OPENING THE SCHOOL ROOMS

Interesting Exercises at the Washburn Street Presbyterian Church - Those Who Took Part in the Services.

Personal Mention and Notes.

The opening exercises of the Bible class school connected with the Washburn Street Presbyterian church, took place vesterday at 12 o'clock in the new Sabbath school room of the church. The room where the servicese were held is arranged half circular, containing a library, and nine class rooms in the gallery. The library is fitted up in the latest improved appliances for the reception of books. Six handsome mot-

toes, procured from Boston by D. L. Morgan, adorn the walls. The meeting was called to order at 12.15 o'clock by Joseph A. Mears, superintendent of the Sabbath school. A divine blessing on the work was then asked by Rev. A. J. Weisley, of Avoca. The members sang a selection from the new hymn books, under the leadership of Professor Reese Watkins, with Miss Belle Harris as accompanist. Assistant superintendent Robert J. Williams read Scripture with the members.

Superintendent Mears made some very appropriate remarks, preparators to introducing the ex-superintendents who were to speak. He touchingly referred to Professor George W. Phillins, who is ill at his home, and who is an nctive tender in Sunday school work. He also extended a special invitation for any who wishes to attend school

D. L. Morgan, who was one of Professor Phillips' working committee, then took charge of the exercises and announced Dr. Charles Robinson, of the Second Presbyterian church. Dr. Robinson read a portion of Acts 17, followed with a prayer. Singing followed. Robinson was again called upon, and delivered a short address, in which It was stated that he had been appointed moderator by the Presbytery of a meeting to call a pastor here. It. W. Luce, a former superintendent, addressed the members briefly. He said:

"I was officially connected for sixteen years with the old church, and have had many pleasant hours there. You will be proud of your school, but I guess no prouder than we older members were, before you. It is ensier to get along now, than then. The lesson papers are more complete and casier to study. A good effect is made on the class when lessons are well pre-
