Held by the Carpenters of the City in Thirteenth Regiment Armory.

ADDRESS BY T. V. POWDERLY

Referring to the Brooklyn Strike He Advised His Hearers to Seek Arbitration When the Relations Between Capital and Labor Become Strained.

Among the carpenters and joiners of this city a reunion was held last night at the Thirteenth regiment armory, beginning with an entertainment and concluding with a supper. The affair was under the auspices of Carpenters and Joiners' union, No. 563. Every year this union holds such an event and strives to make the occasion one that impresses all who have the pleasure of attending with enjoyable recollections. By coming together and meetmembership at their meeting last even- ing in a social way, these hardy me chanics with their families become closer united in the bonds of fellowship and friendship.

At 7.30 o'clock every member of the

union had assembled at the hall on Wyoming avenue and they formed in line and marched, headed by the Lawrence band, through the principal streets and thence to the armory on Adams avenue. John H. Devine was chosen as presiding officer and the entertainment began. An overture by the and was the first number on the programme. P. J. McGuire, of Philadelphia, general secretary of the United Brotherhood of Carpenters and Joiners of America, was named on the programme as the orator of the evening, but Chairman Devine announced that Mr. McGuire had sent a dispatch stating that he was confined to his bed with illness, and expressing his regrets that he was not able to be present. In his stead the union had invited Attorney T. V. Powderly to address the entertainment. While Mr. Powderly was preparing himself the Columbia quartette sang a charming glee and was made to favor the audience with an en-

Address by Mr. Powderly. Mr. Powderly began his address by telling of the necessity of the citizens of any municipality to look after their interests and send good men to the legislature and city councils, because a dollar saved in taxes is as good as a dollar saved in any other way. The speaker attacked the ordinance now in effect in this city, which allows the expenditure of the taxpayers' money in hiring detectives. Mr. Powderly referred to the Brooklyn trolley strike. and in his remarks under this head he strongly discountenanced strikes and said that arbitration is the best thing when capital and labor become strained

in their relations. He favored the municipal ownership of street rallways. In the latter part of his eloquent and oundly applauded address Mr. Pow-200 of the number do not belong to the union. The Carpenters' union does not

Preachers and Their Wives Get Into a Row and All Are Arrested. By the United Press

Percy, O. T., Jan. 24.-A horsewhipping in church, participated in by min isters' wives in the middle of the ser vices, is the sensation at a country church just over the line in Oklahem: near Ingalis. It occurred Sunday and almost fed to a riot. Some months ago Rev. D. Johnson, of Kunsas, succeeded Rev. Tulley, being called by a faction antagonistic to the latter. The Rev Tulley continued with the church in the capacity of deacon. A few Sundays ago the deacons were severely crit cised by the new paster. Tulley felt the sting and declared he would avenge it. He wrote, it is said, to the old home of Dr. Johnson and received some in formation that reflected on the minister and especially his wife.

At the close of the doctor's sermor last Sunday Tulley read the letter and great commotion followed. Mrs. Johnson slipped from the church unnoticed and soon returned with a buggy whip in her hand. Rushing at Rev. Tulley she administered a severe lashing be fore the astonished parishioners. Tulley was badly beaten. In the general row that followed his wife secured the whip and began to apply it to her husband's assailant. When finally pulled off Mrs. Johnson was unconscious. The two women and several of the brethren were arrested and have since been fined. The cases are still in court and are causing much excitement.
