STOCKS AND BONDS.

By the United Press.

New York, Dec. 21.—Trading at the Stock Exchange today was without special feature. The transactions were light and amounted to 163,626 shares, of which Sugar figured for 65,900 shares, and Reading for 20,000. Market irregular, but the heavy engagement of gold for shipment to Europe on Saturday did not lead to liquidations rather encouraged those operating for higher prices. Washington news was also considered favorable, it being stated that there will be no tariff legislation this session, and that there can be no tinkering with the finances for some time to come. Sugar was weak in the early trading, but later on there was good buying and the stock advanced from 93 1/2 to 94 1/2. Chicago Gas ranged between 7 1/2 and 7 3/4. Reading was decidedly strong, rising to 16. A report was current to the effect that the Olcott plan will be modified in favor of the junior security holders. Speculation closed firm. Net changes show gains of 3/4 per cent. Reading leading.

The range of today's prices for the active stocks of the New York stock market was as follows: The Bulletin furnished The Tribune by G. du B. Dimmick, manager for William Linn, Allen & Co., stock brokers, 412 Spruce street, Scranton.
