**WICKS, THE BOY LECTURER.**  
Tries to Tell an Audience How to Get a Million Dollars.

Ross F. Wicks, described as the "Boy Lecturer," delivered a lecture on "How to Get \$1,000,000" at the Calvary church, corner of Gibson street and Monroe avenue. The "boy" lecturer is about six feet in height, has a manly baritone voice, a manly way of swinging his many arms and altogether the title of "boy" lecturer is one evidently out of date, as applied to Mr. Wicks, unless it is in a spirit of sarcasm applied to the boyish nature of some of his remarks.  
Mr. Wicks is a minister and coupled with his lecture he is denouncing the railroad companies for "playing a mighty man's trick" on the ministers by compelling them to pay full fare. He also made a forcible attack on "duodes" and "duidens," and advised his hearers to look for \$1,000,000 in their old clothes.

**THE SLATE WENT THROUGH**  
Dunmore Democrats Held Their Convention at Boland's Hall.

**A. E. HAGGERTY WAS CHAIRMAN**  
Ticket Nominated Without Any Opposition of Any Account—Myles McDonnell Got the Nomination for Street Commissioner.

Dunmore Democrats were in their glory last night.  
It was the occasion of their regular convention for the nomination of officers to be voted for at the coming election, and delegates from the various districts of the borough met at Boland's hall on Drinker street at 8 o'clock and proceeded to business.  
Dunmore Democrats have an urban and systematic method of nominating their officers. They copy somewhat after the style of county conventions, each district elects delegates, the number being regulated according to the vote cast at the preceding election, and a majority of these delegates have the power of placing a ticket in the field. Up in front near the platform a reserved space was set apart for the delegates. The common table was kept back by a line of chairs stretched across the hall; but inside the charmed circle some had entered who were not delegates, and of these "Jack" Gerrity, of the Second district of the Second ward, was the only one who made himself heard. He undertook to give the delegates some advice. He roared about several times and had to be threatened with arrest before he quieted.  
A. E. Haggerty called the convention to order and the delegates went forward and passed their credentials to the clerks. There was not a single contest for a seat and the delegates were admitted to a vote without any further ceremony.  
The officers selected.  
The next thing on the list was the election of a temporary organization which resulted as follows: Chairman, John Finnerty; secretaries, T. E. Boland and W. C. Burke. On motion the temporary organization was made permanent and then the convention proceeded to business. The following list of delegates was read:  
First ward, First district—W. L. Purcell, John Blanche, John J. Murray.  
First ward, Second district—W. P. Cronen, Henry Gilligan.  
Second ward, First district—P. P. O'Horo, Ed M. McKinney, Austin Gavigan, W. J. McCarthy, R. A. Scott, Thomas Rooney, Michael McDonnell.  
Second ward, Second district—P. J. Leavan, P. H. Cunningham, Michael O'Boyle, Patrick Murphy, Patrick Walsh.  
Third ward, First district—John Loftus, Martin Cooney, T. E. Boland, W. C. Burke.  
Third ward, Second district—John Finnerty, Thomas M. O'Horo.  
Fourth ward, First district—Joseph H. Murphy, Henry Klassner.  
Fourth ward—John Tighe, Thomas McGraw.  
Fifth ward—Michael Glinley, Patrick Golden.  
Sixth ward, Second district—Peter T. O'Connor, John Maloy, M. J. Swift.

Chairman Finnerty announced that the nomination of officers was the next thing in order. Under this head nominations for the office of street commissioner were the first one called. Myles McDonnell, Sr., John Swift, Sr., Martin Walsh, and James Cullen, were nominated. Swift declined in favor of McDonnell and the balloting resulted in this way: McDonnell, 24; Walsh, 3; Cullen, 5. Two councilmen, William McAllister and Peter J. Ward, were chosen by acclamation. For school director two were to be nominated and the names of James J. Glinley, John E. Swift, Bernard Sweeney, and W. J. Costello were mentioned. The balloting was: Glinley, 24; Swift, 24; Sweeney, 6; Costello, 6. Glinley and Swift were declared the nominees. One auditor was to be nominated, and John Gibbons and Patrick Cooney battled for the honor, Gibbons got 17 votes to Cooney's 15, and he was declared the choice of the convention. A. J. Murray was nominated for borough treasurer by acclamation.  
The chairman announced that himself and the candidates named would appoint a borough committee, and the delegates from each ward got together to nominate ward officers. This was the result of their labors: First ward, assessor, W. L. Purcell; constable, I. P. Dolph. Second ward, assessor, Andrew Golden; constable, Michael O'Boyle. Third ward, assessor, Henry Klassner; constable, Philip Hoffman. Fourth ward, assessor, John J. Flynn. Fifth ward, assessor, William Moore; constable, Thomas McDonnell. Election officers for the eleven districts represented were also elected.  
After the nominations, were made Jack Gerrity took the floor in the rear of the hall and made a speech, urging fidelity to the Democratic party. An officer of the law was in the hall at the time and Jack was squelched.

