LENGTHY DEBATE ON BEEF

An Item on Indian Appropriation Bill Causes Long Talk.

HAWAHAN ANNEXATION PLANS

Sixteen Populists and Democrats Unite with Republicans in the House on the Hawaiian Cable Measure.

By the United Press. Washington, Feb. 21.-The Indian ap-

propriation bill was considered in the senate today for about five hours, and thirteen additional pages of it were disposed of, leaving seventeen pages for tomorrow. The reason why greater progress was not made was that a disputed item of \$855 for beef cattle furnished to some Indians was talked over for almost two hours; and that the Indian school question, which comes up inevitably on every such appropriation bill, was discussed for a still longer period of time. The committee on appropriations had reported an amendment to strike out the two items for the maintenance and education of Indian children at Hampton, Va., and at the Lincoln institution, at Philadelphia, on the ground that these were denomina-tional schools (Protestant) and that, as other denominational Indian school were to be abandoned, there should be no discrimination in favor of those two. The result of the struggle was, howins not been paid. ever, the defeat of the committeemen on appropriations and the retention in the bill of the two items for those

schools. At 6 p. m. a recess was taken for two hours-the evening session to be for the consideration of a bill authorizing the issue of bonds to the amount of \$7,500. 000 for the extension of the sewer system of the city of Washington. The ly proving that there was not a vestige resolution for such recess was antagonized in the morning hour by Mr. Allen (Nebraska), who, in the course of his urer Persch's important connection remarks, asserted that the secretary of with the company and his failure to apthe treasury had no authority in law pear before the investigating commit to issue the bonds provided for recenttee. Besides public opinion, he thought, ly; that the law under which he claimed such authority had been repealed, and drawn: that such bonds if contested in the courts, would be held to be void. He characterized the attempt to pass a silver coinage bill last Tuesday as a branches of council. mere "spectacular performance," and he read, with much satisfaction, some newspaper intimations naming Senators Teller Rep., Col.) and Vest (Dem. Mo.) as accessions to the Populist party.
