CAPITAL PUNISHMENT MUST GO

Hyde Park Literary and Debating Society Decides That It Is Not a Proper or Humane Preventative of Crime--New Glee Party Formed.

A meeting of the Hyde Park Literary and Debating society was held last evening in the rooms on South Main avenue. David J. Davies presided. The meeting opened with an essay entitled "Mental Telegraphy," by Emerson D. Owen. The nature of the evening was a debate, "Resolved, That capital punishment should be abolished."

A glee party has been organized in Bellevue to compete at the Olympian on St. Patrick's day. The competition will be on Gwilym Gwent's "Young Musicians," for a prize of \$50. The officers elected were: President, William Lewis; vice-president, John Phillips; secretary, William Morris; treasurer, Thomas Jones; conductor, Lewis Davies; accompanist, Mrs. D. B. Thomas. The party will meet on Wednesday evening at 8 o'clock in the Bellevue Welsh Calvinistic Methodist church. Those who compose the club are:

Brief Notes of Interest. Miss Esther Bonfield, of Rock street, is seriously ill. Miss Nellie Flynn is visiting friends in Wilkes-Barre. Louis A. Howell, of Washburn street, was in Wilkes-Barre on Sunday. Miss Cora Edwards, of Carbondale, has returned home from a visit with West Side friends. Mrs. G. Shepherd and son, John, of Forest City, have returned home after a visit with relatives here. The Sir Knights of Pleasure Dancing club will run a masquerade social in Meers hall on Monday evening, Jan. 28. Miss Adeline Davis, of Wilkes-Barre, has returned home from a visit with her parents, Rev. and Mrs. Hugh Davies. Charles E. Kennerly, of Lansford, was the guest of Tallie M. Evans at D. T. Richard's home on Scranton street, yesterday. Mrs. Clara Root and children, and sister, Miss Bell Emerson, of Glen Mary, N. Y., are visiting friends and relatives on the West Side. Mr. and Mrs. John Hale desire to return their sincere thanks to the many kind friends who assisted them in their bereavement, caused by the death of their son, Theodore W. Hale. Thomas M. Watkins, of Hampton Falls, N. H., was at the common council in the fifteenth ward. Mr. Watkins is a member of the firm of Protheroe & Watkins, and his candidacy is endorsed by numerous friends in the ward. Special services were conducted in the Plymouth congregational church last evening by the pastor, Rev. Thomas A. Bell. A fair number attended. The meetings will be continued for the first four evenings of this week. Mr. Bell will conduct a mission service next week, at which there will be preaching each evening. Daniel Dimpfler, a resident of Willow street, has been appointed on Saturday by Dr. A. A. Lindabury of South Main avenue, assisted by Drs. Suresh and Harry Dawson, of the North End. Mr. Dimpfler has been suffering for the past three years with a cancer in the leg, and a couple of weeks ago was unfeeling enough to break the member. This made amputation necessary. The doctors found the trouble to be "sarcoma," a peculiar kind of cancer. Dr. Lindabury made a perfect diagnosis and the physicians are being highly commended for their excellent treatment of the case.

West Side Business Directory.

- PHOTOGRAPHER--Cabinet Photos, \$1.00 per dozen. They are just lovely. Contact yourself by calling at Starnes' Photo Factors, 31 and 33 South Main avenue.

Dr. Wood's Norway Pine Syrup was prepared for years as a remedy by a successful physician. It is in all respects the best cough medicine made today. Sold by all dealers on a guarantee of satisfaction.

NORTH END NOTES.