**THE POWERS RECITAL.**  
Delighted a Large Audience at Y. M. C. A. Hall.

Leland T. Powers, the celebrated impersonator of characters in the various plays which he has adapted for platform work, entertained a crowded audience last evening at the Young Men's Christian association hall with selections from Dickens' "Christmas Carols."  
The entertainment was a most agreeable one, the characterizations being remarkable, and the audience were kept interested throughout by the brilliant work of this clever artist.  
**TRACTION COMPANY'S WOES.**  
Stockholder Stocker Wants a Receiver for the Carbonade Company.

Attorney Charles H. Welles yesterday applied to court for the appointment of a receiver to take charge of the business of the Carbonade Traction company. James D. Stocker, of Jermyn, is the petitioner whom Attorney Welles represents.  
On Aug. 1, 1894, the Lackawanna Valley Rapid Transit company leased for the period of 99 years all the property of the Carbonade Traction company.

**SALES FOR CARBONADE.**  
The Ancient Edward Has Been Signed by Manager Swift.

"Manager" Matt Swift was radiant yesterday. His broad, pleasant face beamed with satisfaction, and those who came within the radius of one of his long range smiles forgot that the winter winds were blowing their bluest and that the mercury was making frantic efforts to kick a hole through the bulb," says yesterday's Carbonade. "When I asked him the wherefore and the why of his evident exultation, he mingled a motley of mystery with his merriment, took me aside and said 'Sh! Don't say a word! I've just signed 'Eddie' Sales and completed an order that will be able to give any minor league team cards, spades and a knock-out in the quickest time on record."  
"Everybody knows that Eddie is a hitter, a fielder and a base runner from away back. I have been in negotiation with him for some time, and now that I have landed him high and dry, peace and rest comes upon me."  
"All that is now needed to complete the team is a brace of competent catchers. It will not surprise me if Marj's success in the signing of men for this position will be as sensational as the signing of Massey, Fee, McQuade and Sales."

The property was deeply in debt and heavily bonded, and the agreement in the lease was that all these liabilities would be assumed by the lessee and paid and that the road and cars would be kept in good repair.  
It appears that the Lackawanna company did not do all that it had agreed to do, and that in consequence several suits in assumpsit are now pending, and even the sheriff has levied upon the property. The bill further states that John W. Aitken controls the stock of both companies.  
A rule was granted by court to show cause why a receiver shall not be appointed and the hearing was held on Saturday, Feb. 2, at 9 a. m. The writs now in the hands of Sheriff Clemens are stayed until the rule shall have been disposed of. A bond was filed by Mr. Stocker in the sum of \$500.

**HOW IS IT DONE?**  
Mrs. Baldwin Gives Another of Her Marvellous Exhibitions—What She Said in Answer to Various Questions.

Professor Saml S. and his wife, Kittie Baldwin, known as the "White Matrimony," gave the second of their marvellous exhibitions last evening. What manner of power or trick was used no one was able to say, but a thoroughly puzzled and astonished audience left the theater at the close of the exhibition.  
The audience, which crowded the house to its capacity, was treated to the variety performance with which the evening's entertainment opened, but they were waiting anxiously for the appearance of Mrs. Baldwin. The cabinet work of the Baldwins in the early part of the evening created much amusement and whetted the appetite of the audience for the hypnotic work.  
At 9:30 Mrs. Baldwin was brought on the stage in a hypnotized state by her husband.  
**What Will Go Lower.**  
After a short interval she called out the name of Joseph Levy and told him in answer to his question as to the future of the wheat market that it will go lower until some time in March and then there will be a sharp rise.  
Frederick Stanley Warren was informed that he will become very rich within a few years and take a trip around the world, and that in 1906, while leaving a steamer in a small boat at Port Said, Egypt, he will be drowned.  
Professor Baldwin in very impressive language advised Mr. Warren to avoid Pops. Said as he would a plague in 1906, Mrs. Rose Cochran was informed that it would be better for her husband to stay in this country than to go to Europe. Henry Leroy learned that his sister is in San Francisco, and that Corbett will defeat Fitzsimmons. Miss Ella Palmer received the comforting assurance that the young man she is in love with is very fond of her.

