A few months ago, during the centennial services of the Baptist churches and the anniversary services of the Penn Avenue church, Rev. Warren G. Partridge, the pastor, made an eloquent appeal to the members to clear the debt which lay upon the church. The total amount of the mortgage was \$5,000, but a portion of this had been paid off by the efforts of the Ludies' Aid society. In response to the appeal pledges were

signed by the members generally, redeemable on New Year's Day. The total amount has now been discharged and a telegram sent to Philadelphia asking that the deed be forwarded. The document will arrive in the city today and be formally committed to the flames tomorrow night in the church.

CHURCH CLUB WITH BEER. Shuttleworth's Curious Experiments in London.

Canon Shuttleworth, in the Young Man, describes a successful experiment which he has made in starting the St. Nicholas club in connection with his church. This club is open to both men and women, and beer is not forbidden.

Canon Shuttleworth says: "When we were starting the St. Nich-olas club the question was, Shall we sell liquor? We decided to do so, and we liquor? We decided to do so, and we have never regretted it. If we had not sold liquor, Esau, who likes something more than ginger-beer with his mess of ottage, would not have joined the club or if he did, he would not go without his beer, but would walk across the street to get it. Thus I should defeat my object at the very outset. I should lose Esau. Therefore, at our club those who want beer can have it-of good quality and unadulterated."

No one was hurt and the accident was due to the slippery condition of the rails. Car No. 64, in charge of Conductor Billings, was outward bound and car No. 11, in charge of Conductor Spencer, was approaching the city. They met on the

The passengers saw the impending shock and braced themselves. No one was hurt except a man on the front platform, who received a gash on one of his hands.
