PROGRAMME FOR THE WLEK

Business That Will Be Considered at Sessions of Congress.

SENATE FAVORS INCOME TAX

Republicans Have Decided to Largely Support the Measure-Nicarauguan Canal Bill Drags-Bogus Butter Will Cause Trouble in the House.

By the United Press.

Washington, Jan. 13 .- It is confidently expected that the urgent deficiency bill will be out of the way before the end of the week that opens in congress tomorrow. There will be a number of speeches on the income tax from various Republicans, but there will be no effort at undue delay nor will the Republicans countenance filibustering. Despite the opposition of Mr. Quay. which has necessitated several roll ealls, and the fight that Mr. Hill is making, as soon as the Republicans have made the speeches arranged for they will have a vote on the bill and will largely support the appropriation. Mr. Cockrell expects to see the vote taken by Wednesday and says the bill will have at least fifty votes out of the total vote of eighty-five, as the senate now

The Nicaraguan canal bill is still the unfinished business. The pension, mili-tary academy and fortification appropriation bills have all been reported to the senate and Mr. Cockrell expects to call them up as fast as possible. The canal bill, while retaining its right of way, will probably yield to the appro-priation bills when they are called up. The interest in the semite this week will center about the room of the finance committee rather than upon the proceedings of the floor with one exception, Mr. Gorman's promised speech on the financial question, which was to have been delivered on Saturday, but will probably come off tomorrow.

The Bogus Butter War. In the house during the first morning hour devoted to committee business the Grout bill to make oleomargarine. butterine and other substitutes for and imitations of dairy products subject to the laws of the state into which they may be transported will come up and inevitably precipitate a parliamentary contest. There remains but one hour for its consideration under present call of committees, and opponents of the bill profess their ability to prevent its passage within that period. Should the bill fail to reach a final vote at this stage, Mr. Hatch will doubtless appeal

assignment. There is already a tremendous presdisposition of bills. Requests have been preferred on behalf of enough measures to take up all the remaining time of the session, save that which will be required for disposing of the appropriations bills and the bills called up in morning hour by the several

to the committee on rules for a special

committees. Among these measures which, according to a member of the committee on rules, are likely to become the subject of favorable action of the committee on rules are the bills to provide and the coal mined for several years payment of the French spoilation past, and is making good progress, all claims; to provide for the re-adjustclaims; to provide for the re-adjustment and refunding of the Pacific railroad indebtedness; to erect public buildings in accordance with the recommendations of the committee on buildings and grounds; to provide for the more speedy settlement of claims arising under the Bowman act; the free which sixteen have already been ing under the Bowman act; the free ship bills and the bill providing for the shipped. re-classification and re-arranging the salaries of postal clerks.

THE STARVING MINERS. Destitution That Exists in the Hocking

Valley Declared to Be a Blot Upon the State of Ohio. By the United Press.

Columbus, O., Jan. 13.-A gentleman who resides in the Hocking valley and is pretty familiar with the condition of the miners there, was here today.

He says the miners have been in destitute circumstances for some time and that the matter was reported to the officials of the United Mine Workers, but they practically ignored the matter, probably because they did not comprehend the real truth.

When they failed to take action, the miners themselves appointed committees, who for the last two months have been going quietly about the country soliciting aid, which they claimed was for Hocking Valley railroad men who lost their situations by reason of the strike on that road last summer.

This, the gentleman claimed, was done in order that the public might not know that the miners were in impoverished circumstances. The gentleman said he had heard it charged that the United Mine Workers of Hillinois had advised that the matter be kept from the public, but he doubted the truth of

So far as known they have not attempted to do anything for the benefit of the sufferers. He further says the destitution in the Sunday Creek valley completely overshadows that in the Hocking valley or in and about Nelsonville, where the first appeal came from. He thinks the destitute there will have to be cared for till spring at

A newspaper man, who has just ar. rived from the scene, says the destitution is widespread, and that no writer could draw a picture horrible enough to do the matter justice. He says it is impossible to conceive how such conditions could exist in a civilized country, and that it is a disgrace to the state of Ohio, which will not soon be blotted

suffering there can be traced to the drinking habit. They say many of the miners in prosperous times seem to have no other desire than to earlich the salooon-keepers, and make no attempt

to prepare for adversity. The better class of miners admit this is true in a great many instances, but the wives and children of such menwho are the real sufferers now-are not reponsible for this condition. But while these charges are made, those making them proclaim that this is not a time to inquire after cause. The effeet alone must be considered.

AFFAIRS AT HONOLULU.

George Young Says That There Are Un mistakable Evidences of a Revolt in the Hawaiian Islands.

By the United Press.

San Francisco, Jan. 13.-George H. Young, who arrived here on the steamer Australia from Honolulu with F. M. Hatch, minister of foreign affairs of Hawaii, says it was generally understood among the passengers that Mr. Hatch's mission concerning the cable was merely a blind. The real purpose was to convey to Minister Thurston, at Washington, some important dispatches that the ministry was afraid to trust to the mail. There are unmistakable evidences, says Mr. Young, of an impending revolt in the islands, and the provisional government is seriously alarmed. It is believed the dispatches to Thurston are in the nature of a re quest that a United States war vessel by sent to Honolulu immediately.

