SAMUEL SEELY SENTENCED

Long Term for the Shoe and Leather Bank Bookkeeper.

EIGHT YEARS IN THE PRISON

After Seely Had Given the Bank Directors All Information Possible About His Transactions They Refused to Intercede in His Behalf.

By the United Press.

New York, Dec. 24.—Samuel C. Seely, the defaulting bookkeeper of the National Shoe and Leather bank, was today sentenced by Judge Benedict, of the United States circuit court, to eight years in the Kings county penitentiary. When Seely was called to the bar, the court room was crowded with curious spectators. Seely responded quickly to the call of his name and walked to the bar with a firm step, but he looked pale, dejected and crestfallen, in fact, almost dazed. His wife's uncle, Milford F. Hallenbeck, stood with him in court. Lawyer Frank W. Angel interceded for his client and said that he thought the ends of justice would be met by the minimum punishment. He said Seely had told him openly that he was guilty and deserved punishment. He said Seely had over 600 accounts under his care. His first mistake was an error. He should have gone to the president of the bank about it, but, instead, he went to Baker, a man of will power and decision, who easily influenced Seely. He had not placed the government to any expense of trouble of a trial. He also asked that the sentence should be executed in the Kings county penitentiary.

Eight Years in Penitentiary.

Judge Benedict then sentenced Seely to eight years in the Kings county penitentiary.

Seely was at once removed from the court room and taken back to Ludlow street jail.

The maximum punishment for his crime under the statute is ten years imprisonment and the minimum five years. With the allowance for good conduct the actual time Seely will have to serve will be about five years and four months.

In passing sentence Judge Benedict said: "The law must protect the banks and it is intended to deter others from committing similar crimes."

Just before Seely was called to the bar President Crane, of the Shoe and Leather bank, Vice-President Pease and Director Beach entered the court room and took seats in the rear of the gallery.

Mr. Pease and Mr. Beach are the two directors who had an interview with Seely in the marshal's office this morning and refused to intercede with the judge in his behalf after Seely had told them all he could about the bank accounts and how to trace Baker's missing checks.

After Seely was taken from the court room back to the marshal's office to get the commitment papers, he said to Deputy Marshal McAviney, who had him in charge: "I am glad it is over. I would rather serve twenty years in state prison than suffer as I have done during the past ten years. The past ten years have been terrible to me."

INSANE AT HARVEY'S LAKE.

Mr. Rice, of Plainfield, Had to Be Strapped to a Board.

By the United Press.

Wilkes-Barre, Pa., Dec. 24.—A man named Rice, of Plainfield, N. J., who owns a cottage at Harvey's lake, twelve miles from here, became suddenly insane at the latter place on Saturday last. He was in a violent state of insanity on Sunday and it was necessary to strap him to a stout board.

He was sent to Philadelphia at 2 o'clock this morning. Dr. Long, of Harvey's lake, accompanied him.

CARNEGIE WAGE SCALE.

Salaries and Rents Are Reduced at Homestead.

By the United Press.

Pittsburg, Dec. 24.—The new wage scale for the Carnegie Steel works, at Homestead, was posted in the several departments of the works today and disclosed an average reduction of 15 per cent. in the entire mill. The high priced men suffer a reduction of 35 per cent. Besides this the services of a number of high priced men are dispensed with.

The rents on company's houses were materially reduced. There was some dissatisfaction, but despite the grumbling the scale will be accepted as presented.

EVERYTHING SEEMS WRONG

to the dyspeptic. The world is upside down; the times is out of joint; he's ready to turn his back upon his best friend.

Now, the thing that oftenest is wrong with dyspeptics, is their choice of a remedy. There are drugs and medicines on the one hand—the Carlsbad Sprudel on the other. They can't both be right; there's too much difference in their methods and in their results.

Carlsbad—the waters of the Sprudel Spring at Carlsbad have been curing dyspeptics for hundreds of years. Curing them. No remedy in the world has been so thoroughly tried and proved, in all digestive disorders, stomach troubles, lack of appetite, or perverted nutrition. Add a little of the genuine Carlsbad Sprudel Salt to the first tumblerful of the water, if you desire to increase its purgative action.

Do not be imposed upon by unscrupulous dealers who will sell you a mixture of Seidlitz Powder or Glauber Salt as "Improved Carlsbad Salt" or "Artificial Carlsbad Salt," "German Salt," or other names. Insist upon the genuine article, which must have the signature of "Eisner & Mendelson Co., Sole Agents, New York," on every bottle.

Constitution to Be Repaired and Stationed at Washington.

By the United Press.

