Up to the time of the return of the special commission which went to Washington to Interview President Cleveland, the former queen records herself as favoring a waiting policy, confident that the American administration would interfere in her behalf. After President Cleveland's answer to the commission she became more aggressive and began to listen with growing favor to those urging an uprising on the part of the natives. Efforts to Reduce Compensation of Railroads Are Unavailing.

The Government Will Continue to Pay Rent in Excess of the Cost of Mail Cars-Sugar Bill Reported Favorably.

By the United Press. Washington, Feb. 15.-The last steps were taken by the senate today in the disposition of the postoffice appropriation bill which has been under consideration every day since Monday. A final effort was made on the part of the committee on appropriations to reduce the compensation of the railroad companies for the use of postal cars, in the shape of an amendment offered by Mr. Blackburn, Kentucky, to cut down the appropriation of \$3,205,000 to the extent of 10 per cent.; and the senate decided against it. It had previously rejected assimilar proposition which had come over from yesterday and which applied only to the fast mail service from Springfield, Mass., to Atlanta and New Orleans. Then an effort was made by Mr. Brice, Ohio, to have the \$196,000 which is appropriated for this latter servee divided with a similar fast line

then the bill was passed The agricultural appropriation bill followed, and had not been finally acted on when the senate adjourned at 5,55 There was considerable discussion over an amendment reported from the committee on appropriations for a modification of the law relating to the inspetion of cattle and meats for exportation; and Mr. Platt, Connecticut, opposed any change in the law that looked to the propitiation of Germany. of private pension bills. No Extra Session.

There will be no further financial legislation attempted by the house at this session. The defeat of two banking bills and one bond bill in quick succession satisfies the Democratic leaders that a majority of the house cannot be brought to the support of any measure. The members of the house are now

looking forward with impatience to sidtournment, and the committee on rules is constantly importuned for special orders for certain important bills that have not yet received consideration by the house, but which can be rushed through the senate, it is believed, if they can reach that body during the last week of the session. One of these is the naval re-organization bill and another is the Nicaragua canal bill.
