## JUDGE ADVOCATE GENERAL

Frank Library

Major Everett Warren, of This City, Will Receive This Appointment.

THE OTHER STAFF SELECTIONS

General Hastings Will, It Is Said, Not Announce Any Other Civil Appointments Until After His Inauguration - Another Scranton Possibility.

Special to the Scranton Tribune.

Harrisburg, Pa., Jan. 4.-Governorelect Hastings will not announce any more appointments until after his inauguration. He is busy with the preparation of his inaugural address and is giving very little attention just now to anything else. He will go to Philadelphia tomorrow to attend a reception to be given in his honor by the Union league. The members of his cabinet will also attend, together with Governor Pattison and cabinet, and other state officials.

This will be the first meeting between Governor-elect Hastings and the members of his cabinet since the appointments of his official family was announced. They will have a conference after the reception to discuss the selection of their subordinates and arrange for their induction into office. Neither General Hastings nor his cabinet will be in a great hurry to fill the places which they will soon have at their disposal. The changes will be made gradually in order not to impair the efficiency of the departments under their immediate control.

Major Warren's Appointment.

Among the first appointments announced by Governor-elect Hastings after his innauguration will be his staff. There is a great demand for place on the staff, many of the leading officers of the National Guard preferring a position of this kind to the rank which they now hold. It may be said with almost a certainty that Major Everett Warren, of Scranton, president of the State League of Republican clubs, will be appointed judge advocate general in place of Colonel DeWitt Cuyler, of Philadelphia. Major Warren is well qualified for this place by reason of his long service on the staff of General Gobin, commander of the Third brigade, as judge advocate.

### DICK'S BILL IN EQUITY.

Asks That a Muster Be Selected to Conduct Lehigh Valley Election. By the United Press.

Philadelphia, Jan. 4.-W. A. Dick, secretary of the committee which is endeavoring to oust the present management of the Lehigh Valley railroad, today filed a bill in equity in the common pleas count against the Lehigh Valley company and asking for the appointment of a master to conduct the annual election of the company, and also order that the polls be kept open until the vote can be counted. The complaint states that he is the owner of upward of 100 shares of the 800,000 shares of the stock of the company. The bill states that the management of the company is inefficient and not characterized by the energetic and close attention to details and practical economies that alone can enable a railroad to be profitably operated.

Mr. Dick further states that because of the refusal of the Lehigh Valley management to give him a copy of the stock list he is unable to say exactly how many shares the opposition represents. It is said, however, that they number about 1,500 of the 7,000 shareholders. The election will take place here on Jan. 15, and will be conducted by three judges appointed by the board of directors of the company. The plaintiff asks leave to amend the bill by adding the names of the judges of election as parties defendant when they shall be appointed

## IS MR. MURPHY A SENATOR

There Is Question About the Legality of HIs Election.

STOLEN LEGISLATURE'S WORK

Point Concerning the Validity of His Elec tion May Be Taken Into the Courts. Disastrous Effects That Might Follow His Downfell.

By the United Press.

Albany, N. Y., Jan. 4.-The Albany Evening Journal tonight, in a news ar ticle headed "Is Murphy a Senator," says: "Is Edward Murphy legally en titled to the seat which he holds in the Uniter States senate as one of the representative of the state of New York? This question has suggested itself to several prominent Republicans in view of the recent decision of the court of appeals declaring the state board of canvassers in contempt for their action in canvassing the Mylod return.

"Edward Murphy was elected senator Jan. 17, 1893, the filegal senate participating in his election. His opponent was Frank Hiscock. The point raised concerning the validity of Senator Murphy's election may be taken into the courts. Undoubtedly, it has merit, and

the only question is one of expediency."
"The point is good," said Secretary of State Palmer this morning; "but it the election of Mr. Murphy is invalid so must be a great many other acts of the stolen legislature. The con gressional apportionment and much New York city legislation would become null and void. I am inclined to think that the unseating of Senator Murphy might be looked upon as an attempt to gain partisan advantage and would prejudice popular opinion in his favor. It would be better to let the Democrats remain responsible for the exercise of the power they have. A Republican senate would not help us much while Cleveland remains presi dent.

Palmer's opinion was shared by the other state officers, and it may be that no attempt to formulate a case against Mr. Murphy for presentation in the senate will be made. But hat it might be made with a fair prospect is clearly evident from the facts and court decisions. A number of leading Republicans are not considquestion and will decide ering the whether to take any action upon it or

The physicians, officers, and employes in the burned building lose nearly all their personal

Declares That He Was Offered a Large Sum of Money if He Would Agree to Accept the Operators' Proposed Scale of Wages.

By the United Press.

Columbus, O., Jan. 4.-President Adams, of the Ohio miners, who is a formidable candidate for the presidency of the United Mine Workers of America, vice John McBride, visited the state trades and labor assembly convention late this afternoon. He accepted an invitation to address the convention, and his address bristled with sensational statements from beginning to end.

After calling attention to the present condition of the miners, he reviewed the great national miners' strike of last year. Following the matter up to June when a committee of miners and operators held a meeting to agree upon a scale of wages he said John McBride and Patrick McBryde, of Columbus; Phil H.
