

EXORBITANT SALARIES PAID

Tammany's Overthrow Means Economy in Gotham's Municipal Offices.

INCOMES THAT WILL BE PAID

New York's Civil List Has Exceeded by Far the Civil List of the United States Government in Per Capita Fatness.

Special to the Scranton Tribune, New York, Nov. 14.

One of the effects of the anti-Tammany uprising in this city will be a general overhauling of Gotham's municipal salary list.

Of the 15,000 regulars, no less than 7,500 receive salaries of \$1,000 and upward. One salary enjoyed briefly by the great boss, who retired when he saw defeat in the air, is the princely sum of \$25,000.

Other Fat Offices.

The fifteen judges of the superior and common pleas courts are to be counted in the list of judicial assets, because aspirants have received their nominations from the sachems, who in every case levied heavy assessments.

The recorder's office is worth \$16,000, of which \$12,000 is for the judicial functions and \$4,000 for the administrative.

The largest salaries paid by the Federal government, outside of the president and the diplomatic service, are from \$5,000 to \$10,000.

Tammany as an Employer. There is another army not in municipal office, over which Tammany has been able to extend its control.

The governor is reported to have advised Colonel Coit to go to Washington Court House in response to the subpoena, and that if he finds that matters there are of such a character that his life is in danger, the governor will order out the militia to protect him and preserve order.

AT THE MERCY OF COOKS.

The Courts of the Indian Territory Are Utterly Powerless to Cope with the Organized Gang of Bandits.

Washington, Nov. 14.—The commissioner of Indian affairs today received the following telegram from Agent Wisdom, at Muskogee, Indian Territory:

"As I predicted would be the case, the Cook gang, organized at fifteen strong, held up the north-bound train at 10 o'clock last night at Blackstone switch, five miles north of this place. They robbed all the passengers, getting considerable money and other property. Nobody killed. The courts are utterly powerless to protect us, either in life or property, and I want an end to the trouble except the military invence. I must again recommend that troops be sent here at once. Please refer this matter to the secretary of the interior, and if need be, to the president. The utmost consternation prevails and people lawfully residing in the territory are at the mercy of the bandits. In the last few days this gang has committed rape, murder, and every sort of robbery, and the state of affairs is a shame and a reproach to civilization."
