TALES OF TWO PITTSTONS

News of Interest to Readers Up and Down the Valley.

PAIR OF THE EAGLES CLOSES

Successful Beyond the Expectations of All Mr. Kelly Will Take the City Bonds. The Case of the Election

Board.

Special to the Scranton Tribune.

Pittston, March 1.-The old-time fair of the Eagle Hose company closed last evening with their usual old-time success. Nearly all contests were closed. The cyclone mine drill contest will not close until next month. The receipts of the fair were beyond expectations of the members of the company, and amounted to nearly \$1,800. Thewinnerof the bicycle contest, which closed last night, was Frank Kuschel, who had collected \$75.80. George Emory had \$31,50. Miss Mattie Rogers held the ticket that drew the sewing

Basket Ball Game.

An interesting game of basket ball was played at Armory hall this even-ing between the Pittston and Wilkes-Barre teams. During the first half of the game no goals were made. At the beginning of the second half a basket was thrown by Bryden, of Pittston. The Wilkes-Barre players carried out the usual programme by raising a dispute over the play that had sounded their doom. When unable to bluff the umpire into deciding according to their ideas the baby players from Wilkes-Barre withdrew from the game, which was decided in favor of Pittston by a score of 1 to 0. Umpire, Fenstermocher; referee, Phillips; linesman, Eugene

The league standing is now as fol-

Scranton

Kingston

The entertainment was further en-livened by an athletic exhibition that would have done credit to Barnum's circus. The high jumping contest was won by Will Koons, who walked on the air a distance of seven feet and five inches. Mr. Koons received a prize in shape of a handsome pair of ebonized Indian clubs.

Meeting of School Board.

A regular meeting of the school board was held in the high school building tonight. In the absence of President Hines Director Bryden sustained the dignity of the chair. The meeting was uneventful save for a dispute that arose over a request made by Musical Director Johns, through Mr. McCormick, for an increase of salary. Mr. Johns directs the vocal education of the pupils in the public schools for the paltry sum of \$25. Considering the pos-sible results of his tuition the teacher held that the amount was entirely too small for the service rendered. There was no music in the souls of the majority of the board, however, and they promptly rebuked the presumption of the musician in requesting an increased compensation for work that should have been performed for love alone. A number of bills were ordered paid. and the tax of Mrs. W. Gillespie was exonerated.

Election Board Case.

The case of Wilbur E. Howell vs. John Clifford and the election board of the Second election district of Avoca. was given a hearing before Justice Ehret this afternoon, who made it re turnable to the term of court which convenes in April next. Bail to the amount of \$500 each was required of the board, which consisted of Michael Torney, judge of election; James Ryan, and James Greegall, inspectors Michael Torney becoming bondsman for them. Clifford was held under \$200, which was secured by Philip Clifford. A Sorrowful Tale.

For a fews days past, a little child has been begging on our streets. When questioned she told the most pitiful tale. Her mother, she claims, is dead, and her father, a miner, turns her out and locks the door when he goes to work in the morning. She wanders about the street and requests pennies of the passerby. Our authorities will no doubt investigate the matter and sethat the child is property cared for.

Miscellaneous Items.

All regular subscriptions to the Scranton Tribune will be received at our local office, No. 8 South Main street The infant child of Mr. and Mrs. W. Carpenter, 338 Delaware avenue died last night of membraneous croup. The funeral will take place Sunday from the family residence. Interment at West Pittston cemetery.

The boys on the Lehigh Valley claim that business is improving.

