BILLS PASS THIRD READING

Mr. Griggsby, of Lancaster, Introduces a Measure in the Interest of Unadulterated Spiritual Refreshment-Providing for Boiler Inspectors.

Special to the Scranton Tribune.

Harrisburg, Jan. 22.-A bill providing a board of boiler inspectors, consisting of one or more from each judicial district, to inspect all steam bollers in their respective districts not subject under the laws of the United States, and to grant certificates of license to persons qualified to be entrusted with care and management of boilers and machinery, was introduced by Representative Lawrence, of Washington.

The bill provides that the inspectors shall hald office for four years, unless shall hold office for four years, unless removed by the governor, and that they shall not be eligible to appointment unless they have served eight years as a practical engineer.

Two months after the passage of the proposed act the inspectors are to meet in this city to establish rules and regulations for the inspection of boilers. The bill prescribes the methods of testing boilers and empowers the inspectors to administer oaths in the performance of their duty. Whenever an owner or user of boilers is aggrieved on accounof the decision of an inspector he may appeal to a board of three inspectors of adjoining districts, whose decision in tke matter shall be final. It is made a misdemeanor, punishable by a heavy fine, to use boilers after they have been condemned and before they have been repaired and approved by the inspector. It is also made a misdemeanor to carry greater steam pressure than allowed by the certificate of the inspector; in case of an engineer such violation of the proposed law shall cause his license

Persons licensed are graded and classified in three grades, the first grade to be composed of chief engineers, who shall be competent to take charge of a boiler of any kind; second grade, a boiler from 100 to 300 horse power, and third grade, a boller from 1 to 30 horse power. The inspectors are to be paid \$3 for issuing a certificate of inspec-tion of one boiler and \$2 for each additional boiler. They are also to be paid by conducted. a small fee for the examination of applicants for license.
