GEORGE'S BIRTHDAY OBSERVED

Pittston's Citizens Are Patriotic-Record of Pleasant Social Events - Well Known Couple Married at Binghamton-Personal News.

Special to the Scranton Tribune. Piitston, Feb. 22.-The celebration of Washington's Birthday in Pittston was of a very quiet order, owing to the sudden change in the temperature, and not to any lack or patriotic ardor, of which we have an unlimited amount in our bustling little town among the hills. The Eagle Hose company were in the line of parade, headed by the Liberty Cornet band, and made an excellent showing in their dress uniforms. The business places of the town were all closed this afternoon in honor of the occasion. Many places were decorated

with flags and bunting. Our authorities should make an effort to remove the obstructions in the gutters on Broad and William streets. The Scranton and Avoca Traction company, which have the right of way to lay their tracks on the streets above mentioned, have very neglectfully left ties and rails strewn along in the gutters. As the water from the melting snow flows down the hill, these obstructions turn the water onto the sidewalk. where it freezes and makes it almost impossible for pedestrians to mount the

An Enjoyable Party.

A most enjoyable party was given to the many friends of Miss Sadie Jop-ling and Miss Nettie Pullman, of Alexandria, Va., her guest, at her home in Inkerman, last evening. After the friends had arrived an elaborate collation was served which was followed by dancing and games. Among those who were present were the following: Mr. and Mrs. H. C. Jopling; Mrs. Blanchard, of Wilkes-Barre; the Misses Blanchard, of Parsons; Miss Hattie Owens, Miss Nellie Owens, of Pittston; Miss Maggie Robertson, Miss Nel-lie Baird, Miss Aggie Robertson, Miss Jessie Latta, Miss Eliza Rut-ledge, Miss Jennie Kearney, Miss Cora Robertson, Miss Bertha Baird. Miss Nellie Harkens, Messrs. A. W. Baird, Will Blakley, of Mauch Chunk; A. Guy Baird, of Dunmore; M. A. Wynne, Will Kearney, Boyd Harkens, John Roberts, Robert Bowkley, Alex-ander Baird, Fugene Smith, M. M. Blackwell, Will Phillips, Thomas Robertson, James Hutmauker, Frank, John and Samuel Hufsmith.

The two sleighloads of young people who came down from Dunmore last evening to attend the ball of the Crystal Social club of this city met with a serious mishap on their return. As they neared the upper end the sleigh very suddenly collapsed, leaving them without a conveyance. One party took passage by the Delaware, Luckawanna and Western railway to Scranton, while the other went by the Jersey Central.

TAYLOR.

Mrs. Charles P. Sampson, of South Wilkes-Barre, is visiting her parents, Mr. and Mrs. David J. Edwards, on Main street. The stores and schools in this place

were closed yesterday in observance of Washington's birthday. The chicken supper in the parlors of

the Methodist Episcopal church last evening was well attended. Jermyn No. 1 and 2 collieries will be paid today.

The first ball of the Taylor Athletic club, held in Weber's rink on Thursday evening, was a most pleasant social gathering of young people. The rink was well filled and judging from the expressions of satisfaction heard from all sides, all enjoyed themselves. The boxing matches advertised to come off undoubtedly attracted a large crowd, and added largely to the success of the ball. The first to don the gloves were Richard Evers, also of South Scranton. They gave a very clever exhibition of boxing which was highly appreciated by the crowd. Judge clearly demonstrated his ability to defend his title against all comers. Next came the Both men were in good condition, and each was accompanied by a large following of admirers to cheer them. were evenly matched in weight and height. Three rounds were fought. but the first two were rather tame, each sparring cautiously to size up his opponent. Some good blows were exchanged, however, and great interest was manifested by all. In the third round the excitement began, as both were determined to show their superiority in the manly art, and the blows rained in upon one another fast and furious. INDUSTRIAL TOPICS.

