Ex-Licutenant Governor Watres Receives a Handsome Gift.

AN ELEGANT SILVER SERVICE

The Presentation Speech Made by Senator McCarrell - Mr. Watres' Response. Description of the Magnificent Present.

Special to the Scranton Tribune. Harrisburg, Feb. 27.-One of the notable events of the winter was the presentation of a silver service to ex-Lieutenant Governor Watres, which took place in the senate chamber at 1 o'clock this afternoon in the presence of a large assemblage, conspicuous in which were a number of ladies, Mrs. Hastings chaperoning a party of her guests. On a table in front of the clerk's desk was a large tray on which rested an oaken casket, gilt clasped and silver plated. This casket, divided into two compartments, contained the elegant silver service, the gift of the present senate to the gentleman who so ably presided over the first three weeks of its deliberations. The two lower drawers contained nine dozen knives, forks and spoons, and the upper portion held a salad dish, fish set, ice cream set, tea set, salver, coffee urn, three ladles, butter knives, bon-bon tongs, sugar tongs and sugar spoons. The workmanship -the design being the graceful and ornate Marquis-was of the finest description, and the entire set, enclosed in the blue silk lined casket, was the perfection of exquisite good taste. On the casket was the following inscription

and fairness in the discharge of his official duties. February 27, A. D. 1895. Senator McCarrell's Speech. It was 1 o'clock when the senate took

a recess and Senator Kline assumed the chair. He recognized Senator McCarrell, who said:

Mr. Chairman, we should always be ready and willing to honor fidelity to duty. We tarry, therefore, for a moment at the close of our session today to pub-licly commend one who has honored him-self and the whole commonwealth as well. In the beautiful Wyoming valley, the scene of many a bloody conflict in the early days, there was waged in 1882 a farce political contest, the result of which was the election of a Republican senator from the county of Lackawanna. This result was the tribute of an intelligent and appreciative constituency to a young man who had demonstrated his professional ability, his unswerving integrity, and his favorably the Smith religious garb bill. unselfish disposition to aid his fellow men.

your kindness; this most generous expres sion of the great heart of the senate, voiced by this superb gift, and by the warm eloquence of the senator from Dauphin, defies a fitting response. This is indeed a beautiful and costly token-beautiful in conception, in design

token-beaution in conception, in design and in workmanship, and for its worth thus measured, I and mine will ever be truly grateful. But its real worth, and that which is most keenly felt and ap-preclated, lies in the friendship, the con-lidence and the esteem of those whose hearts are in the gift. This worfd successive beareas This useful souvenir bespeaks errors overlooked and mistakes forgiven. It tells of friendships most sincere and of asso-

ciations fondly cherished. Of senators who have gone before, whose memories are sacred to us all, and of distinguished members of this body who, after honor-able service, have retired to private life, as well as of those who have been sent by confiding constituents to other fields of usefulnes It spoaks of strifes, of defeats and of

victories, but more than all of a senate, which for kindness and courtesy, as well as for loyal devotion to a trusting people of a beloved commonwealth, stands with-

ou a peer. Occasions like this bring one closer to the real and are reminders that gratitude is not expressed in words, but by a life. Thus we are inspired to reach out and up into better purposes and nobler living. For myself, and in behalf of those whose enjoyment of this princely gift makes my own the greater, I tender you most sin cere assurances of profound gratitude.

A wave of applause swept over the senate, and the informal session was declared adjourned. Half an hour was spent by those present looking at his handsome gift, and then the senate resumed business.

DEBATING IN THE SENATE

SENATOR GORMAN TALKED OUT

In Order to Stop the Debate He Withdraws His Amendment to the Measure. Bills Considered and Passed by the flouse.

By the United Press. Washington, Feb. 27 .- The senate spent five hours today in debate on the amendment to the sundry civil appropriation bill, reported from the committee on appropriations, providing for an issue of \$100,000,000 certificates of indebtedness bearing 3 per cent. interest to meet defliciencies in the treasury and also requiring future issues of bonds to be offered to the public for at least

twenty days. Mr. Gorman, Maryland, who was recognized as the responsible author of the amendment, spoke for over an hour in advocacy of it, showing the probable need of the treasury during the fiscal year and declaring that the secretary of the treasury was entirely mistaken in his estimates. The antagonists of the amendment were all found on the Democratic side of the chamber, in the persons of Senators Hill, Mills, Voorhees and Vilas, which was, perhaps, the cause of Mr. Gorman's subsequent allusion to "sudden conversions-such as

were read of in Scripture." The supporters of the amendment were on the Republican side, and included Senators Sherman and Allison. Finally, as it was clear to Mr. Gorman and all other senators that the amend-

ment-if held to be in order-would be debated till March 4 next, Mr. Gorman withdrew the amendment, and the appropriation bill was then offered and agreed to. Unanimous consent was given to have a final vote taken on the bill at 2 p. m. tomorrow. A night session was thereby avoided. Bills Agreed To in House,

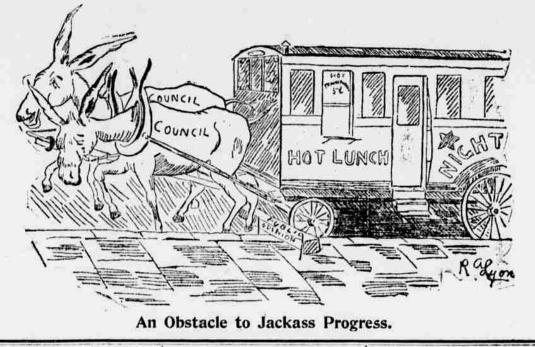

In the course of the day conference reports on the following bills were agreed to: The pension appropriation bill; a bill granting a pension of \$50 a month to General Harrison C. Hobart:

the bill to equalize the duties and salaries of the steamboat inspection service, and the postoffice appropriation bill. Upon each of the pension and postoffice appropriation bills there was quite a debate and with regard to the latter the house voted by an overwhelming majority to concur in the senate amendment limiting to railway postal clerks hereafter to be appointed