A telegram was received from Philip F. Kelley by Borough Treasurer Langan yesterday, in which Mr. Kelley expressed his willingness to pay the accrued interest on the bonds purchased by him a month ago. The bonds have been shipped to him by express today The bonds were deposited with the Miners' bank after being received and signed, and payment on them will be made through the same institution. The barbers of the East Side have agreed to close their shops at 8 p. m.,

"All in a Row." It is a unique sight to view at Carlsbad the motley row of drinkers of all nations, languages,

manners and costumes

commencing Monday, March 4, Wed-

hurrying down in single file to the boiling Sprudel Spring with an earthenware mug in their hands, or slung by a strap around their neck or over the shoulder, and patiently waiting their turn to sip of the precious fluid. For three centuries or more, all sorts and conditions of men, from the king to the tramp, have pilgrimized hither in search of new life or relief from pain. But we cannot in these competitive days afford the time and money to travel so far afield, so it is brought to your doors bottled in its natural and original form at the Spring, or in powder evaporated on the spot, and so well known as the Carlsbad Sprudel Water, and Carlsbad Sprudel Salt. The signature,

"Eisner & Mendelson Co., Sole

Agents, New York," is on every

bottle. Beware of imitations.

nesdays and Saturdays excepted. It is expected that the barbers of the West Side will join in this movement.

a visitor in town today. All breakers of the Pennsylvania Coal company in this section, with the exception of Ewen and Barnum breakers, are expected to work next week.

Mr. Fox, proprietor of the Anthracite Hotel, Carbondale, was calling on friends in this city today. Miss Carrie Miller was a visitor in Scranton today.

INDUSTRIAL TOPICS.

The coal tonnage of the Reading railroad for the week just ended was 297,970 tons, an increase over the preceding week of about 58,000 tons and an increase over the corresponding week last year of 49,212 tons; for the fiscal year to date the tonnage is 2,754,337 tons, an increase over the same period last year of 125,677 tons.

The Engineering and Mining Journal sharply draws the line between stock coal and that known as first-class coal. The former, it says, may have been sold from \$2.75 to \$3 per ton, but it is certain that the selling price of the latter is between \$3.30 and \$3.40. It says that forebearance, conessions and far-sightedness are indispensable to save the trade from further

The collieries in and near Hazleton are

making heavy shipments these days. The railroad companies are furnishing all the empty cars possible but their utmost endeavors cannot comply with the de-mand. The breakers, too, are in better condition to prepare a greater amount of coal than they were last summer. During the slack times of the past several months the officials paid marked attention to the improvement of the machinery. These improvements will continue to be useful for a year or more and the coming summer will note the largest production of coal from all the collieries in this dis-trict in their history. The coal shipments on the Mahanoy division are the heaviest on record and even the great reserve of coal crews are unable to move all the coal. The Reading coal branches are also rushed since the blizzard and the daily shipments down the main line is from 1,400 to 1,500 loaded cars. A vast amount of coal is being moved from the storage yards at many points. On Saturstorage yards at many points. On Saturday and Sunday 2,900 cars were shipped to tidewater. All the repair shops have been ordered to work ten hours per day. The Jersey Central are also doing an immense coal business at the present time. Crews are working overtime and the demand for motive power is becoming more pressing. Thousands of tons are daily sent to western cities.

The soothing, healing effects of Dr. Wood's Norway Pine Syrup is felt almost instantly. There is no other cough mediine that combines so many virtues. . .

STOCKS AND BONDS.

New York, March 1.-Fears of gold exports, which were so pronounced earlier in the week and which led to considerable selling of stock for both accounts, disappeared in a great measure today. The market closed firm. Total sales were 145,500 shares.

The range of today's prices for the active stocks of the New York stock market are given below. The quotations are furnished The Tribune by G. du B. Dimmick, manager for William Linn, Allen & Co., stock brokers, 412 Spruce street, Scranton.

at Atlantic City.

SOME VERY FAST RAILROADING

Jersey's Great Seaside Cosmopolis Be gins Its Season by Gayety Rather Early but Begins It in Genu-

ine Earnest.