Harry Palmer, of Main avenue, is ill. Mrs. John McDonald is seriously ill at her home on Main avenue. J. E. Golden, of Leggett's street, is visiting his mother in Wilkes-Barre. Miss Linn, of Hawley, is visiting Michael Durkin, of Dwiken street. Frank McDonald, son of John McDonald, is seriously ill with scarlet fever at the home of his grandfather, Andrew Malley, on Main avenue. Some approaching marriages in the Holy Rosary church are those of James H. Nolan and Miss Annie Gerrity, and William Costello and Miss Hannah Maloney. It has been decided to continue the series of prayer meetings at the Welsh Congregational church every night this month, except Saturdays, and to begin at 7.30 instead of 7.00 o'clock, as last week. Revival meetings will be held in the Holy Rosary church for the next ten days, beginning with tonight, and will be conducted by Rev. S. T. Ford, of Syracuse, an uncle of the pastor. Morgan H. Williams, the present efficient general secretary of the National Fraternal society, is a candidate for the office of alderman of the First ward. His friends are earnestly at work for him, with good prospects of success. Mr. Williams is well qualified for the office, having an intelligent turn of mind, and is a literateur of ability in the Welsh language. The arrangements for the cantata, "The King of Zion," are nearly completed. It will be produced in the Welsh Baptist church next Thursday night by a chorus of about seventy voices, led by David Davis and assisted by an orchestra of six instruments, led by John Stopford. Because of this cantata there will be no meeting in the Welsh Congregational church. The Cambrian Glee society serenaded Food Inspector Richard Thomas, at his home on Brick avenue, last Saturday evening. While returning from the funeral of James O'Malley, the shafts of the cutter occupied by Michael Clarke, of Market street, and his cousin, Miss Kate Clark, broke in front of the Lewis Drug Store, at 11 o'clock. The cutter, throwing out the occupants, who, fortunately, escaped injuries. The horse was immediately caught by William Eldridge. James Gray, James Neary, Peter Foy, R. A. Maloney, and A. P. O'Donnell, of Division No. 4, American Order of Hibernians, attended the quarterly convention of that order, which was held in Olyphant Sunday. The contest for the sheep which has been seen on exhibition in the grocery store of Thomas John closed last night. The prize winning number was forty-eight. The funeral services of James O'Malley, of Market street, who died last Friday, were held in the Holy Rosary church yesterday morning. Requiem high mass was celebrated by Rev. John O'Neil, at 11 o'clock. The participants were: Patrick Fox, Patrick Mullen, John Welsh, Thomas Welsh, John Jennings, Jr., and Michael Rock. Mr. O'Malley was born in Ireland about twenty-two years ago, but has been a resident of Providence for the last thirty-five years. He is survived by four sons and one daughter, all well known residents of this city. They are: Mrs. James Clark, Henry O'Malley, the Third ward school controller; William and Walter, contractors and builders, and Edward O'Malley. The funeral services of Miss Sarah Davis will be held Thursday afternoon at 2 o'clock in the Welsh Baptist church, and not Tuesday, as was announced in some of the other papers. Joseph Schaar, of Main avenue, is a candidate for the Republican nomination for the office of common councilman. Nevin Weiss, of Main avenue, died yesterday morning about 3 o'clock at his home, on Main avenue, after an illness lasting for several months. Mr. Weiss was a telegraph operator for the Delaware and Hudson Railroad company at Carthage for some time. He was born in Mauch Chunk, but has been a resident of this place for about a year and a half. He is survived by a wife and two children. The funeral will be held at 1.30 o'clock tomorrow afternoon at the residence, 2092 North Main avenue. Burial will be made in Peckville.

DUNMORE DOINGS.

Dr. Berlinghoff, of Green Ridge, will open a branch office at the residence of Edward Anglin, Jr., on Blakey street, near the corners. Office hours 3 to 4 p. m. C. P. Russell and Samuel Cole have returned from the Adirondacks. The borough councilmen have signed a contract with the Suburban Electric Light company. The contract calls for all-night lighting at a cost of three years. The Knights of the Golden Eagle held a "smoker" last evening at Odd Fellows hall, which was largely attended by members from the various lodges. Edward Warfel is the happiest man in Dunmore. His possessions were increased one thousand dollars Sunday by the arrival of an eleven-year-old common horse. Mrs. A. A. Hundley, only daughter of E. M. and Mrs. Keene, of North Park, Dunmore, died at her home in Sealy, Tex., Jan. 13 at 10 a. m. She leaves a husband and one child about one year old. Mr. Kuebler, of Mauch Chunk, is visiting friends in town.

Just and True Statement.

My father, J. S. Mills, of Shortsville, N. Y., was thrown from a wagon thirteen years ago. He had his hip dislocated. A short time after, rheumatism set in, and it is only with the aid of two canes that he has been able to walk since. The pain was so intense that it was only by the use of hot application that he could obtain any rest at night. I sent him a box of Dr. Potter's Rheumatic Pills after taking them he was able to walk without his canes and can carry a pair of water in each hand from the well to the stable. The pain has all left him since he took this medicine. He is now a distance of forty miles. He also had what the doctors pronounced a cancer on his face, which had been removed, leaving a hard lump. The pain in the face has all left that, too, and he feels as well as ever. I regard his cure as miraculous as he is seventy-five years old. Any one who doubts the truth of this statement by either calling or writing, C. E. Mills, 75 Fulton street.

Old Dominion Line Dinner.

