In the account in yesterday's Tribune of the burning of the bottling establishment of J. Keltz, and adjoining buildings, the disabling of the steamer, R. W. Ham, was referred to. The accident was caused by the breaking off of one of the cogs on a gear wheel. The broken cog dropped down between the two gear wheels causing them to spring apart and break a spring in the cam of the cylinder of the rotary pump.

His allowed the steam to blow through the escape valves of the cylinder into the smoke stack, disabling the engine. The accident was not the fault of

Spring Medicine

At this season, more emphatically than at any other, we should build for the future.

When Nature gives vitality to field and wood, there should be the harmony of renewed life and energy in our physical systems.

But, on the contrary, we find ourselves weak, dull, tired. This is because in the winter we have been housed-up in poorly ventilated offices, homes and shops, our blood has become thin and impure, and is unequal to the demand of the body for more life, more vigor, more energy, more strength.

Nature imperatively cries for help! Where is it to be found? Logically enough, in a good Spring Medicine, like Hood's Sarsaparilla, the great blood purifier.

This preparation has proven in many years of test that it supplies the demand as nothing else can.

So easy to take and so readily assimilated, the purifying, vitalizing and enriching elements of Hood's Sarsaparilla--combined from nature's own storehouse of vegetable remedies for human ills, pass into the stomach and are then silently but certainly taken up by the blood and sent to every organ and tissue of the body.

The effect is often magical. The weakness is soon driven off, that tired feeling disappears, the nerves are built up, the stomach resumes its tasks even greedily, the appetite becomes as "sharp as a whetstone," and the whole man feel "as made anew."

The wonderful cures of Scrofula, Salt Rheum, and other dreadful diseases prove the great curative, blood purifying powers of Hood's Sarsaparilla.

You undoubtedly need a good Spring Medicine. Take Hood's Sarsaparilla, the great blood purifier.

Hood's Sarsaparilla

The statements in the testimonial below are familiar facts to the immediate friends of Mr. Geo. A. Zirkle, school teacher, of Mt. Horeb, Tenn., very well known throughout the county, where he was born and has always lived. It illustrates the wonderful power of Hood's Sarsaparilla over all diseases of the blood. Read it: "I believe in Hood's Sarsaparilla. I will tell you why. I have suffered from inherited scrofula from childhood. When 37 years of age my eyes became

Strangely Affected. I could not read after sunset, and when I would close my eyes I could not open them; but on whichever side I lay on that side I could open my eye. This condition continued about two years, and was succeeded by an intolerable itching all over my body and limbs. I had to have my little boys take shoe brushes and scratch me. It was dreadful. It continued a month and was followed immediately by a tumor in the right side of my neck as large as a small egg. I took physicians' prescriptions till I lost hope. In the meantime the tumor changed its place to the immediate front of my neck, suppurated

and was followed by others, till six had formed and broken. "Finally, three years ago, another large tumor seated itself on the point of my collar bone and in six months another half way back on the bone. Both of them began to discharge and continued to do so till about seven months ago. I tried everything, including prescriptions. I was often so weak that I could scarcely walk and my mind was so confused that I could scarcely attend to my business (school teaching). I was utterly discouraged. And now my story draws to a close. I began the use of Hood's Sarsaparilla a little less than a year ago, and took five bottles. When I began I had no faith in it. In less than 3 months

Both the Sores on my shoulder were healed; I was cured of a troublesome catarrh; and scrofulous habit has steadily grown less apparent. I weigh more than I ever did in my life and am in the best of health considering my constitution. Do you wonder that I believe in Hood's Sarsaparilla? I can do no less than recommend it everywhere." GEO. A. ZIRKLE, Mt. Horeb, Tenn.

"We have used Hood's Sarsaparilla for our little boy, who had a running sore on one of his limbs. He had suffered from it for one and a half years. He took seven bottles of Hood's Sarsaparilla and the sore is all healed and he is now well. Hood's Sarsaparilla cleansed his blood and cured him." E. B. JOHNSON, Bridge-water, Iowa.

Scrofula Eradicated. "I am a great sufferer with blood trouble. I have taken several bottles of Hood's Sarsaparilla and find it the best medicine I ever saw for scrofula humors and blood poison. It strengthens the system and drives away that tired feeling. No one knows the good Hood Sarsaparilla will do until it has been faithfully tried." LAURA M. LAWTON, Spragueville, New York.

Sores On Neck and Arms. "Last spring I had sores come on my neck and arms, owing to bad blood and a run down system. My physician told me to get Hood's Sarsaparilla and take it to purify my blood. After taking three bottles I was cured. It is an excellent spring medicine." MRS. ANNA DIZZLE, New Danville, Pennsylvania.

negligence or anything else, simply a breakdown that may happen at any time. "The A. M. Robinson, which was brought into action after the accident at the P. W. Plant, worked all right. The second delay was caused by the bursting of the hose. Mr. Keltz estimates his loss at \$4,000. Insurance \$1,000. A. Hartung carried an insurance on his barn of \$750.