Portsmouth, N. H., Dec. 24.—Secretary of the Navy Herbert has instructed Captain Reed, commandant of the Kittery navy yard, to order a board of survey to see what it will cost to put the historic frigate Constitution in condition for sea service.

The sum of $225,000 is to be expended in putting the famous craft in as good condition as she was during her career. As soon as the vessel is made seaworthy she will be taken to Washington, where will be her permanent station.

INDUSTRIAL TOPICS.

Alabama's daily coal production has reached 26,000 tons, the largest ever known.

It is said that the senate committee is not favorable to the pooling bill as it passed the house.

The Christmas pay roll of the Pennsylvania Steel works, at Steelton, Saturday, footed up $65,750.

The strikers at Mid Valley colliery, near Shamokin, still refuse to return to work at reduced wages, but no further violence was attempted.

George M. Bretz will employ a large force of men, after Jan. 1, to clear 120 acres of timber land near Hecla, on the Little Schuylkill railroad.

An English electrical engineer proposes to furnish electrical power direct from the coal fields at one-fifth of the cost in coal for steam power.

Sheridan Furnace, No. 1, at Reading, blew out Saturday for repairs, and stock No. 2, which has been undergoing repairs, will be started up this week.

Gross earnings of fifty-four railroads during the second week in December increased 12 per cent., and seventy-eight roads in the first week increased 2.47 per cent.

The Good Spring Water company has been chartered to supply water to the collieries of the Reading Coal and Iron company, and the villages of Porter township, Schuylkill county.

E. K. Conne, representing the Hartshorne committee of Reading security holders, is making a tour of the coal regions trying to secure proxies. He finds that the personal efforts of officials of the company had already secured proxies for Mr. Harris.

Seven hundred and forty-two tons of gold, or their equivalent, were required to pay the expenses for the United States government for the year 1894. The necessary teams to haul it, allowing a ton, and twenty-five feet, to a team, would make a procession over three and one-half miles long.

Since the completion of the double track on the mountain cut-off Lehigh Valley freight crews will remove from Wilkes-Barre to Coxton. After Jan. 1 instead of making two trips from Wilkes-Barre around the mountain, they will leave Coxton, run to Fairview, and return to Coxton via the cut-off and make three trips.

Minister Gray believes Americans will make a great country out of Mexico. He says the stamp of the American is on nearly everything of importance in the republic already. The Mexicans have confidence in American people and in American manufactures. "The United States," said he, "is now furnishing more than half the hardware imported by Mexico. Only a few years ago Germany had almost all this trade. I learn from my talks with Mexican merchants that they prefer hardware from the United States, not because it is cheaper, but because they believe it is of superior quality. In selecting edge tools and all kinds of machinery the American product is preferred."

White Haven Journal: "G. B. Leonard, a Central engineer living at Penobscot, has patented a car coupler which is said by practical railroad men who have examined it, to be the best device yet invented. Its advantages are that it may be coupled to any of the usual forms of coupler or drawhead without requiring any person to go between the cars, as it couples and uncouples by lever from the top or side of the car; it will couple to any of the usual forms of couplers; the bars will become disengaged from the jaws if turned at right angles, and for this reason if one car in a train upsets it will become disconnected from the other cars, and thus prevent one car from drawing others down a bank or off a bridge; it will couple to a car in which the couplers are either higher or lower; it is provided with double connecting bars, so if one breaks the other may still be used."

Philadelphia Record, editorially: "With the withdrawal of George D. McCreary from the so-called Lehigh Valley Stockholders' committee the bottom may be said to have dropped out of the movement for a change in the management of that company. Whatever basis there was for the opposition was removed by the election as directors of such representative men who are all largely interested in the welfare of the Lehigh Valley as Joseph Wharton, Thomas McKean and George H. Meyers, and Mr. McCreary's action now deprives the disgruntled committee of the only element of strength that still remained to it. The re-election of President E. P. Wilbur, which may be regarded as assured by the collapse of this hostile movement, is so obviously demanded by the best interests of the company that there should never be any doubt about it. Familiar with the history of the company from its inception, he has given to its management the best years of his life, and it is largely to his efforts that its high credit has been so long maintained. President Wilbur cannot be held responsible for that stagnation in the coal trade which followed the breaking down of the great Reading combination, and one of whose most marked results has been a steady fall in the price of coal, followed by a suspension of dividends. This condition of affairs has seriously affected all the coal roads, but none is in a position to recover more quickly from it than the Lehigh Valley, whose wise management has not permitted its facilities and equipment to suffer from the business depression through which the entire country has been passing. With the resumption by trade of its normal conditions, the Lehigh Valley will doubtless share in the returning wave of prosperity, and the policy of President Wilbur and his associates will be justified. It would certainly be folly for the stockholders to think of making a change now, and of entrusting the management of a company which has so long enjoyed such a high financial reputation to the hands of those ignorant of its affairs and inexperienced in the direction of a great railroad."