The Old Dominion Steamship company by its officers and agents took place Friday evening, on board of the steamer "Old Dominion," in New York. The president of the company, Captain H. A. Bourne, presided, and was supported by Mr. W. L. Guillaud, vice president; Mr. C. P. Fletcher and Mr. William Rowland, directors. At the conclusion of the dinner, the president reviewed the work of the company in general during the past year, and the vice president spoke of matters relating to the traffic department. Captain George W. Couch, of the steamer "Old Dominion," gave his personal reminiscences of the company's trade. Mr. George V. Sloan, superintending engineer, referred to matters pertaining to the engineering department, and many other of the officials spoke during the evening.

Bids for High School Work.

Bids for the heating and ventilation of the new high school were read as follows: E. Rutzler, New York system completed, \$22,265; less Johnson electrical system, \$30,312; allowance for marble work, \$1,850; allowance for risers, \$22,415; allowance for Gaylor and Etienne, of Binghamton--System complete, \$28,572; allowance for Johnson's electrical system, \$2,000; allowance for marble for toilet rooms, \$2,433; will furnish and place heating and ventilating apparatus alone for \$21,540. Edward T. Bates, Syracuse, N. Y.--System complete, \$37,465; without Johnson system, \$35,512; allowance for marble and risers, \$2,438; allowance for marble, \$1,800; for electrical work, \$1,953. D. C. Connell & Co.--System complete, \$20,578; electrical control, \$28,725; allowance for marble work, \$3,309. The bids were referred to the proper committee. The pay roll for teacher of day and night schools and janitors for the half month just ending was approved. On motion of Mr. Notz the building committee will look after a defective furnace in the new No. 37 school.

NEWS OF THE RAILROADS.

Several seats were taken during the last two hours. Admission to the gallery was reduced to 25 cents from \$1, as announced previously. Conductor Warfel's countenance was wreathed in smiles yesterday, which were explained by the fact that a little boy had arrived the previous night. It is stated on good authority that the loss of the new road to Wilkes-Barre and Western railroad is 70 per cent. less than any other railroad in the states. Tomorrow noon W. W. Edals, of Great Bend, will address the men in the machine-shops, and W. C. Weeden will address the men in the shops. The meeting will be brief and interesting. The Brotherhood of Railroad Firemen paid \$26,250 in death and disability claims from May 1, 1892, to May 1, 1894, and in the same time \$113,000 was charged to expenditure on account of strikes. General Manager Hallestead has presented a magnificent United States flag measuring 29x20 to the Railroad Young Men's Christian association. The flag has been arranged at the rear of the platform and adds considerably to the appearance of the room. A large number of people were testified to the popularity of the Trainmen's entertainments. The programme was an excellent one throughout and the majority of the numbers were accorded a hearty encore. An uniqueness in the preparation was shown in the singing of songs in which vocal, instrumental and literary selections were arranged. These entertainments are becoming a great event in the family life of many railroaders. During the past year 131 lodges of the Brotherhood of Locomotive Firemen numbered \$22,000 of funds. During over 4,000 in membership. The International Trackmen's union has followed suit and fears are entertained as to the continued vitality of the Switchmen's Mutual Aid association, whose late general secretary, W. A. Sims, died of a heart attack. During the past year the Brotherhood of Locomotive Engineers has also lost many members. Despite all these wrecks in benefit associations, it is pleasing to record the opinion of qualified men that the Scranton railroaders have societies in a flourishing condition, due, principally, to excellent management.

Teetons Suffering Finds Relief.

Haverhill, N. H.--Many physicians have pronounced the disease which afflicted my skin and blood. Mr. Hodson of this place abandoned the old school method and used Dr. Kennedy's Favorite Remedy and was cured. In October, 1890, and for a year after, Mr. Hodson suffered from a diseased ankle bone. She had always been troubled with Salt Rheum which aggravated the diseased limb. Prescriptions and medicines of all sorts were used, but with no benefit. Dr. Kennedy's Favorite Remedy was tried, and it drove the poison out of her blood, healed the ulcerous sores, and restored Mrs. Hodson to health and strength. Favorite Remedy cleanses the blood, and strengthens the nerves. In cases of scrofula and salt rheum, it cures where all else fails. Y. P. S. C. E. Have your topic cards printed at The Tribune office, where it will be done better and at a lower price than elsewhere. There are many reasons why your patronage should be placed with the newspapers and many more why it should be placed with us.

MISS BOICE HAS RESIGNED

Board of Control Accepted It by a Vote of Eleven to Eight.

SOME FERVID ORATORY HEARD

Controller Barker Was in Favor of Abolishing the Training School Altogether. Bids for Heating and Ventilating the New High School.

