FEATURES OF THE KIRMESS

To Be Given for the Benefit of Lackawanna Hospital.

DANCES PRETTY AND WEIRD

About Three Hundred and Fifty Performers will Appear-Something About the Costumes and Other Details-Why It Should Succeed.

Beginning Monday evening, Feb. 4. and continuing through the week, including a matinee each day excepting Monday, will be given the much-discussed Kirmess for the benefit of the Lackawanna Hospital. The words "kirmess" and "carnival" are so broad in their meaning, and the unique form of the entertainment is so interesting. that The Tribune's readers will appreclate the accompanying information about the present Kirmess to be given in the Frothingham theater.

At the beginning it should be understood that the coming production is not a society event in the sense in which the word "society" is generally used. Much to the contrary, the enterprise has been launched under the patronage of the city's most public-spirited men and women of several creeds and nationalities, and just as general a representation is included in the list of 350 young men and girls and masters and ty's sake. The classes are now being drilled afternoon and evening by Miss Stewart, of Kingston, N. Y.

It is the only pub-lic institution of its kind in a city of 100,000 inhabitants to succor maimed and sick who cannot afford to pay for treatment.

Much space could be used in telling of the needs of the hospital and the mission it performs, but the present urgency may be explained in a single statement: The institution is constantly crowded to the utmost limit precribed by law; it is frequently forced to turn away applicants, and at times patients are of necessity discharged prematurely in order that room may be made for urgent cases.

The magnitude of the cause explained, the magnitude of the meansthe Kirmess-may be the more readily comprehended.

Dances That Will Be Given

On each evening separate groups of from fifteen to thirty-two girls and young men will appear in the following dances, each dance having special chaperons: "German Harvest," "Maypole," "Military," "Tarantelle" (Italian), "Indian," "Gypsy," "Spanish," "Highland," "Breton Pardon" (French). The movements of body and feet, costuming and figures collectively comprise a study peculiar to the name and significence of each dance, of which a more detailed description is made else-

During the matinees will be given only the dances in which the children participate. These dances also have their chaperons and consist of a "Japanese Court," "Carnival," "Rose and Bee," - "Hornpipe," - and "Checker" dance. Description of Dances The dances are described in detail as

Maypole-Sixteen girls of about 16 years of age each and gowned in white have needed but little drilling in bringing out the romping, light hearted and girlish skips peculiar to the dance. The name of the dance and the age of the girls signify the beauty of a living pie ture of sixteen maidens in the full flush of their girlhood. It is a sweet thought, and it is sweetly brought out in the dance which is chaperoned by Mrs. A.

H. Christy and Miss Merrill. Military-This is one of the most striking and popular dances on the list and will be presented under the chaper orage of Mrs. D. W. Connolly and Mrs. P. H. Coyne. The twenty-four dancers will include twelve girls costumed in close fitting and trim suits, a la cavi-Heria, and as many young men in emi-soldier attire including top boots and other military habilments. The movements are stately and imposing

and the dance is bound to score a hit. Tarantelle (Italian)-Twenty young people from Green Ridge and the cen tral city will in this dance illustrate the grace and beauty of the measures of the sunny clime of which the dance is native. The costumes will be strict ly Italian and the dancers will be chaperoned by Mrs. H. M. Boles, Mrs. E. L. Fuller and Mrs. James Hosie.