STOCKS AND BONDS.

By the United Press.

New York, Dec. 24.—Speculation at the Stock exchange today showed few features of interest. Lackawanna, Reading, Distilling and General Electric were strong for a time. The transactions footed up only 71,900 shares. Reading advanced a point to 16 on the announcement from Philadelphia that the Finance company had sufficient stock to elect Mr. Harris president. General Electric was strengthened at one time by denials that the company was in poor shape. Lackawanna sold up to 163½ on an attempt to cover by an old short interest. Variations in the other prominent stocks call for no special mention. Speculation closed steady. Net changes show losses of ¼ to ⅝ per cent. Lackawanna rose 1⅝. Distillers ⅝. General Electric and Reading ¼. There were further liquidations in Cordage, which declined to 6½.

The range of today's prices for the active stocks of the New York stock market are given below. The quotations are furnished The Tribune by G. du B. Dimmick, manager for William Linn, Allen & Co., stock brokers, 412 Spruce street, Scranton.

Term of sale: Twenty-five per cent. on day of sale, 25 per cent. upon confirmation and delivery of deed and balance in six months from confirmation of sale and delivery of deed with interest from day of confirmation of sale.

CHARLES GARDNER,
Administrator.

FRED R. STARK,
Attorney for Estate.

ORPHANS' COURT SALE—BY VIRTUE of an order of the Orphans' Court of Lackawanna county, the undersigned, executor of the estate of J. B. Lisk, late of the township of North Abington, county of Lackawanna, state of Pennsylvania, deceased, will expose at public sale at the house on the hereafter described premises, in said North Abington township, on Saturday, December 29th, at 10 o'clock a. m., all that piece or parcel of land situate in the township of North Abington, county of Lackawanna and state of Pennsylvania, bounded and described as follows, to wit:

Beginning at the corner of Stephen Whitman's land, thence by lands of N. S. Whitney north forty-six degrees west one hundred and twenty-five and five tenths (125 5-10) perches to a corner in line of Davis Dean; thence by land of said Davis Dean north forty-four degrees east one hundred (100) perches to a corner in the road; thence by lands of Cyrus Colvin south forty-six degrees east one hundred and twenty-five and five-tenths (125 5-10) perches to a corner in line of said Stephen Whitman; and thence by land of said Whitman south forty-four degrees west one hundred (100) perches to the place of beginning. Containing seventy-eight (78) acres and seventy (70) perches of land, more or less.

It being part of a tract of land, patented by the Commonwealth of Pennsylvania in the name of Hannah Woodruff; the same land as conveyed by George Clymer, by his attorney in fact, S. Mylert, to George Whitman by deed dated the 22d day of December, A. D. 1845, and recorded in the Recorder's Office in and for the county of Luzerne, in Deed Book, No. 43, at page 487, etc.; also, it being the same tract of land conveyed to said J. B. Lisk by said George Whitman by deed dated the fifth day of April, A. D. 1869, and recorded in the office for recording of deeds in and for the said county of Luzerne, in Deed Book No. 108, at page 421, etc.

This farm is located about 12¼ miles from the city of Scranton, and one and one-half miles from the D., L. & W. R. R. station. It is well watered, having a stream running through it, and three never-failing springs thereon. It is well fenced with stone walls, has a young apple orchard, a first-class farm house and two good barns thereon. The soil is in excellent condition, and the farm is only one-fourth of a mile from the school house.

TERMS OF SALE—$100 down on day of sale; 25 per cent. of the balance on final confirmation of sale; 25 per cent. in one year from date of sale, and the remainder in two years from the date of sale. All sums unpaid after final confirmation to be secured by bond and mortgage. B. F. VON STORCH, Executor.
EDWARD MILES, Attorney.

CAUTION

TO OUR PATRONS:

Washburn-Crosby Co. wish to assure their many patrons that they will this year hold to their usual custom of milling STRICTLY OLD WHEAT until the new crop is fully cured. New wheat is now upon the market, and owing to the excessively dry weather many millers are of the opinion that it is already cured, and in proper condition for milling. Washburn-Crosby Co. will take no risks, and will allow the new wheat fully three months to mature before grinding.

This careful attention to every detail of milling has placed Washburn-Crosby Co.'s flour far above other brands.
