LECTURE BY REV. W. I. STEANS

It Was Delivered in Sunday School Room of Washburn Street Presbyterian Church-Social by Ladies' Guild of St. David's Church-Other Notes.

An interesting entertainment and lecture was held in the Sunday school room at the Washburn Street Presbyterian church last evening. The room was well filled, and the affair was very successful. The programme consisted of many vocal selections, recitations and other features. Each number was carefully selected and rendered in approved style. A short lecture was delivered by Rev. W. I. Steams, of Danville, a former pastor in the church.

The remarks of Mr. Steans, who has been absent for a long period, were a rare treat to the members, and he was given great attention. The church is at present without a pastor, but as Rev. Dr. Charles Robinson has been appointed moderator of a meeting to extend a call, the pulpit will no doubt be filled shortly. It is not yet known when the whole auditorium will be thrown open for worship, but thought to be some time during March.

A Runaway Yesterday.

A horse belonging to John Williams, of Keyser avenue, took fright on Lafayette street yesterday afternoon and ran away. Mr. Williams had entered a house nearby on business and left the animal, attached to a cutter, standing outside. During his absence some boys frightened the horse and he dashed down Lafayette street at a good rate of speed. The cutter struck a telegraph pole and was almost demolished. The horse was captured near Main avenue. Both of his hind legs were badly bruised as the result of coming in contact with the cutter.

Social Last Evening.

Another of the delightful socials which are being conducted by the Ladies' guild of St. David's Episcopal church was held last evening at the ome of Mr. and Mrs. William Sproat on North Bromley avenue. A fair number attended. The evening was enjoyably spent. A short programme was rendered and games were indulged in until a late hour, when refreshments were served. A small sum was charged for the cake and coffee, as this method is employed for procuring money for the church. The sum realized last evening was a good one.

NORTH END NOTES.

Owing to the failure of the contracor to finish Brown's hall, on the corner of Market street and Sanderson avenue, by tonight, the opening social which was to have been held by the Adonis Social club, has been postponed a week.

Isaac Dean, of Main avenue, is suffering from the injuries which he received by his cutter turning over about two weeks ago. Although he is feeling a little better, yet his condition is somewhat serious owing to his being nearly 84 years of age.

The funeral of James Corcoran, who was killed in the Dickson mine last Tuesday morning, will take place today. High mass of requiem will be said in the Holy Rosary church at 16 clock. Interment will be made in the Hyde Park Catholic cemetery.

COMMON COUNCIL MEETING.

Business That Was Transacted by the Lower Branch. It was as difficult for Chairman Nealis to get a quorum at last night's meeting of common council as a country school teacher might find it to muster a class of refractory pupils. Although a majority of the city fathers of the lower branch were present, most of them were flitting in and out of the

council chamber. Councilman Hickey introduced a resolution directing the city engineer ported favorably on the resolution of to visit Willow street, between Stone and Irving avenues, and report whether or not the property owners in that block had graded the street in accordance with the plans and specifications. Accompanying the resolution was a petition from the property owners, asking that the city engineer inspect the grading and give them their certificates if they have done the work properly. The resolution was adopted and Mr. Hickey put on his coat and went home Mr. Sweeney introduced a resolution that met with general approval. SUBSCRIBING FOR THE STOCK

Considerable Money Has Already Been Pledged Towards the Organization of a Tin Plate Company-An Elevator Manufactory Also to Come.

A special committee of the board of trade, consisting of Luther Keller, J. A. Lansing, F. W. Martin and Secre tary D. B. Atherton, have held meetings recently to devise ways and means for procuring the necessary capital to organize a company to manufacture tin-plate in this city. Arrangements have now reached a stage which indicates that the contemplated organization will be perfected. The committee have, up to date, been

promised subscriptions amounting to \$40,000, and a much larger sum is in view. Sufficient time has not elapsed to allow a thorough canvess of the capitalists, but there is every indication that the capital of \$200,000 will eventually be subscribed. A suitable site has also been offered the committee for the erection of the works, and as it possesses all the ad-

vantages and requirements necessary an acceptance has practically been made. The plans of the works and the data collected are in the hands of Secretary Atherton, who will be pleased to explain to all interested parties.

Will Be a Good Thing.

That the future of Scranton will be materially affected by the establishment of the tin plate industry is beyond dispute, as about 400 men will be time as the property shall revert to the ployed, and \$250,000 more will be added to the amount circulated among the tion of the organization owning the business men of Scranton. An importbuilding and property it will ultimate- ant, which should receive due attention, is the demand that will be created for a large supply of soft steel, which is manufactured in Scranton, and will afford employment for the steelworkers who are now out of work.

Tin plate is becoming an important industry of the country, and Scranton should take advantage of this opportunity and be in at the start. In one of the greatest competing countries-South Wales-the men are leaving for America, owing to the establishment of tin plate works in this country, and it is palpable to all interested in trade ing Ninth street and Jackson as far as North Main avenue.