The Chicago and Grand Trunk railroad has let its coal contract for 1895. Two hundred thousand tons are to be shipped over the Eric railway, 100,000 tons over the Lake Shore and about 200,000 tons were nurshared in Nova Scotle. Squire Jordan is in Pottsville on business today. Dr. W. J. DeVoe is still very sick at

Total production of Bessemer steel in 1894 was 3,579,101 gross tons, against 3,215,-686 gross tons in 1893; Bessemer steel rails, 1,014,034 gross tons, against 1,129,400 gross tons. Production of rails for street and electric railways in 1894 equaled 155,196 Will Phillips attended the matinee at tons, against 133,423 tons in 1863.

Philadelphia Press: The anthracite coal trade is suffering the penalty of mismanagement for a great many years. The greed of overproduction has brought on a crisis which will not only be seen in the trade, but there are reasons for believing that some of the carrying corporations will be badly hurt. The anthracite trade can be controlled, but the people who conduct it have refused to take the most ordinary precautions. A few facts will suffice to make plain just what the situation is. In January with the trade in deep trouble the tonnage allotment was over-shipped nearly 33 per cent. This indicated clearly enough that the backbone of the trade was broken, and some of the companies began selling coal. The Delaware and Hudson, the Lackawanna and the smaller New York companies always talk well of themselves. The Reading is a little slow perhaps, but she has been lame so long that she don't require an early start. All the companies have been marketing coal as fast as they could. When the January denoument became public and the situation became serious the Lehigh Valley also jumped into the market. The orders seem to be to sell at almost any figures, for that company has sold coal at \$3 for stove in New York and probably at \$2.75. This waked up Stick-ney & Cunningham, who sell the Pennsyl-vania's coal, and the fleet of schooners, barges, tugs and tubs that they sent to Perth Amboy to load with coal was the wonder of the trade last week. Much of the coal being offered has been stored for a long time. A portion of that of the Le-high Valley is a relic of the McLeod times,

gin working full time this week as against three days a week. Philadelphia Record: The wrecking of the old Edge Hill blast furnace, at Edge Hill, Montgomery county, removes a fa-miliar landmark on the line of the North Penn rallroad, and adds another name to the list of abandoned iron-making enterprises with which the Schuylkill valley is strewn. Against the great advantages of cheaper ore and fuel in the west and south the manufacture of pig iron in this vicinity has had a continuously hard struggle during the last ten to fiftteen years. Twenty years ago the Lehigh valley was the largest pig iron producing region in this country. New York state stood second, and the Schuylkill valley was third. The Lehigh and Schuylkill Miss Jessie Morgans, of Hyde Park, is valleys together produced more pig iron visiting Miss Susie Morris, on Grove than any entire state outside of Pennsylvania, and their joint output was more than one-fourth of the whole product of the country. Last year the Schuylkill valley stood twelfth in the list of pig iron producing regions, and the Lehigh valley was in the fourteenth place. There has been some advantage iron ores. But the high cost of fuel still remains the greatest obstacle to prolitable pig iron manufacture in this vicinity, for the cost of anthracite remains practically the same year after year, and if coke is long-looked-for contest between Daniel railroads for hauling it from Connells-Hayes, of the Taylor Athletic club, and Michael Kane, of the Minooka Athletic club. Both men were in good condition, where it is made. With these facts to onsider, it is not surprising that only on plast furnace has been built in the Schuylkill valley in the past fifteen years, while not less than thirty-three stacks have been abandoned in that time.

Mr. C. W. Campbell-Dear Sir: I have given my boy, Freddie, 7 years old, some of Dr. Campbell's Magic Worm Sugar and Tea, and to my surprise this afternoon about 2 o'clock he passed a tapeworm measuring about 35 feet in length, head and all. I have it in a bottle and any person wishing to see it can do so by calling at my store. I had tried numerous other remedies recommended for taking tapeworms, but all failed. In my estimation Dr. Campbell's is the greatest worm remedy in existence.

Yours yery respectfully.

TO OUR PATRONS:

Washburn-Crosby Co. wish to assure their many paterons that they will this year hold to their usual custom of milling STRICTLY OLD WHEAT until the new crop owing to the excessively dry weather many millers are of the opinion that it is already cured, and in proper condition for milling. Washburn-Crosby Co. will take no risks, and will allow the new wheat fully three months to mature before grinding.

This careful attention to every detail of milling has

placed Washburn-Crosby Co.'s flour far above other brands.
