COAL SITUATION REVIEWED

in Seneca Falls only two are now living—Charles L. Hoskins, who kept a store where his son is now located, and H. C. Silsby, who was just commencing his successful business career. Mr. and Mrs. Fuller, however, remained here until 1869, and their acquaintanceship has been kept fresh by frequent visits, so that hosts of friends join in the cordial welcome which the Courier extends."

Reliable Information of the New York Meeting Where Opinions Differed But Which Ended in Harmony-Lower Prices Are Looked For.

Considerable interest and comment has been aroused in this city and other coal centers by the exaggerated and over-colored reports of the recent meet-Major Warren Punctures the Oakford Al ing of the anthracite operators in New York. The announcements in New York and Philadelphia papers particu-A reporter for the Truth saw Major larly that a "coal war" was impending Everett Warren this morning and called his attention to the statement reprinted and that cut throat prices and blood in the Times today and first published on Oct. 23, the morning following the been occasioned by a decline of anthrabeen occasioned by a decline of anthra-Hastings' meeting at the Armory. Mr.
Warren said: "This statement is on a
par with the falsehood published in that
paper about our candidate for sheriff,
Mr.Clemons. Ofcourse, Idid not say what cite stocks in Wall street and the machinations of speculators. Certainly the reliable information possessed by The Tribune of the New York meeting is attributed to me then. The fact is I does not coincide with the promised calamity developments. spoke of every one of our candidates, before I introduced General Hastings, except Judge Archbald, whose name I

It is true that there has been a decided change in the purpose and policy of the anthracite interests. Instead of a restricted output it has been left to the individual option of the operators what tonnage should be mined. No time has been specified during which my living in the courts. All I wanted personally from the bench was the rights accorded me by the law, but the people of the county had a duty to perform, and I thought it would be the the new system shall prevail, but if it proves dissatisfactory to continue the output under the policy of unrestricpleasantest duty they could have to discharge, viz: to re-elect the man who tion a change will be made. This does not necessarily mean that the operators will return to the old system. Men whose opinions are greatly respected presented urgent reasons why the unlimited policy should be tried, but if it is not found feasible provisions may be made for continuing along the same line but with modification.

The Situation Reviewed. The anthracite interest is made up of all the railroad companies and larger 12-8, but Their Captain's Leg Was concerns which produce nearly the entire output of coal. In financial circles their organization is known as the anthracite pool. Until recently each com-The Bucknell university foot ball eleven defeated the Colgate university pany by agreement was allotted a certeam Saturday afternoon at the base tain percentage of coal to be mined. ball park by a score of 12 and 8. The Each month the restriction was made game was replete with brilliant plays for the month following. The Philaand was the most exciting seen this delphia and Reading received the largseason in Scranton. William Kauff- est percentage, about 21.50 per cept man, the captain and center of Buck- and the Lehigh Valley and Jersey Cen-

nell, sustained a compound fracture of the left lower leg, and Bunnell, of the same eleven, seriously injured his knee in the first half.

Recently several new railroad companies were refused admission to the pool and about the same time the Delaware, in the first half.

It was the first game lost by Colgate in four years, and she would have at least tied the Bucknell men if Hodge, right end, had not failed twice in attempting to kick goals. Colgate excelled in interference but was handicapped by the fumbles and misplays of several new men. The teams lined up as follows:

COLGATE. POSITION. BUCKNELL. Kauffman was among the most pronounced advowas among the most pronounced advo-cates for an unlimited output, and

rather than make any p centage con-cessions several other la producers supported the change.

The assertions that the lit was The assertions that the lit was solely due to the Lackawanna forts, that has tweek. Bunnell Rathbone. Quarter Firth From the first kick Colgate secured the ball and had it for nearly fifteen minutes in Bucknell's territory, when it was gradually worked to near the Colgate goal line, where Bucknell made a touchdown and Wolfe kicked the first goal; time, twenty minutes.

Soon after the kick from center by Colgate the accident to Kauffman occurred in Bucknell territory and a wait of twenty minutes was necessary. The assertions that the lit was solely due to the Lackawanna forts, that last week's meeting was of of the county and city teachers will be held simultaneously in this city from today until Friday in the county be held in the county be held in the county teachers will be held in the county to the point and dwelt upon interesting features was introduced into the services of the Penn Avenue Bapton Wyoming avenue. The ball was never out of Bucknell territory politan newspapers that the advance in prices possesses no significance and that and after a touchdown by the left tackle Hodge, Colgate's center, failed there is no reason to believe that any of the companies will maintain the scheduled figures. It is alleged that the an-thracite war is actually begun and the After Bucknell's kick off, the ball was kept in Colgate's field until Wolfe made producing companies will mine and sell as much coal as they possibly can with

the result that prices will shortly be seen at a considerably lower level. As Viewed In New York. The New York view of the situation is substantially illustrated in the fol-lowing e tract from the Commercial