Only two members, George Mitchell and H. J. O'Malley, were absent from last night's meeting of the board of control. The curtain went up on the scene where the fun came in, when Mr. Barker, chosen to make his report in committee, arose to make his report in regard to the investigation of affairs at the training school, brought about by the suspension of twelve of the pupils by the principal, Miss Laura L. Boice. There was an ominous silence when Mr. Wormser walked forward and handed to Secretary Fellows a sealed envelope. Mr. Wormser said he offered it in lieu of a report from the committee. The envelope contained a letter, that read as follows: Scranton, Pa., Jan. 5, 1895. To the Members of the Board of Control, Gentlemen--At the last meeting of your body action was taken, restoring to the training school, one whom I had suspended. While this restoration was simply "pending investigation," I feel that it was due my position as principal of the training school that such restoration should not be made until a complete investigation had been held. I cannot, therefore, in justice to myself submit to such an indignity. "Thanking the members of the board of control for any interest shown for the success of the school, and expressing my deep appreciation to those who have always been so kind and generous in their advancement of my work, I would tender my resignation to take effect Tuesday, Jan. 15, 1895. Very respectfully, LAURA L. BOICE.

Mr. O'Malley, of the Twentieth ward, moved to accept the resignation, and after the motion was put, it required a call for the yeas and nays to determine the result. The vote on the roll call was as follows: Ayes--Evans, Carlson, Welsh, Watrous, Conrad, O'Boyle, Jennings, Williams, Notz, O'Malley, VonStorch--11. Nays--Mabon, Devanney, Jacobs, Shriefer, Barker, Coar, Langstaff, Wormser--8.

Opening Up the Fireworks.

Just for a few minutes the training school middle took a rest, but the liveliest part of the proceedings were yet to come. After a little routine business, Mr. Jennings took the floor and made a motion that all the papers and documents, stenographic notes of the secretary, and all the transcribed testimony, in short every scrap of paper connected with the investigation, be placed on fire in the boiler room. "I move they be burned," said Mr. Notz. "Tut, tut," said Mr. Wormser. And a chorus of groans followed from the rest of the members. Mr. Barker made a speech and urged that the testimony, as much as possible, be transcribed from the secretary's stenographic notes, be read at the meeting. Mr. Notz took the floor again and wanted to know what was the use of reading the testimony. "There is not a newspaper in the city big enough to print all of it," he said, "and if they did print any of it, they would garble it."

After much more heated debate, in which amendments were put and as quickly voted down, the meeting calmed to the degree that a vote was taken on the motion to burn the papers in the secretary's office. The motion passed with the added clause that the secretary be instructed to transcribe all the testimony and file it in full.

There was still another chapter, and it opened when Mr. Jennings moved to table a report of the teacher's committee from the table. At the last meeting the committee had a report recommending the creation of a junior department at the training school, and into that department those pupils would be sent to print all of it. It was an advancement after three months' trial. This report was meant to smooth over the resolution, giving the principal the power to dismiss pupils. The report provided that a teacher for the junior department be hired and the salary fixed according to the schedule now in effect. The report was taken from the table and Mr. Jennings explained his reason for being in favor of tabling it at the last meeting was because the clause in regard to salary was not a fixed one. A good teacher at the training school is worth more than the ordinary rates of salary paid by the board. Mr. Notz makes a suggestion. Mr. Notz was again in evidence. He said that the way things stood at present, what ought to concern the board was the appointment of a principal. He thought that, inasmuch as she was gone, the appointment of somebody in her place would obviate the necessity of a junior department. Mr. Wormser got on his mettle and said Miss Boice had good reason to resign. She was treated very shabbily by a majority of the members of the board and he complimented her independence in resigning. It was not right to refer to her as a quitter. He pointed that pupil, pending an examination. Mr. Jennings informed Mr. Wormser that Miss Boice had no right to dismiss a pupil; she could only suspend and prefer charges. Miss Boice herself violated the rules. Mr. Wormser wanted to impress the fact that the recommendation of the teachers' committee favoring a junior department was a proper one, as there are thirty-three pupils enrolled, and it is too many for one teacher. Mr. Barker made a motion to discontinue the training school for the balance of the school year. Mr. Notz said it was not right to make such a motion, that a rule of the board insisted on each pupil's attendance for two years at the training school before he or she would be fitted for the position of teaching. Some of them are going there now at the age of two years and it would work harm to them. Mr. Jennings made a speech against Mr. Barker's motion and insisted that he was in favor of abolishing the training school altogether. Mr. Barker said that Mr. Jennings guessed correctly, and he again arose and changed his motion so as to make it read to discontinue the training school indefinitely. At length the motion passed so amended that the matter was referred to the teacher's committee in conjunction with the attorney of the board. Mr. Barker thought that the board was acting illegally in having a training school, and consequently the attorney of the board will be consulted.

