks, and will allow the new wheat fully three

months to mature before grinding.

This careful attention to every detail of milling has placed Washburn-Crosby Co.'s flour far above other brands.