Special Correspondence of The Tribune. Atlantic City, March 1.-The gloom ful and depressive pessimist who per-sistently croaks of "hard times" and dolefully asseverates that the nation's prosperity has gone to the demnition everlasting bow-wows, is shamed out of his dismal bewailings as soon as he finds himself in the briny and brilliant atmosphere of this great seaside cosmoplis. The very air seems with caressing fingers to "knit up the ravelled sleave of care;" the swishing surf sings woolngly a restful song to the tired senses; the genial warmth of the earth-nearing sun stirs the sluggish blood to quicker pulsings; and the inspiriting ac tivities that pervade the place beget fresh impulses and enkindle new ambitions in the most mind-weary of mor-

tals. A stroll on the thronged boardwalk just now is an inspiration and a de-This magnificent esplanade light. skirting the white-beaded edge of the horizon-reaching sea for four unbroker miles, is the daily rendezvous of beauty and fashion, as well as the daily resort of the invalid and valetudinarian. Here meet and mingle the cosmopolite and the countryman, Beau Brummel and Farmer Hayseed, the belle from vociferous Broadway and the bright-eyed maiden from the quiet Pennsylvania hills. With each recurring year the wholesome custom grows of resorting here for a winter residence or an early spring-time vacation, and the propitious opening of the Lenten season nov beginning augurs favorably.

Some Climatic Advantages. The magnificent climatic advantages of Atlantic City render it easily the foremost of American health resorts. The balmy and invigorating air, laden with briny ozone and impregnated with the balsamic odors of the encircling pine forests, is distinctively curative in pulmonary, malarial and nervous disorders, being especially effect tive in the amelioration of la grippe. The diversity of recreations and

amusement attract to it every shade of temperament and taste, from the gravest to the gayest. More than a hundred hotels and boarding cottages have opened their doors to the entertainment of visitors at rates ranging from \$1 a day up to figures that would make a frugal millionaire dizzy. The facilities for getting to and from

this enchanting bit of Lotus Land are superb in their completeness and in very detail-for have we not the 'Royal Route to the Sea," that magnicent branch of the Reading Railroad ystem, the fame of which extends rom the eastern coast to the placid waters of the Sun-down seas? Everybody who travels-and everybody trav els nowadays-is familiar with the unique renown of the "flyers" that run on this celebrated line, and I cannot forbear quoting from the Atlantic City correspondent of the Philadelphia Evening Star this account of a remark-

ably quick run; Very Fast Railroading. "The people reaching here on Saturday last on the 2 o'clock p. m. Reading train have it to say that they trayeled the entire distance at a rate of a mile in less than a minute. By reason of the ice blockade in the Delaware the train left twenty-two minutes late and yet, including stops at Hammon ton, Egg Harbor and Pleasantville, it pulled up to the depot here only one and one-half minutes behind time. In other words, twenty and one-half minutes had been made up in the fifty-five and one-half miles, which distance, in clusive of the three stops, was covutes. Certainly five minutes at least were consumed in the slowing up, stopping and getting off again at three sta tions, so that the actual running time was more than a mile a minute. This is a remarkable record for the distance, and is probably the fastest rate of trav eling ever accomplished across Jersey. But the Star man is in error in set ting this down as a "record breaker." the same fifty-five and one-half miles having been covered at least once in fifty-two minutes. On the Reading's straight smooth track a speed of a mile a minute is not deemed notably rapid, and a mile in less than fifty seconds it no uncommon achievement. The elegant train equipment of the "Royal Reading route," not less than the phe nomenally quick time, attracts to it a very large preponderance of the travel, and I am informed that through tickets to Atlantic City are now sold almost everywhere along the lines of the Reading, and also on those of its connections, such as the Baltimore and Ohio, Lehigh Valley, New Jersey Central, Beech Creek, Fall Brook and other

Eurdock Blood Bitters never fails to ture all impurities of the blood, from a common pimple to the worst scrofula sore.

TO OUR PATRONS:

Washburn-Crosby Co. wish to assure their many pate rons that they will this year hold to their usual custom of milling STRICTLY OLD WHEAT until the new crop is fully cured. New wheat is now upon the market, and owing to the excessively dry weather many millers are of the opinion that it is already cured, and in proper condition for milling. Washburn-Crosby Co. will take no risks, and will allow the new wheat fully three months to mature before grinding.

This careful attention to every detail of milling has

MEGARGEL & CONNELL

placed Washburn-Crosby Co.'s flour far above other

Wholesale Agents.