Bids for High School Work.

Bids for the heating and ventilation of the new high school were read as follows: E. Rutzler, New York system completed, \$22,265; less Johnson electrical system, \$30,312; allowance for marble work, \$1,850; allowance for risers, \$22,415; allowance for Gaylor and Etienne, of Binghamton--System complete, \$28,572; allowance for Johnson's electrical system, \$2,000; allowance for marble for toilet rooms, \$2,433; will furnish and place heating and ventilating apparatus alone for \$21,540. Edward T. Bates, Syracuse, N. Y.--System complete, \$37,465; without Johnson system, \$35,512; allowance for marble and risers, \$2,438; allowance for marble, \$1,800; for electrical work, \$1,953. D. C. Connell & Co.--System complete, \$20,578; electrical control, \$28,725; allowance for marble work, \$3,309. The bids were referred to the proper committee. The pay roll for teacher of day and night schools and janitors for the half month just ending was approved. On motion of Mr. Notz the building committee will look after a defective furnace in the new No. 37 school.

WOMEN, GET STRENGTH.

No Excuse for Debility and Nervousness. What First's Celery Compound Does in a Few Short Weeks--It Makes a Tremendous Difference with Tired, Sickly Women.

From the Boston Herald. In thousands of homes some one, father, mother or brother, is actually pining from starvation of the nerves and blood. This lack of nutrition of some vital part is not usually called by the harsh word "starvation," but it amounts to the same thing. It is called dyspepsia, neuralgia, Bright's disease, rheumatism or nervous prostration, headache, indigestion, etc. This general feeling of discomfort throughout the body shows a literal starvation of some of the important organs of the body, either heart, kidneys, stomach, liver, or nerve centers. Scores of men and women showing that they are suffering from this disease, and society wear a smiling countenance, are tormented in private by a debility which they can scarcely explain, which renders their life almost unendurable. Such mental depression, falling short of insanity, occurs most often at the "turning point" of life, or soon after it, and is a lamentably common complaint. After middle life the body often becomes bloodless, the nerve tissues impoverished. Then First's celery compound supplies building material for the nerves and blood. It makes people strong, robust and well. It regulates the nerves, feeds their wasted, exhausted parts, purifies the blood of all dangerous humors and brings back strength and health. Where there is a gradual loss of strength, a growing thinness, irritability and nervousness, First's celery compound keeps up the strength and resists the final breakdown to a state of invalidism and of constant suffering that is likely to come where nothing is done to check the wasting process. It is upon women that the great burden of tiring, exhausting and petty duties is laid. Hundreds of homes might be saved from sickness and unhappiness if the wife or husband, or some member of the household could only see how near aid and comfort is to the dear ones who are ailing, drooping and needing their interest in the things about them, preparatory to leaving them forever. First's celery compound is with in the reach of every home in the land where there is illness. It has met the unqualified approval of reputable physicians of every school.

WOMEN, GET STRENGTH.

Having now completed their arrangements for the holidays, showing the largest and most complete stock they have ever displayed, consisting of WATCHES! Which they have in great variety. All grades in Gold, Silver and Gold Filled Cases. Having had numerous concessions from manufacturers, they have given their customers the full benefits of them, making the prices of the best watches nearly as low as are asked by others for a very inferior quality. DIAMONDS! Having made our purchases before the late rate of 15 per cent. in tariff and having been VERY PARTICULAR in selecting only perfect stones of a fine color and cut, we are sure we can satisfy the best of judges as to price or quality. We have them mounted in Brooches, Rings, Earrings, Studs, Scarf Pins and in nearly all articles of Jewelry. SILVER! In now very cheap. We have it in a thousand shapes, from a cake basket to a goodly dinner set. A WONDERFUL variety. People are ASTONISHED when prices are mentioned. RICH CUT GLASS! A brilliant and dazzling display. Low prices for labor and perfected machinery have done wonders with the prices. FINE JEWELRY! The finest on earth. Hundreds of styles of STONE RINGS! New and beautiful. Opera Glasses. Chains, Lockets and Charms. BANQUET LAMPS! And Onyx Top Tables. All new and elegant designs. Art Porcelains, all brought in since the new tariff went in effect. CLOCKS! Porcelain, Onyx, Marble and Gilt. We have BIG HAIRGRAYS in a lot of Marble Clocks, just received. Less than half price. They are fitted with the best American jeweled movements and are about as cheap as a good common clock. They are well worth looking at. All are invited to look at our display, whether purchasing or not. At the old stand.
