A Branch Postoffice.

The question of having a branch postoffice on the West Side is being agitated by many of the citizens. In the purchase of stamps the only accommodation we have here is the drug stores, and very often not a stamp can be obtained. During the recent storm one drug store sold over \$15 worth of stamps in a day. No money order can be drawn or a letter registered, and it becomes apparent that the West Side requires an office where these benefits can be obtained without tramping through the snow to the central office. A commit-tee consisting of William Farrell, Charles E. Daniels and John R. Farr have been appointed by the West Side board of trate to confer with Postmaster Vandling on the subject. Government officials who have lately viewed the teritory claim there is much need of an office on the West

Thirty-six thousand dollars is the stimated cost for the proposed new Seventeenth sewer district system in-cluding portions of the Eleventh, Twelfth and Nineteenth wards. terday the city engineer completed the estimate which is possibly four or five thousand dollars above what the eventual contract price will be.

Whether or not the system will be built is doubtful. On the other hand city officials and councilmen favor the idea. The territory affected is hilly and is damaged to the extent of several thousand dollars by rain and storm during each year.

The route proposed is as follows Lackawanna river and Stafford Meadow brook, to Remington avenue, to Locust street, to Cedar avenue to Maple street, to Pittston avenue, to Front street, to Stone avenue, branch on Alder street from Pittston avenue to Prospect avenue, to river; branch on Willow street from Pittston avenue, to Stone avenue; also a storm water overflow on Willow street from Pittston avenue, to Roaring Book; another storm water overflow on Cedar avenue from Locust street, to Stafford Meadow brook; storm water overflow at the intersection of Remington avenue and Stafford Meadow brook.

DR. HACKER'S

TREATMENT OF YERVOUS DISEASES OF YOUNG MEN

I give the following statement unasked. I have been a sufferer for so long a time and have spent so much money with so-called specialists and each time have been disappointed and misled, that it was with a good deal of doubt that I called on DR. HACKER. But knowing of some of the cures he made in this city four years ago, and the confidence of the people of Scranton in him then. I resolved to try him. It was a lucky move for me. I was troubled with dizziness, spots floating before my eyes, bad dreams, melancholy, easily startled when spoken to, no desire to exert myself and tired on the least exertion, especially in the morning; had no pleasure in company; very nervous and altogether was a complete wreck. But thanks to DR. HACKER, I am today a well man. I would advise all young men suffering as I did to call immediately; in 45 days I gained in flesh 18 pounds. For obvious reasons I prefer to withhold my name, but if any who suffer will call on DR. HACKER at the Lackawanna Medical Institute, he will furnish my name and address.
