## THEIR LOSS IS OUR GAIN

Seranton's Opportunity to Profit by Wales' Bad Fortune.

MR. TORBETT'S PROPOSITION

His \$20,000 Subscription Betokens His Confidence in a Scranton Tin Plate Mill-Some Business Men Rendy to Subscribe.

The Scranton board of trade is at present making determined efforts to establish a tin plate industry in this city, but it is an open secret that unless arrangements can be made in a few days, Mr. Torbett, the representaproposition and subscription of \$20,000. n more than one respect, it is essential that satisfactory and conclusive arrangements should be arrived at during the present week. Mr. Torbett has in view a proposal to locate extensive mills in Gas City, Ind., unless he is satisfied that substantial assistance can be secured in this city and, no doubt, he recognizes the important fact that the tide of expert men in the business is already flowing to western districts, while Scranton is losing the great opportunity of securing this kind

of skilled labor. In consequence of the growth of the tin plate manufacturing business in this country gloomy reports are continually being received from the tin plate cen ters of South Wales, and day after day brings forth notices of further stoppages. In the Llanelly district the trade for the time being is practically paralyzed and prices have dwindled down o a very low ebb, and orders are almost conspicuous by their absence. J. S. Pregoning, proprietor of the Morfa tin plate and steel works. Liannelly, has made a public statement that the result of keeping his establishment going of late has been the loss of about \$6,000 a month and in the face of this heavy burden he had hecided to shut down and cease operations for an indefinite period. Already 1,200 of his workmen are out of employment.

Has Caused Poverty.

The pinch of poverty is being felt throughout South Wales, especially in the neighborhood of the works mentioned, and what will eventually beome of the people when the contracts at the remaining works are completed and the doors closed is difficult to say. The most efficient tin plate workers,

who have laid by a substantial amount of their savings, are now flocking to the United States, where their services are in demand. J. H. Rogers, of Gas City. lection. Ind., has been spending a few weeks E. J. in the neighborhood of Llannelly and has had conferences with some of the nen, with a view to engaging their

trade have urged that the tin plate would empower every county of over industry is at present the premier industry of the country, and if Scranton to furnish employment for poor and is to secure a share of the benefits, the needy persons. Mrs. Duggan reported dustry of the country, and if Scranton is to secure a share of the benefits, the present is the opportune time to assert that she had visited thirty-eight perpendicular to furnish employment for poor and office of the benefits, the present is the opportune time to assert that she had visited thirty-eight perpendicular to furnish employment for poor and office of the benefits, the present is the opportune time to assert that she had visited thirty-eight perpendicular to furnish employment for poor and office of the benefits, the present is the opportune time to assert that she had visited thirty-eight perpendicular to furnish employment for poor and office of the benefits, the present is the opportune time to assert that she had visited thirty-eight perpendicular to furnish employment for poor and office of the benefits, the present is the opportune time to assert that she had visited thirty-eight perpendicular to furnish employment for poor and office of the benefits, the present is the opportune time to assert that she had visited thirty-eight perpendicular to furnish employment for poor and office of the benefits, the present is the opportune time to assert that she had visited thirty-eight perpendicular to furnish employment for poor and office of the benefits, the present is the opportune time to assert that she had visited thirty-eight perpendicular to furnish employment for poor and office of the present that the present is the opportune time to assert the present that th ber of mills which are being erected throughout the country may, ere long, monopolize the whole trade. Once settled in Scranton, there is no doubt whatever but that with her great natural advantages and easy transporta-tion facilities, this city could more than hold her own in the competition.

Another Strong Argument. Another strong argument is produced that the tin plate industry will, besides Dr. A. J. Connell and O. S. Johnson left of the steel mills, be a means of develwhere they will oping mills for all finished tin articles and ware, the demand for which would,

No argument, therefore, should be ecessary to impress upon the capitalists of the city the importance of immediate action in securing the location of this industry in Scranton, The ountry is at present witnessing the building up of this great industry, which is new in the sense that it monopolizes the trade of other countries, and the opinion of the board of trade afficers may well be accepted in stat ag that it will be one of the best entures for the future of this growing

## IN LOCAL THEATERS.

James J. Corbett and company will appear at the Academy of Music this evening in "Gentleman Jack." The last of the play takes place in the arena of the Olympic club and is one of the most interesting points in the play. In added to the force of employes at Gold-this contest Mr. Corbett spars three smith's Bazaar. He was formerly em-rounds with Steve O'Donnell. There rounds with Steve O'Donnell. There will be a number of specialties introduced in the roof garden scene which will add to the entertainment.

It is claimed for Milton Nobles' come dy, "For Revenue Only," which will be seen at the Academy of Music Thursday evening, that the author has constructed a comedy that amuses and entertains without resorting to the well-worn, mistaken identity expedient. If this is true, it should serve as an city and his numerous friends will regret Mr. Niglies' play is said to contain his departure. object lesson to native play writings. mighs are at and pungent lines, and the oked by what the author says, and n

by what the author does. Of Hi. H y's minstrels, which will night, the Academy on Friday igusta Chronicle says: last night was fairly to see the performance of Hi. Henry's minstrels, and there was not one of the vast audience but was pleased. Of the thirty members of the company, every one are artists. There has been no minstrels in Augusta in years that could touch it. The voices were excellent and the specialties great. There was not on old joke, not an ancient gag-in fact it was a minstrel show far better than it claims to be.'