Mr. Hatch, in an interview today, states that the object of his visit is to see what ald the American government will give in laying a cable between Honolulu and San Francisco, He thought the conspiracy recently discovered amounted to nothing and, although there are now no war vessels at the islands, he did not fear a rising.

READY FOR INAUGURATION.

Final Orders for Ceremony and Parade

Have Been Issued. Harrisburg, Pa., Jan. 13.—There is nothing now to be done save wait for pleasant weather to inaugurate Governor-elect Hastings. The joint commit-tee of the legislature in charge of the inaugural arrangements and the chief marshal have issued the final orders for the ceremonies and the parade.

General Hastings spent the day quietly at the reisdence of Mrs. Richard J. Haldeman, attending the Pine Street Presbyterian church this morning with Mrs. Hastings. At 1.30 tomorrow they will be the guests of Governor and Mrs. will be the guests of Governor and Miss Pattison at the executive mansion. The inaugural ceremonies will take place at the capitol at 12 Tuesday. Chief Justice Sterrett will administer the oath sure being brought to bear upon the committee on rules for orders for the make the prayer. The inaugural address will be comparatively brief.

From 6 to 8 the Governor and Mrs. Hastings will give a dinner to the members of the cabinet and their wives, who will assist in receiving at the pub-lic reception in the evening.

INDUSTRIAL TOPICS.

The anthracite coal sub-committee is preparing data which embraces the working days of the different collieries

The great Brooks Locomotive works of Dunkirk, N. Y., have sold about \$1,000,000 worth of locomotives to the Estrata Ferro Central Railroad com-

Slope No. 14, of the Lehigh and Wilkes-Barre Coal company, has a bright future before it. Although 150 be increased to four times this amount within six months. The slope is at they are blasting at present, Contractor Hughes will put to work a large orce of rockmen to continue the slope nto the Buck Mountain vein.

It is suggested by several persons in the anthracite coal trade, says the Wilkes-Barre Record, that there might the Pittston hospital arranged thembe a return of good times for them, it along the put in charge of last. The photograph when finished is the mining and selling. While a great many persons found fault with some of his methods, they admit that there was never a time when they fared so well in regard to the price obtained, as dur- tution. ing his management. The committee of three to adjust the tonnages is all very well, they say, but what is needed is a higher price for the commodity and he is the only man who has given a high price in recent years. It is suggested that they could afford to pay him an annual salary many times that of the

president of the United States. Engineering and Mining Journal: "Just now there seems to be an opidemie of good sense raging among anthracite coal producers. The market, though dull, is firm. Everybody is restricting and shipments during the week ending Jan. 5 amounted to only 545,874 tons. Producers are apparently in the proper mood for adopting and maintaining any sensible, practicable scheme. We are loath to believe that this may prove to be only the calm that precedes a storm. The Pennsylvania Rajfroad company has had a representative at the last two meetings, and Mr. Roberts, we understand, shows more disposition to be governed by the actions of his competitors, although his company's attitude may continue independent. The Pennsylvania is acting much like the other companies in the matter of restriction and prices just now." And this means a good deal to

the coal trade.

Various Events Down the Valley Briefly Told.

RE-ORGANIZE BOARD OF TRADE

Result of Caucus Elections on Saturday Evening - Delegates to Republican Convention - Personal and Other Notes of Interest in the Pittstons.

The Pittston office of the Scranton Tribme is located at No. 8 South Main street, and is in charge of H. W. Cruser, who will look after the business interests of the paper and attend to matters of news as well. it is the intention of the management that Pittston patrons shall be given firstclass service in the matter of late and reliable news and in prompt delivery of papers, and that in future, as in the pas The Tribune shall lead all competitors i the field.

Special to the Scranton Tribune. Pittston, Pa., Jan. 13.—Re-orga nize the old board of trade. Tha sounds well and is well Let n time be lost in getting together th citizens of this city and organize rather re-organize a board of trade We have facilities which many many facturing towns, both east and wes would be proud to claim as theirs. W have the advantage of the abundance and cheapness of fuel, which is a grea item in the manufacture of all classe of goods. Our fuel, in comparison wil that used in other states, is of doubl value as it will generate mor steam per ton, and the cost her per ton is nearly the same as that of the bituminous coal after the expens of transportation has been added. Be sides, it is free from smoke, or nearl so, which is another advantage for manufacturing purposes over the sof coal. Our facilities of transportation are numbered among the best, extend ing north, south, east and west; from the Atlantic to the Pacific, and from the northern border to the Gulf. would give employment to the man idlers about our streets, and encourage ment and cheerfulness in our home It would bring about a weekly pay sy tem and aid in the disposition of or dreaded credit system.