Advertiser:

been most of the time in Bucknell's This state of things existing, it is new proper to semark that at the meet-ing of sales agents held yesterday a as can be expected at the Lackawanna hospital: The bones of the lower left leg are fractured in several places and more extraordisary fiction was gotter up for the public than has been put out in a long time. Bearing in mind the fact that there are already large stocks before the injury was dressed one of the broken bones protruded through of coal at many points, and that prices are extremely unsteady, the sales agents, with a fine sense of the ridicusnapping of the bones being heard in several parts of the field. The hospital lous, announced to the public that they had voted an increase of 25 cents and surgeons hope that Kauffman may be 15 cents on the May circular of prices which has been consistently disregarded ever since it was put out Furthermore, lest there should be any doubt as to the efficiency of this method of grappling with the trouble, it was announced at the same time that the companies would mine coal during November up to their full capacity. "This means one thing, and one thing identity is unknown, has been a great source of dread to women who are com-

only, and that is a coal war. The advance ordered in prices is simple nonsense, as prices were not within 50 cents a ton of the May circular. increase, or rather the absence of limit of production, for November is where the trouble will come in. The question at once a ises, what is the meaning of

thieves near some new building north of Ash street and toward Laurel Hill "It may be done with the idea of heading off at once any possible trouble park when he heard loud screams of frightened women. When he arrived from Reading, and with a view of impressing people in general with the power possessed by one or two of the important companies, of producing coal at ruinously low prices. For years past Lackawanna, has been trying to hide While walking up the hill they had been suddenly confronted by a man who acted indecently in the pathway ahead of them and made a contemptiits profits by manipulating operating expenses so as to keep its admitted profits as low as possible. It has spent large sums of money out of operating expenses for the purchase of more coal ble proposal. He ran down the hill when the women screamed.

Patrolman Coleman made a tour of lands, and could at any moment cut its operating expenses 10 per cent. None the fields and made a prisoner of a man who resembled the description of the other companies are so favorably

The conference of the chairmen is preparatory to a larger conference of AFTER TWENTY-FIVE YEARS.

Isaac Fuller Resigns His Position in Gov ernment Printing Office. Issac Fuller, a gentleman well known in this city, has retired from the government printing office at Washington, where he was employed for over twenty-five years in one of the most exacting positons of that important department of the government. Prior to accepting a government position Mr. Fuller was for years one of the best known of the editors of inland papers in New York state, and was a promithe Driving park.
Fortunately Dr. Throop was not injured. He escaped with a few slight brulses. The road is being filled up with culm and this is responsible for

in New York state, and was a prominent figure in the Republican national conventions preceding the war. About a year ago Mr. Fuller paid a visit to friends in this city, and was the guest of his nephew, E. P. Kingsbury. The Courier, of Seneca Falls, N. Y., in a recent issue, contained the following concerning Mr. Fuller:

"Isaac Fuller, the founder of the Seneca County Courier, has returned to Seneca Falls to live. He voluntarily resigned his position in the public printing office at Washington after a service there of twenty-five years and three months. His reasons were that Mrs. Fuller desired to spend the remainder During Saturday night while Patrol-man Peters was passing the corner of man Peters was passing the corner of Lafayette street and Everett avenue two men jumped from behind a tree and performed an embryo Indian ghost dance in front of the startled officer. After several lusty yells and wierd waving of arms they discovered their intended victim's identity and tried leg Lafayette street and Everett avenue two men jumped from behind a tree and performed an embryo Indian ghost dance in front of the startled officer. After several lusty yells and wierd waving of arms they discovered their intended victim's identity and tried leg ball for safety.

After a merry chase of several blocks George Skellinger, aged 21 years, of Price street, was captured. In yesterday's police court he paid \$2.50 for the ghost dance.

> Mrs. Amy Clark, of Clark's Green, died suddenly yesterday afternoon in the cemetery at that place.

Mrs. Clark was about 60 years of age and was the wife of J. C. Clark, one of the prominent citizens of Clark's Green. The late Henry Sisco was an old time friend of the family and it was while feet below the surface. The earth attending his funeral yesterday afternoon that Mrs. Clark was stricken.

Mr. Sisco came to this city last Tues day and was stricken with an epileptic fit at Providence, and was removed to the home of his son, William, on Warren street, where he died Thursday evening.

and Water company, and two of the employes were testing the hydrants on Mineral street when the fatality took Mr. Sisco was the oldest resident of Mineral street when the fatality took place. They had just shut one of the hydrants and it is alleged that the strain on the main pipe after the hydrant had been shut was responsible for the bursting of the pipe. Contractor Ferguson is quoted as saying that the forcing back of the water caused the pipe to break at one of the joints. The break in the pipe was but a few yards from where Noonan and a fellow workman named McGurn stood.

Both men saw the danger and darted to escape to a point of safety. McGurn

As the coffin was lowered to its final

to escape to a point of safety. McGurn ran toward Carbon street and got out As the coffin was lowered to its final resting place Mrs. Clark became faint of danger, but Noonan, unfortunately, took the other direction and was caught by the falling earth and planks and would have fallen had not a by stander supported her.

Dr. Evans was hastily summoned, but could do nothing. Mrs. Clark's lease of life had expired and in five minutes her lifeless body lay on a little mound only a short distance from the that the rushing water was washing into the trench. He had not gone ten feet before the quicksand engulfed him and the breath of life was smothered out of him. new made grave, and there was addi-tional cause for sorrow among the good people of Clark's Green.

Mrs. Clark's death was due to heart trouble: She was 60 years of age and

had been affected with heart trouble for some time. A husband and one daughter survive her. The funeral will occur at 2.30 Tuesday afternoon.