In answer to a question by Edwin Fuller Farrey Mrs. Baldwin stated that within six years New York and Brooklyn will have one government, and James C. McLaughlin was told that his brother will be appointed deputy factory inspector.  
**Fuhrman's Father-in-Law.**  
Samuel Fuhrman, of Lackawanna avenue, wanted to know where his father-in-law, W. C. Gearhart, is, who left this city some time ago and has not since been heard from. Before Mr. Fuhrman's name was mentioned, Baldwin said he saw a man in the City of Mexico, who he thought was told by Oliver Deemer elicited the information that Murderer Bezok will hang and John P. Quinnan was told that Jim Bulley was fairly defeated for sheriff by Frank Clemens, but that Bulley was probably to be the next sheriff. John W. Dunsberry learned that Hill will be the next nominee of the Democrats for president, but will be defeated by Tom Reed, of Maine. John Niland was told that the next mayor of Scranton will be a Republican and Fred C. Hand drew from Mrs. Baldwin that W. S. Millar will be elected alderman of the Eighth ward.

A. P. Curran learned that there will be an advance in the price of hams in seven weeks, and John Nallin that the extra tax will not be put on beer.  
H. A. Connell, the jeweler, wanted to know who stole two diamond rings from him and was told that the particulars formed by letter to the particulars of the robbery. A number of persons were told where lost and stolen articles are and many missing relatives were located.  
The Baldwins will continue at 108 Frothingham each night during the week.

**JOHN P. KELLY MADE ASSIGNEE**  
Lackawanna Trust and Safe Deposit Company Informed Superintendent of Banking They Could Not Act—Stone Is Assisting the Assignee.

M. J. Stone, cashier of the Olyphant Trust company, who was arrested on Monday night upon a charge of forgery and fraud, was yesterday released from the county jail. Luther Keller and Dr. L. M. Gates becoming his bondsmen in the joint sum of \$5,000. These two gentlemen appeared before Judge Edwards yesterday afternoon and qualified in the sum mentioned. Attorneys Lemuel Amerman and W. W. Lathrop appeared for Mr. Stone, who looked considerably depressed after his night's incarceration in the county jail.  
At the suggestion of State Superintendent of Banking Kraumbhaar all the funds and books were removed from Olyphant to a place of safe-keeping in Scranton. Yesterday morning the directors of the Lackawanna Trust and Safe Deposit company intimated to Mr. Kraumbhaar that they could not accept the appointment of assignee. Mr. Kraumbhaar accordingly notified the directors of the Olyphant bank of this decision, and a meeting was held in the office of Attorney S. B. Price and J. P. Kelly was appointed. Mr. Kelly evening upon the duties without loss of time and was engaged at Olyphant during a considerable portion of last evening.

**DEATH OF CARROLL H. HOYT.**  
Passed Away at the Home of His Brother in Rochester.

Carroll H. Hoyt, aged 24 years, formerly a resident of this city, died yesterday at the home of his brother, Dr. Hoyt, at Rochester, N. Y., of typhoid fever.  
When in this city Mr. Hoyt was employed in the draughting room of the Dickson Manufacturing company, and was a valuable and consistent member of the Second Presbyterian church.  
A few months ago Mr. Hoyt went to Schenectady, N. Y., where he became ill. He proceeded to the home of his brother at Rochester, where he died. He will be buried at Wellsville, N. Y.