The young America of West Pittsto are of the ingenious and progressive order. As the snow was fast disappearing from the streets, some few days singe, taking with it that ever-enjoyed sport of youth, coasting, the people's attention was attracted by a very unusual spectacle, the inventor and pro-moter of which will, in all probability, if he follows out the course already pursued, become president of the United States, ambassador to England, epresentative at Hawaii, burgess of his native town, or some other important office where ingenuity, pluck and brains are required. Mounted on the back of one of man's ever-faithful friends, a horse of innumerable years, was this embodiment of ingenuity Tirree ordinary hand sleds, on which were five or six boys of the neighborhood, were attached in succession to this motive power of the quadrapedal order. By the shouts and gesticula-tions all were hugely enjoying the situation, even to the old horse, which with head and tail erect galloped off

up Wyoming avenue. The delegates for the Republican convention on the West Side this evening are as follows: First district, J. H. Bryden, J. W. Kasper, Dr. E. B. Long, and T. W. Kyte; Second district, W. L. Watson, Ed. Phelps, Robert Wallace, obert DeFrehn, and Dr. Bevan: Third district, John Mulkey, M. B. Kyte, Cameron Cool, Albert Dando, Willis Brenton: Fourth district, Thomas Richardson, Thomas Williams, James Mctons per day is now its output, it will Donald, James Wenterstein; Fifth district, Ed. Halton, George Warner, John Koch, Sam McFetrich, and William present 375 feet deep and after the work-men have cut through a pillar in which Hughes, W. H. Kerr, John Rogers, George Symington; Eigth district, R. W. Hughes, Frank Carpenter, William Mathewson; Ninth district, Ed. Balwim, William Seales, Merritt Kish-

paugh. The physicians' staff and trustees of to be presented to the Pittston Hospital association as a token of the regard that the officers and staff hold for that most necessary and philanthropic insti-

Manager A. J. McDougall, of Music Hall, has in store a rich treat for the people of Pittston and vicinity. He has secured the services of A. Y. Pearson's unparalleled success, "The White Squadron," for Thursday next, Jan., 17. Diagrams open at Ruggle's and Manning's book store Tuesday morning at

Fourth ward Democratic caucus was held Saturday evening at Weber's hotel. The following candidates were nominated: Select council, J. H. Tigue common council, M. Liniskle, M. W. alderman, James Gibbons; Drew: school controllers, M. J. Brenahan, Thomas Murphey; chairman, John O'Malley; secretaries, P. Pendergast,

Ed. Gallagher. Lehigh Valley pay today.

The West Pittston borough Republi can delegate convention will be held this evening, at 7.30, at the town hall. The Ninth ward Democratic caucus was held at the town hall, on the East Side, Saturday evening. Chairman F. C. Bohen called the meeting to order promptly at 8,30 o'clock. M. W. Donnelly and William Foster acted as sec retaries. The following delegates were selected for the several offices: Select council, Paul Bohan; common council, M. J. Berry, John Foster; school controllers: John McNamara, M. W. O'Boyle; constable, John Glynn; county assessor, Richard Welsh; register asessor, Patrick F. Loftus; judge of elections, Thomas Creig; inspector of elec-

tion, John McGee. Republican delegate election for the Second district of the Sixth ward at the Broad street school house this afternoon from 4 until 5 o'clock. First, Second, Third and Tenth wards' caucuses this evening at the usual poll-

Mrs. Fred Adrian, jr., of Mill street, is on the sick list. Martin Haley, of Upper Pittston, who has been confined to his home for some time with typhoid fever, is again able

to be about the streets. John Mongan, of Dunmore, was in town on business Saturday. Superintendent George L. Houser and wife, of South Bethlehem, spent Sun-

day with friends in town. Hon, W. H. Rutledge is home over Sunday. He expects to return to Harrisburg this afternoon in time for the evening session of the house that conenes at 9 o'clock.

Mr. and Mrs. J. H. Andrews will en

recent illness. No service was held last Michael Kane's new building on North Main street is progressing finely.

It is a three story structure. STOCKS AND BONDS.

New York, Jan. 12.—Stocks at the opening were dull except for Chicago Gas, which ran off 1%. Lackawanna also dropped to 159, but quickly bounced to 1694, which strengthened Delaware and Hudson and Jersey Central. Reading was quiet. Grangers were firm. The moderate exports of gold and an impression that there will be no currency legislation this session led to some covering of short contracts. Speculation closed firm

tion this session led to some covering of short contracts. Speculation closed firm with prices for the prominent issues anywhere from ½ to 1% higher than on Friday. Total sales were 79,000 shares.

The range of today's prices for the active stocks of the New York stock market are given below. Te quotations are furnished The Tribune by G. du B. Dimmick, manager for William Linn, Allen & Co., stock brokers, 412 Spruce street, Scranton.

TO OUR PATRONS:

Washburn-Crosby Co. wish to assure their many patrons that they will this year hold to their usual custom of milling STRICTLY OLD WHEAT until the new crop is fully cured. New wheat is now upon the market, and owing to the excessively dry weather many millers are of the opinion that it is already cured, and in proper condition for milling. Washburn-Crosby Co. will take condition for milling. Washburn-Crosby Co. will take no risks, and will allow the new wheat fully three months to mature before grinding.

This careful attention to every detail of milling has placed Washburn-Crosby Co.'s flour far above other
