Police at Variance. B. F. Wakeman, who with Riley Edwards and "Mike" Duffy, was arrested Saturday night for complicity in the dice throwing establishment, at 116 Franklin avenue, denied, yesterday, to a Tribune reporter many of the charges presented against the place.

It will be remembered that the raid on the place, which is apparently a thriving cigar store, was based upon information made by Frank Cobb, the horseman, who claimed to have lost \$47 in a "sure thing" game. It was claimed by the police that the space used for dice throwing was connected by electrical wires and apparatus with a battery in the cellar and that the dice, which were magnetized, could be made to come "sixes" or "aces" at the will of the operator.

Wakeman denied yesterday that such

The reporter was informed by police officials that notwithstanding Wakeman's statement, electricity was used in controling the movements of the dice and that scores of the unwary had been relieved of various sums in playing the game. In this connection Wakeman denies that the place is anything but the cigar store it pretends to be and says he proposes to replevin his table, shelf and electrical fixtures now in possession of the police.

In Sunday's police court Wakeman Edwards and Duffy waived a hearing and furnished \$500 ball each to appear at the June session of court.

Tonight a committee of thirty-five will meet in the Young Men's Christian Association building and adopt a plan Tribune. The total sum received amounts to \$261,12, including several recent subscriptions which will be acknowledged by The Tribune tomorrow

The contemplated method of proce ure has not been announced in detail but the members composing the committee are ardent workers, and, en couraged by the neucles of \$261,12 at ready established, propose to push the work until the effort is crowned by a goodly sum. The Association building on Wyoming avenue will have to be renovated, altered and refurnished from top to bottom. Such a work, I is expected, will cost a great deal of money. But the improvements have to be made and the money has to be obtained. The facts are plain, and, it the personnel of the committee is any criterion, the work will be brought to a successful issue.