**BARE FEET IN THE SNOW.**  
Arrest of a Man at the Notch Whose Pedals Were Uncovered.

Constables W. N. Cole and Frank Holgate arrested Robert Holand, of Pittston, yesterday at the Notch who was suffering from delirium tremens and whose feet were found to be frozen and in a deplorable condition.  
When arrested he was walking barefooted in the snow and could give no account of himself. He was brought to the city hall and attended to by Dr. Fulton, the police surgeon. It is probable that owing to the prolonged exposure it will be necessary to amputate a portion of his feet.

**PRISONER FOR LIFE.**  
Will Be Produced Today at Davis' by Ellinwood Players.

Ellinwood's players, who have attracted considerable attention by their powerful play "The American Boy," will today present the realistic melodrama, "Prisoner for Life," which depicts life in South America. This melodrama is strong in every sense of the words and will attract the same patronage as was liberally given to the play for the two days of the week.  
The press notices of the company warmly commend the brilliant manner in which this play is staged, and the sensational scenes are brought out in a striking manner, while in other parts the comedy situations cause great amusement. Miss Lillian Beyer has new songs, which are encored on every occasion, and Harry Burns is a decided success in his new specialties.

**SKETCH OF COLONEL BOIES.**  
Reprinted from the Current Number of the Inventive Age—A Prominent Member of the American Association of Inventors and Manufacturers.

In an article, entitled "Inventors and Manufacturers," the Inventive Age, of Washington, D. C., of this month has an excellent photograph of Colonel H. M. Boies, who is described as one of the representative characters of the American Association of Inventors and Manufacturers. The following interesting sketch of the colonel's career is also published:

In giving the biography of prominent members of the American Association of Inventors and Manufacturers, the one of Henry Martin Boies, of Scranton, Pennsylvania, is one that certainly gives an incentive to the struggling genius of progress to all Americans. Mr. Boies has not only a wide reputation in his state but a national one as well. He was born in the town of Haverhill, Massachusetts, in 1837, of French Huguenot parentage. He received a thorough, liberal and classical education at Yale, where he graduated in the class of 1859. In 1861 he became a member of the firm of Silver & Boies and for four years was engaged in the freighting business at Troy, on the Hudson river. In 1865 he removed to Scranton, Pa., his present home, and became the Boies & Took, powder manufacturers, and also identified himself with all the progressive movements in his adopted city for the promotion of its best interests.

In 1862 Col. Boies was elected president of the American Live Stock Express Co. of the Moose Powder Co., which position he still occupies. The frequent disasters from the careless making of cartridges by lamp light caused him in 1873 to exercise his inventive genius by the invention and patenting of a cartridge-package for mining powder, which has been universally adopted in this country and has largely reduced the casualties in coal mining. During the upsurge and excitement throughout the country in 1874 Col. Boies was elected to the position of president of the National Gun and Powder Co., which position he held until they were merged into the National Gun and Powder Co. independent companies surrounding in 1874 to the 13th regiment, and he was commissioned as its Colonel and chief of staff. Col. Boies was the standard-bearer of the National Gun to its present high position. In 1882 Colonel Boies was chosen president of the Board of Directors of the National Live Stock Express Co., also director of many of the leading manufacturing companies. In 1884 he was delegate to the National Republican Convention held in Chicago, but has never sought nor accepted any particular office.

Col. Boies has always taken an active part in the affairs of the Young Men's Christian Association and from 1870 to 1874 was its president, and in 1888 was again elected to the same position, and at present is one of the Board of Directors. In 1886 he was appointed by Gov. Beaver a member of the Board of Board of Charities and elected by the Board as a member of the Committee on Lunacy, whose members constitute the Commission of Immigration for the State of Pennsylvania. Mr. Boies is an active and prominent member and worker in the Presbyterian church and is always found at the head of any movement that tends towards the advancement of science or his fellow men, and in the fullest sense is a man of the broadest action and progress.

When the advertising atmosphere is so heavily charged with exaggeration, it is well to remember who the honest advertisers are. Windy assertions about GREAT reductions—advertising goods at impossible prices, find no lodging place in the minds of intelligent people. Dull trade throughout the legitimate business season may make necessary, wild statements from some clothiers to attract trade, but the schemers will have to scheme harder and find new disguises for their lame excuses before they can stop the people from coming to this store for honest values. The triumph of this store is the triumph of intelligence, and you have made it so. Trade has been up to the mark here, yet there's a touch of attractiveness in the styles and assortments.