Hoyt's "A Bunch of Keys," polished up to date, will be presented by the Music on Saturday evening. The piece is well known to the theater-going public, and nearly everyone has either seen or heard of "A Bunch of Keys," the funniest of all comedies, which abounds in the most ridiculous situations, witty sayings and music of the kind that receives four or five encores. The com pany consists of mostly all new talent this season and includes Ada Bothner, Delle Jackson, Kittle Wolfe, Helen Trenville, Belle Travers, Harry Clarke, Harry Fay, R. J. Riley, William Smith, and Charles W. Bowser. There is an abundance of bright music and songs, pretty costumes and appropriate stage settings, etc.

Of the Fay Foster Burlesque company, which will be seen at Davis' Thursday, Friday and Saturday afterand evenings, the Providence says: "The performance of the ster Burlesque company at the ester theater is one that is leing, the variety bill being one est of the season. A skit called a Yacht" is very entertaining.

The absurdities are numerous, and several good specialties are introduced, the best being the dance of the three Murrels and a representation of life on the Bowery, in which the Bowery boys and girls and the police have a spirited encounter." A burlesque, "The Tender-loin Chappies," closes the programme.

M. H. Burgunder, manager of the Grand Opera house in Wilkes-Barre and the Academy of Music in this city. has leased Music hall at Wilkes-Barre He will continue to run it as a popular

### WILKES-BARRE'S KIRMESS.

It Was Reproduced at the Frothingham

The Wilkes-Barre Kirmess was given at the Frothingham last night before an audience of about 300 persons. There is more variety in it than there was in the Scranton Kirmess, songs, dances and musical selections being introduced. Many of the solo dances were rendered in an excellent manner. As a Kirmess pure and simple the Wilkes-Barre article is not up to the

standard set by Scranton in its re-cent effort in that direction. The dances were not so pretty nor were they given with the care and precision that marked the work of the Scranton dancers. One of the pretty and unique numbers given by the Wilkes-Barreans last night was the Living Whist. The Gyp-

### sy dance was also well received and evoked much applause.

BOARD OF CHARITIES.

The Business Transacted at Its Meeting

Last Night. A regular meeeting of the Board of Associated Charities was held last evening, E. J. Lynett presiding. J. R. Cohen reported that with M. J. Kelly he had waited upon the members of the poor board with regard to arranging for the payment of an assistant for Mrs. Duggan, but as the poor board was advised by their attorney that it was doubtful if they could legally appropriate any money for the purpos no further action was taken in the matter.

A general discussion was held as to the assistance given by Mrs. Pettigrew in making up the records, and as her engagement expired last evening, it was decided to refer the question of continuing her services to complete the work to a committee comprising the officials of the board.

Mrs. J. R. Cohen reported on behalf of the Ladies' auxiliary that the sub- weight because of his venerable charscriptions were being paid up in a satisfactory manner. The thanks of the the ladies who had assisted in the col-

## NEWS OF THE RAILROADS.

An assessment has been issued upon he death of George Fait for the sum of \$1,000. The limit expires on April 3. Shop hours on the Erie and Western railroad were vesterday reduced from eight to seven hours per day.

Blacksmith Van Buskirk, of the car shops, is at the Moses Taylor hospital suftering from a dropsical attack. A brakeman on the Pennsylvania railroad has applied for a patent on a railroad switch that can be operated by the angineer from the cab while the train

after the train has passed. David Clark, who has been master mechanic of the Hazieton shops of the Lehigh Valley company, has resigned his position after forty years of service. Mr. Clark has been a most capable official and enjoyed the confidence of the company and employes. He will Silkman. be succeeded by Mr. Wallis, formerly of the Norfolk and Western railroad. Employes of the Erie and Western ailroad have been accused of loaning or

selling the mileage books issued to them at reduced rates. As the books are not transferable and the agreement has been violated to an alarming extent, the officials of the company have issued a notice warning employes that in the event of a future offense they will be promptly and permanently dismissed

from the company's service.

If rumor be correct, the Vanderbilts are interested in the construction and operation of another trunk line to Chicago. They control, at present, two lines from New York to Buffalo and three from that city to Chicago. For a number of years the Vanderbilts have been endeavoring to extend their lines to Pittsburg, and not long ago they attempted to build the South Pennsylvania to Pittsburg parallel to the Pennsylvania Central, when the latter road retaliated by constructing the West Shore, paralleling the New York Cen-The contest was settled by each road selling out the new lines to the other. Soon afterward the Vanderbilts endeavored to reach Pittsburg via the Beech Creek railroad in connection with the Reading, but were again foiled by the Pennsylvania. The present intention is for the Pittsburg and Eastern to build their line from a connection with the Beech Creek road at Mahaffy, 129 miles west of Williamsport, to Pittsburg, a distance of about 150 miles, thus securing a continuous track from Philadelphia or New York to Pittsburg.

## FATHER DOYLE'S LECTURE.

His Third Discourse on Temperance De livered at Green Ridge Last Night. St. Paul's congregation, of Green Ridge, had the pleasure of hearing Rev. A. P. Doyle lecture on total abstinence last night. The edifice was not able to accommodate one person more, and the intense interest manifested in the eloquence of Father Doyle spoke well for the feelings of generous welcome that

Father Doyle will lecture at St. Joseph's church, Minooka, this evening, and tomorrow night at St. Patrick's church on the West Side.
